ADMINISTRATIVE CODE: PROPOSED RULE REVISION – CCH INSTRUCTOR RESPONSIBILITIES

On behalf of the CJ Standards Division, Deputy Director Michelle Schilling appeared and presented before the Committee the proposed rule change to the Concealed Carry Handgun Training 12 NCAC 09F .0105 - Instructor Responsibilities. The request would require a rule change for the following rule:

➢ 12 NCAC 09F .0105 – Instructor Responsibilities

A CCH Instructor requested the remaining certificates he purchased be transferred to another instructor before he retired. His certification will be surrendered, and all remaining certificates will be transferred to another certified CCH instructor with the Division’s approval.

Commissioner Steve Johnson proposed language added to section 9, (a) to say “the student fires a minimum of” 30 rounds of ammunition at a bull’s eye or silhouette target from three, five, and seven yards distances.” He also suggested language for (b) “at each yard distance the student shall fire a minimum of (ten) 10 rounds”, and language added to (c) change “21 of the 30 rounds fired” to say “70% of rounds fired by the student must hit the scoring area of the target”.

The Committee approved the recommendations as presented; Commissioner Lee Farnsworth proposed a motion that the Commission authorizes the Planning and Standards Committee to conduct a rule-making hearing to amend the rule, 12 NCAC 09F .0105 – Instructor Responsibilities to read as follows:

➢ New Paragraph 5 shall read as follows:

“if a Concealed Carry Handgun Instructor relinquishes his or her certification and wants to transfer his or her assigned participants' certificates, to another concealed Carry Handgun instructor a written request shall be submitted to the Criminal Justice Standards Division Director for approval. The written request shall include the following:
a. instructor name and identification number:
b. name of business;
c. phone number and email address;
d. recipient instructor name, identification number;
e. business name;
f. phone number, email address, and
g. list of the assigned certificate numbers for participants to be transferred.”

- Renumber current paragraphs “5-8” to reflect the numbers “6-9.”
- New Paragraph 9 shall read as follows:

ADMINISTRATIVE CODE: PROPOSED RULE REVISION – CCH TOPICAL AREAS

On behalf of the CJ Standards Division, Deputy Director Michelle Schilling presented the proposed rule change to the Concealed Carry Handgun Training 12 NCAC 09F .0102 -Topical Areas. The request would require a rule change for the following rule:

- 12 NCAC 09F .0102 – Topical Areas

Michelle Schilling requested additional language changes to the rule to clarify seven of the nine requirements for topical areas. Commissioner Steve Johnson shared the clarification was needed due to language adopted in 1995 and then changed in 2004. The suggested language ensured and will require an instructor with the responsibility to demonstrate how to draw a weapon for a variety of holsters and how to load and unload revolvers and semi-automatics. An instructor will now show these requirements.

The committee approved the recommendation as presented. Commissioner Nathan Mizell proposed a motion that the Commission authorizes the Planning and Standards Committee to conduct a rule-making hearing to amend the rule 12 NCAC 09F .0102 – Topical Areas to read as follows:

“The course entitled "Concealed Carry Handgun Training" shall consist of eight hours of instruction and shall include the following identified topical areas:

(1) Legal Issues (two hours): The student shall be able to explain the following:
   (a) the types of situations in which the use of deadly physical force would be justified;
   (b) list the areas where the carrying of a concealed handgun is prohibited;
   (c) the requirements for handgun storage under G.S. 14-315.1; and
   (d) the laws governing the carrying of a concealed handgun. The instructor
shall determine the student’s level of understanding of the relevant legal
issues by administering a written examination.

(2) Handgun Nomenclature: The instructor shall identify to the students the primary
parts of the revolver and semiautomatic handgun.

