

ARE YOU A LATERAL TRANSFER?

Did you hold General or Grandfather Certification as a Law Enforcement Officer or Deputy Sheriff in NC?	YES
Have you been out of service for less than 1year?	YES
If you answered Yes for both questions, then you are a Lateral Transfer.	If you held Grandfather Certification, then your certification will transfer with no additional training. If you held General Certification, you will be credited for the BLET, but may have to complete remedial training in some areas depending on when you went through that course. If remedial training is required, you are allowed a one-year period in which to complete that training.
