SCHEDULE 2.5(b)

Consents - Governmental

PART I

- 1. **Federal Controlled Substance Registration Certificate**. Seller shall provide notice to the U.S. Department of Justice Drug Enforcement Administration of the transaction no later than 14 days prior to the Effective Date. Buyer must submit a new application to the U.S. Department of Justice Drug Enforcement Administration as soon as practicable prior to the Effective Date of the Transaction.
- 2. **Home Care Agency License**. Seller must provide written notice via email or regular mail (Division of Health Service Regulation, 2712 Mail Service Center, Raleigh, NC 27699-2712) to the North Carolina Division of Health Service Regulation, Acute and Home Care Licensure and Certification Section 30 days prior to the Effective Date. Notice must include the name of the agency and the home care agency license number.
- 3. **Florida Medicaid Participation Agreement**. Seller must submit notice to the Florida Agency for Health Care Administration in writing at least 60 days prior to the Effective Date, including in the notification the anticipated effective date of the change of ownership. This notice may via email (for the hospitals) or uploaded via the online portal (for all other provider types). Buyer must submit an enrollment application no later than 60 days prior to the Effective Date.
- 4. **North Carolina Medicaid Participation Agreement**. Seller must submit notice of the change of ownership to the North Carolina Department of Health and Human Services in writing at least 30 days prior to the Effective Date.
- 5. Radioactive Materials License Notification and Consent. Seller must request and receive approval from the North Carolina Department of Health and Human Services Division of Health Service Regulation, Radiation Protection Section prior to the transfer of any radioactive materials license.
- 6. **North Carolina Notice of Registration for X-Ray Units**. Seller must notify the North Carolina Department of Health and Human Services Division of Health Service Regulation, Radiation Protection Section prior to the transfer of any registered radiation machine.
- Federal Communications Commission Notification and Consent. Seller and Buyer must notify the Federal Communications Commission regarding the transaction and receive consent prior to the Effective Date for the transfer of Call Signs WPG1387, KA47954, KKY651, KNDS620, KWD477, KYU489, WNXD631, WNYL223, WPBD933, WPDQ531, WPFZ358, WPIE673 and WPLQ938 registered to New Hanover Regional Medical Center (FRN 000195346).
- 8. **North Carolina Certificate of Need**. Seller and Buyer must notify the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section regarding the transfer of ownership and confirm the transaction is exempt from Certificate of Need review.

- 9. **The Joint Commission Accreditation**. Seller and Buyer must notify The Joint Commission of the transaction no later than 30 days prior to the Effective Date.
- 10. **North Carolina Ambulatory Surgical Facility License**. Seller must provider notice of the transaction to the North Carolina Department of Health and Human Services no later than 30 days prior to the Effective Date of the Transaction.
- 11. **DNV Healthcare, Inc. Accreditation**. Seller and Buyer must notify DNV Healthcare, Inc. regarding the transaction no later than 30 days prior to the Effective Date.
- 12. **North Carolina Hospital Licenses**. Seller must provide notice of the transaction to the North Carolina Department of Health and Human Services no later than 30 days prior to the Effective Date of the Transaction.
- 13. **North Carolina Controlled Substance Registration Certificate**. Buyer must submit a new application to the North Carolina Department of Health and Human Services no later than 60 days prior to the Effective Date of the Transaction.
- 14. **Federal Controlled Substance Registration Certificate**. Buyer must submit a new application to the U.S. Department of Justice Drug Enforcement Administration as soon as practicable prior to the Effective Date of the Transaction.
- 15. **Pharmacy Permit**. Buyer, as applicant, must submit a Transfer of Ownership Application to the North Carolina Board of Pharmacy no later than six weeks prior to the Effective Date of the Transaction.
- 16. **College of American Pathologists Accreditation**. Seller must provide verbal notice of transaction to College of American Pathologists no later than 30 days prior to the transaction and update organization's online profile through the College of American Pathologists on the Effective Date.
- 17. **North Carolina Attorney General**. Notice to the North Carolina Attorney General 30 days prior to closing pursuant to N.C. Gen. Stat. 55A-12-02(g).