(3) Handgun Safety: The students shall be able to:
   (a) list at least four rules of safe gun handling and demonstrate all of these
       procedures during range exercises;
   (b) list four methods of safely storing a handgun and choose the method
       most appropriate for their personal use;
   (c) describe safety issues relating to the safe carry of a handgun; and
   (d) determine the proper storage of their handguns when there are minors in
       the home.

       handgun.

(5) Marksmanship Fundamentals: The student shall be able to:
   (a) demonstrate a proper handgun grip;
   (b) demonstrate either the Weaver or Isosceles Stance;
   (c) describe the elements of sight alignment and sight picture; and
   (d) demonstrate trigger control in a dry fire exercise.

(6) Presentation Techniques: The instructor shall demonstrate to the student the
draw or presentation of the revolver and semiautomatic handgun with a variety of
holster types.

(7) Cleaning and Maintenance: The instructor shall demonstrate to the student:
   (a) how to "field strip" the handgun if the handgun can be field stripped;
   (b) how to perform a "Function Check" on the revolver and semiautomatic
       handgun; and
   (c) based on the manufacturer’s recommendations, list the lubrication points
       of their specific handguns.

(8) Ammunition: The students shall be able to list the four components of handgun
ammunition.

(9) Proficiency Drills: The students shall be able to:

   (c) during range exercises, demonstrate the ability to fire a handgun from
       various distances; and
   (d) during range exercises, achieve a passing score on a proficiency test
       administered by the instructor as prescribed in Rule .0105 of this
       Section.”

With a second from Commissioner Lee Farnsworth, motion carried.

ADMINISTRATIVE CODE: PROPOSED RULE REVISION – GENERAL INSTRUCTOR
CERTIFICATON

On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling
presented the proposed rule change to the General Instructor Training 12 NCAC 09B .0303 -
Terms and Conditions of General Instructor Certification. The request would require a rule change for the following rule:

- 12 NCAC 09B .0303 – Terms and Conditions of General Instructor Certification

The request was made to allow probationary instructors the same privilege as done for specialized instructors: to allow the Director to grant a one (1) time waiver up to twelve (12) months for the completion of the eight (8) hours of minimum instructional time for probationary general instructors with certain medical situations. General instructors will not need a change since their one (1) hour renewal course is completed online.

Commissioner Steve Johnson requested that the Training and Standards Division ensured their policy and guidelines determine the parameters for such an extension and are defensible and clear if additional requests are later made.

The Committee approved the recommendation as presented. Commissioner Kenneth Mullen proposed a motion that the Commission authorizes the Planning and Standards Committee to conduct a rule-making hearing to amend the rule 12 NCAC 09B .0303 – Terms and Conditions of General Instructor Certification to read as follows:

- New Paragraph “c” shall read as follows:
  
  “Probationary Instructors for just cause, may be granted an extension of the one year to teach the 8-hour minimum requirement. The Director may grant such extensions on a one-time basis only not to exceed 12 months. For purposes of this Rule, just cause means accident, illness. Emergency, course cancellation, or other exceptional circumstances which precluded the instructor from fulfilling the teaching requirement.”

- Change the current paragraph lettering “c-g” to reflect the letters “d-h.”

With a second from Commissioner Chris Blue, motion carried.

ADMINISTRATIVE CODE: PROPOSED RULE REVISION – GENERAL INSTRUCTOR CERTIFICATION (OUT-OF-STATE)

On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling presented the proposed rule change regarding General Instructor Training for out of state instructors 12 NCAC 09B .0302 - General Instructor Certification. The request would require a rule change for the following rule:

- 12 NCAC 09B .0302 – General Instructor Certification

A retired law enforcement instructor from the Federal Law Enforcement Training Center in Glynco, Georgia requested to continue his General Instructor certification in NC. He has been a Law Enforcement Instructor since 2002, and he is prepared to retire and move to NC. Michelle Schilling advised a review was made to the model that FLETC uses to train their instructors, and their ISD model meets North Carolina’s code requirements. The out of state instructor lacks the 60-day requirement and would have had to apply to North Carolina in 2002 for his certification. He would still be required to take NC’s state exam and apply as a general instructor.
Committee members discussed detailed issues covering out of state general instructors certification and the 60-day rule. Michelle Schilling assured if the instructor presented the proper documentation and certification, passed the state test and exam, and had completed an equivalent ISD curriculum, the removed language on the 30-60 day window would not cause future problems. She requested the removal of the 60-day language and submitted proposed language added to the rule.

The Committee approved the recommendation as presented. Commissioner David Rose proposed a **motion** that Commission authorizes the Planning and Standards Committee to conduct a rule-making hearing to amend the rule, **12 NCAC 09B .0302 – General Instructor Certification** to read as follows:

- **Language in paragraph “b” shall be modified to read as follows:**
  
  “Applications for General Instructor Certification shall be submitted to the Standards Division within 60 days of the date the applicant passed the state comprehensive examination administered at the conclusion of the Commission-accredited instructor training program.”

- **Language in current paragraphs “c” and “d” shall be deleted.**

- **New Paragraph “c” shall read as follows:**
  
  “Persons having completed a Commission-accredited training course and not having made application within 60 days of completion of the course shall complete a subsequent Commission-accredited instructor training course in its entirety.”

- **New paragraph “d” shall read as follows:**
  
  “Persons having completed an equivalent instructor training course using the Instructional Systems Design model, or an international model with applications in education, military training, and private enterprise, and are current instructors in good standing, are eligible to apply for General Instructor certification upon achieving a passing score on the comprehensive written examination administered by the Commission, as required by Rule .0413(d) of this Subchapter.”

With a **second** from Commissioner Kenneth Mullen, **motion carried.**

**COMMITTEE ACTION**

**NC ASSOCIATION OF CHIEFS OF POLICE**

On behalf of the NC Association of Chiefs of Police and Commission Chairman Bill Hollingsed, Director Trevor Allen, North Carolina Justice Academy, appeared before the Committee and requested pilot authority to the Association to allow credit for the topic “Dangerous Crossroads.” This course would be presented at the 2019 NCACP Winter Conference in January by Scott MacLathcie, a Professional Lecturer in Law and certified by the Commission. Once pilot authority is granted, any officer who completed the 2 hours of training at the conference and passes the corresponding written exam would receive two (2) hours of ‘topic of choice’ credit toward the 2019 Mandated In-Service Training requirement pursuant to **12 NCAC 09E .0105**.
Commissioner David Rose proposed a motion; Commissioner Chris Blue seconded the motion, motion carried.

(Commissioner Stephanie Freeman suggested BLET and DPS present the major and minor changes curriculum together for an easier presentation.)

**2018 General Instructor Certification Update**

On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling provided an update on the number on General Instructor completions for the required one-hour online renewal training for the 2018 training year.

General Instructors are required to complete their 1-hour online renewal course by December 31, 2018. There are currently 7,322 active instructors for 2018 who were notified and reminded by email to renew their certifications online. As of November 25, 2018, 1,061 instructors have not taken the renewal course. Michelle Schilling shared that school directors have ensured their instructors renew and have established renewed contracts with valid certifications. Julie Parrish with the Department of Adult Corrections assisted to ensure their instructors completed the required training and Jeff Zimmerman provided weekly updates from the Justice Academy on instructors who completed the online training. A current list on all General Instructors is available online and indicates those who have renewed and names highlighted for those who have not. The list is located under the instructor box under In-Service and is updated weekly. Commissioner Nathan Mizell shared the list is also located under forms.

Michelle Schilling emphasized if the renewal course is not completed by December 31st, an instructor’s certification will expire.

Commissioner Tracy McPherson will remind their school directors the training portal is open 24/27 and if an instructor fails to renew by December 31, 2018, they will not be compliant to teach the next year.