Independent Auditor's Report

Board of Trustees New Hanover Regional Medical Center

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component units and the fiduciary fund information of New Hanover Regional Medical Center (NHRMC), a component unit of New Hanover County, North Carolina, as of and for the years ended September 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise NHRMC's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of Lower Cape Fear Hospice, Incorporated, which is a discretely presented component unit, and which comprises 55% and 54% of the assets, 60% and 58% of the net position and 13% and 13% of the revenues of the aggregate discretely presented component units as of and for the years ended September 30, 2018 and 2017, respectively. Those financial statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Lower Cape Fear Hospice, Incorporated, is based solely on the report of the other auditor. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The fiduciary fund information and the financial statements of Carolina Healthcare Associates, Inc.; Pender Memorial Hospital, Incorporated; Physician Quality Partners, LLC; and Lower Cape Fear Hospice, Incorporated, the aggregate discretely presented component units; and New Hanover Regional Medical Center Foundation, Inc., a blended component unit, were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audits and the reports of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units and the fiduciary fund information of New Hanover Regional Medical Center as of September 30, 2018 and 2017, and the respective changes in financial position and cash flows, thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5-10, the Pension Plan of NHRMC's Changes in Net Pension Liability and Related Ratios and Schedule of Contributions on pages 74-75, and the Pension Plan of PMH's Changes in Net Pension Liability and Related Ratios and Schedule of Contributions on pages 76-77 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise NHRMC's basic financial statements. The supplementary information listed in the contents under supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the contents under supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audits, the procedures performed as described above, and the reports of the other auditor, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our reports dated December 10, 2018 and December 8, 2017, on our consideration of NHRMC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. These reports are an integral part of audits performed in accordance with *Government Auditing Standards* in considering NHRMC's internal control over financial reporting and compliance.

Wilmington, North Carolina December 10, 2018 (This Page Was Intentionally Left Blank)

Management's Discussion and Analysis For the Fiscal Years Ended September 30, 2018 and 2017

Management's discussion and analysis of New Hanover Regional Medical Center's (NHRMC) financial performance provides an overview of the Medical Center's activities for the fiscal years ended September 30, 2018 and 2017. Except as otherwise noted, the financial highlights in this analysis refer exclusively to New Hanover Regional Medical Center and its blended component unit (NHRMC).

FINANCIAL HIGHLIGHTS

For the year ended September 30, 2018

NHRMC's net position increased over the prior year by \$79.8 million (9.1%).

NHRMC reported operating income of \$82.0 million or \$4.3 million less than prior year.

Total non-operating activity resulted in net expenses of \$0.9 million representing a net revenue decrease of \$29.4 million over the prior year's net non-operating revenue of \$28.5 million.

For the year ended September 30, 2017

NHRMC's net position increased over the prior year by \$98.0 million (12.5%).

NHRMC reported operating income of \$86.3 million or \$19.1 million more than prior year.

Total non-operating activity resulted in net revenues of \$28.5 million, representing a net revenue increase of \$16.6 million over the prior year's net non-operating revenue of \$11.8 million.

SUMMARY OF NEW HANOVER REGIONAL MEDICAL CENTER

The reporting entity includes New Hanover Regional Medical Center, as well as New Hanover Regional Medical Center Foundation, Inc., blended component unit (collectively, NHRMC), Carolina Healthcare Associates, Inc. (CHA), The Pension Plan of New Hanover Regional Medical Center, Pender Memorial Hospital, Incorporated (PMH), Physician Quality Partners, LLC (PQP) and Lower Cape Fear Hospice, Incorporated (LCFH). CHA, PQP, PMH and LCFH are discretely presented component units. The reporting entity's business activities are presented in the Audited Financial Statements as Totals (Memorandum Only).

USING THIS ANNUAL REPORT

The Annual Financial Report includes the basic financial statements and notes to the financial statements. In using the statements, please refer to Note 1 of the basic financial statements for additional information regarding the definition of the reporting entity, blended component units and discretely presented component units.

The financial statements report information about NHRMC using full accrual accounting methods as utilized by similar business activities in the private sector. The financial statements include a statement of net position; a statement of revenues, expenses and changes in net position; a statement of cash flows; fiduciary fund information; and notes to the financial statements. The statements of net position presents the financial position of NHRMC on a full accrual, historical cost basis. While the statements of net position provides information about the nature and amount of resources and obligations at year-end, the statement of revenues, expenses and changes in net position presents the results of the business activities over the course of the fiscal year and information as to how net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

The statements of cash flows presents changes in cash and cash equivalents, resulting from operational, financing and investing activities. This statement presents cash receipts and cash disbursements information, without consideration of the earnings event, when an obligation arises, or the depreciation of capital assets.