**Topical Tests and Performance Skills Deficiencies**
On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling provided a brief overview and sought clarification on rule 12 NCAC 09B .0405 – Completion of Basic Law Enforcement Training Course, specifically as it is related to topical tests and performance skills deficiencies.

Michelle Schilling discussed the confusion among school director’s interpretation to rule 12 NCAC 09B .0405. They have handled deficiencies differently based on their interpretation. She requested the Committee’s guidance to the interpretation, whether performance skills should be included as a topical area or kept separate and if language should be added to clarify the rule to reduce the confusion. She shared after speaking with CJSD staff, their interpretation of the rule were these are separate areas.

According to rule 12 NCAC 09B .405 B, “the trainee shall demonstrate proficiency in the school's cognitive topical area test by achieving a minimum score of 70 percent”, that was the block unit tests that the community colleges administer, “and shall demonstrate proficiency in the motor skills and performance subjects.”

The item was held for further discussion once materials were copied and shared.

Virtual Training

On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling provided a brief overview and sought clarification on rule 12 NCAC 09B .0405 – Completion of Basic Law Enforcement Training Course, specifically as it is related to student attendance via virtual training as an option to prevent an absence.

A school director requested the ability for virtual instruction to allow a student under medical care to continue class attendance. Michelle Schilling shared the request before the School Director’s Advisory Committee and the BLET Revision Committee and had in-depth discussions. It was shared the rule state “the student shall attend all sessions,” it does not say they have to be physically present for the class. Both rules .0404 and .0 405 state under section A, “each trainee shall attend and satisfactorily complete.” She asked for the Committee’s guidance whether rule-making authority was necessary to add the word “physical” to the language or to consider virtual training.

Committee members shared several concerns regarding the burden placed on the school director’s to decide the requirements and what medical excuses allowed if virtual training was considered. There were many challenges acknowledge to determine a comprehensive list of allowable excuses and concern whether a student would be attentive in class if they had the flu. Additional concerns were discussed on virtual training and its impact on the academic process, a student’s social skills and the need and importance of basic skills training.

Commissioner Lee Farnsworth suggested the issue tabled until further investigation and research was conducted. He requested recommendations made from the BLET Revision Committee, the School Director’s Advisory Committee and other’s involved for substantial input before a decision was made by the Committee.

Commissioner Stephanie Freeman reminded that Committee that Planning and Standards request specific language for rule reviews. She agreed that further research should be
conducted on virtual training and suggested research on virtual training uses, the type of technology used, colleges' and law enforcement agencies' access to technology.

Commissioner Kenneth Mullen shared the issues he has experienced with technology and suggested specific guidelines can be established for a late class drop.

Commissioner Tracey McPherson shared in some cases remediation can be administered.

Major Shane Manuel shared the 5% can be adjusted to meet the needs of sick students who cannot attend class.

Michelle Schilling shared that several school directors advised they are not equipped for virtual technology. The request was withdrawn, and further research will be conducted to determine a way to accomplish this task to meet the request of the commission, law enforcement, and community. She will return with additional information, consideration for the 5%, and further research on virtual training.

The Committee agreed to hold this item and for the Training and Standards Division to further research and return to the February 2019 meeting with a recommendation.

*Topical Tests and Performance Skills Deficiencies discussion was continued.*

Further discussion included reasons for the school director’s interpretation and the practical implications for a deficiency.