Fiduciary fund information is included as a result of NHRMC's fiduciary responsibility for a defined benefit plan it sponsors.

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of the material data provided in the financial statements. The notes present information about NHRMC's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any. Supplementary information presents the financial data of each entity blended to form NHRMC as reported in the financial statements, as well as the financial data for each of the discretely presented component units. The activity of the blended component unit is not considered to be materially significant as compared to the activity of NHRMC (the Primary Government).

The financial statements were prepared by NHRMC's staff from the detailed books and records of NHRMC.

Net position, ending	\$	961,136	\$	881,359	\$	783,364	

For the year ended September 30, 2018

Total operating revenue increased \$67.0 million (6.9%). The increase in operating revenue is largely due to increased utilization of both inpatient and outpatient services, and a 5.0% charge rate increase.

Total operating expenses increased \$71.3 million (8.0%). The increased utilization of services as described above contributed to the increase in operating expense. Costs for medical supplies and purchased services rose above the rate of increase in revenues, while costs for personnel, professional fees, depreciation, and other expenses rose at a rate below revenue growth. Increases in medical supplies expenses were due to technological advancements designed to improve patient outcomes and increased utilization. Purchased services costs increased as a result of increases in funding provided to component units. Personnel costs increased as a result of higher wages due to market pressures combined with increases in the Hospital's benefit costs. NHRMC continues to ensure that wage and benefit costs remain competitive while managing productivity through staffing targets along with increased focus on employee health and wellness. These activities continue to ensure personnel costs trend in line with revenue growth. Professional fees increased due to increased physician fees.

Operating income reflects income earned from operations before consideration of any interest income from investments, interest expense or other non-operating income. Operating income decreased approximately \$4.3 million due to the impact of Hurricane Florence (Note 16). Revenues were significantly below management forecasts for the month of September 2018 resulting from cancellations and closures.

Income before capital contributions and transfers decreased \$33.7 million reflecting income from operations along with interest earned on investments, increases and decreases in the fair value of investments, interest expense, and other non-operating items. Nonoperating revenues decreased primarily due to the impact of Hurricane Florence, including additional personnel costs, inventory write-offs, and associated expenses related to preparation and recovery efforts. This activity, when added to the decrease in operating income, accounted for the change from the prior year.

For the year ended September 30, 2017

Total operating revenue increased \$83.3 million (9.4%). The increase in operating revenue is largely due to increased utilization of both inpatient and outpatient services, and a 5.0% charge rate increase.

Total operating expenses increased \$64.2 million (7.8%). The increased utilization of services as described above contributed to the increase in operating expense. Costs for medical supplies, purchased services and other expenses rose above the rate of increase in revenues, while costs for personnel and depreciation rose at a rate below revenue growth, and professional fees decreased. Increases in medical supplies expenses were due to technological advancements designed to improve patient outcomes and increased utilization. Purchased services costs increased as a result of agreements to expand radiation oncology services. Personnel costs increased as a result of higher wages due to market pressures combined with increases in the Hospital's benefit costs. NHRMC continues to ensure that wage and benefit costs remain competitive while managing productivity through staffing targets along with increased focus on employee health and wellness. These activities continue to ensure personnel costs trend in line with revenue growth. Professional fees decreased from reduced consulting services.

Operating income reflects income earned from operations before consideration of any interest income from investments, interest expense or other non-operating income. Operating income increased approximately \$19.1 million as a result of increased patient volumes as well as implemented strategies to increase operational efficiency.

Income before capital contributions and transfers increased \$35.8 million reflecting income from operations along with any interest earned on investments, increases and decreases in the fair value of investments, interest expense, and other non-operating items. Nonoperating revenues increased primarily due to the increase in the fair value of investments. This activity, when added to the increase in operating income, accounted for the change from the prior year.

<u>September 30, 2018</u>
Total assets and deferred outflows of resources have increased by \$53.6 million over the past fiscal year end.

The decrease in current assets is primarily due to a decrease in cash equivalents held by bond paying agent, which is attributable to usage of bond funds for construction. Increases in noncurrent assets are the result of additional excess funds invested from operations and construction of capital assets with bond proceeds.