Commissioner Stephanie Freeman read from the course management guide the portion dealing with deficiencies. “A trainee is allowed to accumulate up to one (1) but not more than two (2) deficiencies, academy rules may be more restrictive during a course delivery. A deficiency is established after the failure of the initial test remediation and subsequent failure of a retest on the same topic. Trainees must be advised when they have an existing deficiencies under commission rules. When a trainee accumulates a third topical area deficiency, he or she must be immediately dismissed from the course and must be required to complete a subsequent delivery of BLET in its entirety. If a student has one but not more than two (2) existing deficiencies at the conclusion of the course he or she cannot take the comprehensive examination and must make up the identified deficiency in a subsequent course offering.” An example was shared from the course management guide. Student John Doe does not pass the law enforcement driver training topic test, after remediation he fails the retest, he now has one (1) deficiency. John Doe does not successfully qualify with his firearm after remediation and retest; he now has two (2) deficiencies. John Doe does not pass the crime prevention topic test and fails the retest after remediation, he now has three (3) deficiencies and must be dismissed from the course and cannot enroll as a limited enrollee in a subsequent delivery. John Doe must start BLET over in its entirety. He has two (2) psychomotor skills based deficiencies and one cognitive deficiency, and that makes it three (3).

Commissioner Steve Johnson suggested the language be clarified in lesson plans stating the requirement to pass the motor skills and written comprehensive test was written for firearms, driving and defensive tactics training. Further discussion was made on what constitutes a deficiency based upon the contents in the blocks of instruction.
Michelle Schilling advised she will return with a draft rule in February with specific language to clarify the rule. Trevor Allen requested Jennifer Fisher’s assistance be included to ensure language consistency.

The Training and Standards would further research the issue and return to the February 2019 meeting with a recommended course of action.

2018-2019 School Director’s Conference Update

On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling provided a brief overview of the recent School Directors’ Conference held at the Crowne Plaza Resort in Asheville on August 20-22, 2018. She also provided a status report on the planning process for the 2019 School Directors’ Conference scheduled for August 27-29, 2019 in Greensboro.

The 2019 School Director’s Conference will be held at the Embassy Suites in Greensboro (located off I-40) on August 27-29, 2019. This location will fit the increasing size of the growing conference and provide space for several breakout sessions requested by the School Director Advisory Committee. The decision was made for next year’s conference to include additional break-out sessions for corrections and the community college, as well as more to be announced later. Next year’s conference dates will not affect BLET, and a draft agenda will be distributed to the School Director’s Advisory Committee for consideration before being distributed to individuals.

ADDITIONAL BUSINESS

Specialized Instructor Certification Expiration Date

On behalf of the Criminal Justice Standards Division, Deputy Director Michelle Schilling provided a brief overview and requested guidance referring to rules 12 NCAC 09B .0305 - Terms and Conditions of Specialized Instructor Certification and 12 NCAC 09B .0202 - Responsibilities of the School Director. She shared the process Training and Standards used for issuance of specialized instructor certifications and the solution chosen.

Considerable discussion was addressed at the School Director’s Conference in August regarding instructors having multiple specialized certifications with different expiration dates. Instructors with specialized certifications can instruct up to 36 months within each area of specialty. Concern was shared for the potential management issues school directors will have to manage multiple expiration dates on instructors.

The current rule requires an instructor to complete 12 hours of instruction within 36 months of obtaining a specialized instructor certification. The majority of instructors complete their 12 hours of instruction within (six) 6 months of obtaining their certification. After careful review of the general instructor files for 2018, Michelle Schilling determined from the 7,320 general instructors, only 3,531 were specialized, and only 39 instructors had multiple expiration dates. She shared a plan will be in place that will not create additional work on the school directors and was received well by instructors.

School Director, Thomas Forest thanked Michelle Schilling for finding a solution within the rule. She thanked Mr. Forest for his shared thoughts and concern.
Commissioner Stephanie Freeman thanked Michelle Schilling for her diligence for finding a solution to the concern shared by Thomas Forest, Nathan Mizell, and the Training Officer’s Association. At this time no rule change was needed.

**OTHER BUSINESS**

Mr. Bill DuBois with the NC Justice Academy asked the committee to allow developers to receive in-service credit for their developed lesson plans. He shared the names of developers appear on the academic checklist, therefore auditors know who wrote the material.

With no further business, Commissioner Chris Blue motioned to adjourn; Commissioner Steve Johnson seconded the motion.

The meeting adjourned at 3:13 pm.