Total liabilities and deferred inflows of resources have decreased by \$26.2 million over the past fiscal year end. An increase in current liabilities resulted primarily from an increase in accounts payable and other liabilities. Long-term liabilities decreased as a result of scheduled debt payments.

Net position increased \$79.8 million during the past year reflecting the overall performance during the past fiscal year.

September 30, 2017

Total assets and deferred outflows of resources have increased by \$274.0 million over the past fiscal year end.

The increase in current assets is primarily due to an increase in cash equivalents held by bond paying agent, which is attributable to the issuance of bonds in 2017. Increases in noncurrent assets are the result of additional excess funds invested from operations along with interest earnings and unrealized gains/losses in the market value of NHRMC investments.

Total liabilities and deferred inflows of resources have increased by \$176.0 million over the past fiscal year end. An increase in current liabilities resulted primarily from an increase in accounts payable and other liabilities. Long-term liabilities increased as a result of the issuance of bonds in 2017.

Net position increased \$98.0 million during the past year reflecting the overall performance during the past fiscal year.

LONG-TERM DEBT DISCUSSION

For the year ended September 30, 2018

Long-term debt (noncurrent portion) is approximately \$383.6 million as of September 30, 2018, and includes Hospital Revenue Bonds issued in 2006, 2008, 2011, 2013 and 2017 as well as approximately \$2.0 million in interest rate swaps related to the 2008 series Revenue bonds.

NHRMC continues to make annual debt service and semi-annual interest payments on these bonds in compliance with bond documents. There have been no changes in the credit rating for New Hanover Regional Medical Center over the past year. Changes in long-term liabilities are summarized in Note 7 of the basic financial statements.

For the year ended September 30, 2017

Long-term debt (noncurrent portion) is approximately \$406.4 million as of September 30, 2017, and includes Hospital Revenue Bonds issued in 2006, 2008, 2011, 2013 and 2017, as well as approximately \$3.9 million in interest rate swaps related to the 2008 series Revenue bonds and \$2.0 million of a note payable to New Hanover County (see Note 8).

NHRMC continues to make annual debt service and semi-annual interest payments on these bonds in compliance with bond documents. There have been no changes in the credit rating for New Hanover Regional Medical Center over the past year. Changes in long-term liabilities are summarized in Note 7 of the basic financial statements.

CAPITAL ASSETS DISCUSSION

For the year ended September 30, 2018

NHRMC completed construction of a new five level parking deck and sky bridge with 720 parking spaces, and continued work on several other bond-funded capital projects (Note 8), including the construction and equipping of a new Orthopedic and Spine Hospital with three 36-bed patient floors on top of the existing Surgical Pavilion at the 17th St campus and expansion and renovation of the Intensive Care Unit to include refurbishing 40 existing ICU patient rooms and installing new nursing stations and renovating staff support spaces. Management continues to evaluate the impact of Hurricane Florence on property and equipment, and certain capital projects may be delayed in their completion (see Note 16).

For the year ended September 30, 2017

NHRMC completed construction on the expansion of the emergency department at the 17th St campus and renovations on the Zimmer Cancer Center, and began several bond-funded capital projects (Note 8). These include construction of a new five level parking deck and sky bridge with 720 parking spaces, construction and equipping of a new Orthopedic and Spine Hospital with three 36-bed patient floors on top of the existing Surgical Pavilion at the 17th St campus, and the expansion and renovation of the Intensive Care Unit to include refurbishing 40 existing ICU patient rooms and installing new nursing stations and renovating staff support spaces.

NEXT YEAR'S FORECAST AND RATES

The operational environment for the health care industry continues to be challenging. Demands for new technology and services, increases in costs for medical supplies, and increasing challenges for cost containment, because of reductions in reimbursement for services provided, continue to impact the industry.

For the fiscal year beginning October 1, 2018, the Board of Trustees has approved a forecast to include an increase of \$34.2 million in salaries and benefits for employees, as well as full year bad debt and charity care provision of \$194.6 million, and capital investments and debt service of \$91.2 million.

To offset increases in operating costs, the forecast reflects an increase in volumes in both inpatient and outpatient services along with anticipated cost savings in supplies and labor costs, and improved focus on the hospital's revenue cycle. A price increase of 4.1% was approved for NHRMC to also offset additional operating costs.

OTHER ECONOMIC FACTORS

NHRMC continues to compensate for federal and state reimbursement below the rate of expense growth in the healthcare industry. Excluding the governmental programs, Medicare and Medicaid, there is no other payer that has a significant presence in New Hanover County. NHRMC continues to manage expense growth in an environment of lower reimbursement from governmental payers and an increasing burden on the patient to pay a higher portion of their medical care costs as seen through an increase in individual co-pays, deductibles and uninsured.

NHRMC, like hospitals across the state, continues to serve as an economic engine in the community. New Hanover County and the surrounding primary service area of NHRMC, including Brunswick and Pender Counties, continue to see growth resulting in additional demand for services provided by NHRMC. It is expected however, given the current job market, economic climate and other economic factors affecting healthcare, that NHRMC will be faced with absorbing more uninsured patients and more uncompensated care in the upcoming year. NHRMC receives no local taxpayer support to assist with this care.

CONTACTING THE FINANCIAL MANAGER

This financial report is designed to provide our customers and creditors with a general overview of the finances of New Hanover Regional Medical Center and to demonstrate the accountability for the monies received for services provided. If you have any questions or concerns about this report or need additional financial information contact Ed Ollie, Executive Vice President/CFO, PO Box 9000, Wilmington, North Carolina 28402.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies Reporting Entity

New Hanover Regional Medical Center (NHRMC) is a public, nonprofit corporation providing health care to residents of southeastern North Carolina. NHRMC is a component unit of New Hanover County (County), North Carolina for financial reporting purposes and is included in the basic financial statements of the County together with its component units, which are described below. As required by accounting principles generally accepted in the United States of America, these financial statements present NHRMC and its component units. All dollars presented in these Notes to Financial Statements are in thousands.

NHRMC

The New Hanover Regional Medical Center Foundation, Inc. (Foundation) is a 501(c)(3) nonprofit organization, which was founded by NHRMC in 1991 to serve solely NHRMC as a fundraising entity. As such, the Foundation is included in NHRMC's financial statements as a blended component unit; the balances and transactions of this entity are blended with those of New Hanover Regional Medical Center in the accompanying financial statements, and referred to as NHRMC. Intercompany balances and transactions are eliminated in the process. The Foundation assets and revenues are less than 2% of the NHRMC total activities and the details of the Foundation are not considered material to the financial statements.

The Pension Plan of New Hanover Regional Medical Center comprises the fiduciary fund information. The Plan's fiscal year ends included herein are December 31, 2017 and 2016.

Combined Component Units

The combined component units consist of the following discretely presented component units: Carolina Healthcare Associates, Inc. (CHA), Physician Quality Partners, LLC (PQP), Lower Cape Fear Hospice, Incorporated (LCFH) and Pender Memorial Hospital, Incorporated (PMH). They are reported in a separate column in NHRMC's basic financial statements to emphasize that they are legally separate from NHRMC.

Carolina Healthcare Associates. CHA (doing business as NHRMC Physicians Group) is a 501(c)(3) nonprofit corporation governed by NHRMC. The Executive Committee of the NHRMC Board of Trustees, which includes 8 of the 17 voting members of NHRMC's full Board of Trustees, serves as the CHA Board. thereby constituting 100% of CHA's Board members. CHA provides an integrated primary and specialty care physician practice network to NHRMC in the form of physician and nurse practitioner services within NHRMC clinical areas and independent office locations in the NHRMC service area. Through contractual agreement, Carolinas Physician Network (CPN) operates and manages most of the medical practices owned by CHA and provides certain professional medical services for the majority of those practices. At the end of fiscal year 2018, CHA consisted of 182 physicians, 7 nurse practitioners and 63 mid-level providers. CHA's operating revenue was \$188,865 in fiscal year 2018 and \$205,404 in fiscal year 2017. During the years ended September 30, 2018 and 2017, NHRMC recorded an operating expense and CHA recorded other operating revenue in the amount of approximately \$53,065 and \$48,402, respectively, to fund CHA's fiscal year operating deficits. Balances are recorded in professional fees and purchased services for NHRMC and as other revenue for CHA. Additionally, during 2018, NHRMC received capital acquisitions, net of returns of capital assets, for CHA of approximately \$0. During 2017, NHRMC received capital acquisitions, net of returns of capital assets, for CHA of approximately (\$462).

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Physician Quality Partners. On May 24, 2013, Articles of Organization were filed with the NC Department of the Secretary of State for Physician Quality Partners, LLC (PQP). PQP is a Clinically Integrated Network (CIN)/Accountable Care Organization (ACO) formed to actively develop clinical initiatives that will improve the quality of health care services and control costs. PQP is included in NHRMC's financial statements as a discretely presented component unit. During the years ended September 30, 2018 and 2017, NHRMC transferred \$2,050 and \$1,200, respectively, to fund PQP's operations. NHRMC carries an equity interest equal to PQP's net position, which is included in investment in affiliates.

Lower Cape Fear Hospice. LCFH is an affiliated organization of NHRMC. The Trustees of NHRMC appoint 80% of the Board of Directors of LCFH, a nonprofit organization that provides professional care to the terminally ill and support and education to the family and community. The organization currently serves six counties in southeastern North Carolina and three counties in South Carolina. During the years ended September 30, 2018 and 2017, NHRMC granted and paid LCFH approximately \$712 and \$564, respectively, in support of LCFH's Palliative Care Program. Balances are recorded as other revenue for LCFH and as other expense for NHRMC.

Pender Memorial Hospital. PMH consists of Pender Memorial Hospital, a nonprofit acute care hospital, and NHRMC Homecare, formed in 2008 as a nonprofit home health care service. The hospital provides inpatient, outpatient and emergency care services to the residents of Pender County and vicinity. NHRMC Homecare provides homecare services in Pender and other surrounding counties. PMH is an affiliated organization of NHRMC through a 20-year operating agreement commencing in fiscal year 1999. NHRMC is required by the operating agreement to fund any operating deficit of PMH during any fiscal year the agreement is in effect. All operating income generated by PMH operations shall be returned to NHRMC on an annual basis. During the years ended September 30, 2018 and 2017, NHRMC recorded an operating expense and PMH recorded other operating revenue in the amount of approximately \$7,551 and \$6,442 to fund PMH's fiscal year operating deficits. Additionally, under the operating agreement, beginning in fiscal year 2009, NHRMC committed to infuse capital into PMH as part of the NHRMC annual capital budget process. Upon termination of the operating agreement, PMH is required to reimburse NHRMC for the unamortized value of capital acquired under this commitment. During 2018 and 2017, NHRMC funded capital acquisitions of approximately \$1,204 and \$1,385, respectively, of capital into PMH.

Complete separate financial statements are issued by the following individual component units and may be obtained at their administrative offices:

New Hanover Regional Medical Center Foundation, Inc. 2259 South 17th Street Wilmington, North Carolina 28401

Lower Cape Fear Hospice, Incorporated 1414 Physicians Drive Wilmington, North Carolina 28401

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Basis of Presentation

The statements of net position (presented in a balance sheet format), statements of revenues, expenses and changes in net position, and statements of cash flows present information about the primary entity (NHRMC) and its component units. These statements include the financial activities of the overall entity, except for the fiduciary activities. The statements of fiduciary net position and statements of changes in fiduciary net position present information about The Pension Plan of New Hanover Regional Medical Center (NHRMC Pension Plan) (see Note 10).

Basis of Accounting

NHRMC uses enterprise fund accounting. Revenues and expenses of enterprise funds are recognized on the economic resources measurement focus and the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments maturing in three months or less from the date of purchase. All investments are carried at fair value (see Note 2).

Inventories

Inventories of supplies are valued at the lower of cost (first-in, first-out method) or market.

Designated Assets and Restricted Assets

Designated assets are set aside by the Board of Trustees for future capital or other long-term needs and the Board may, at its discretion, subsequently use them for other purposes. As of September 30, 2018 and 2017, NHRMC also had funds restricted by donors. Restricted funds of LCFH are for LCFH programs.

Gifts, bequests and grants restricted by the donor for specific operating purposes are recorded as restricted revenue in the period received. Gifts, bequests and grants received with conditions as to their use or funding are recorded as liability when received and included as other operating revenue in the financial statements of the period in which expenses are made for the purpose intended by the donor. Resources restricted by donors for additions to capital assets are included in the statements of revenues, expenses and changes in net position as capital contributions.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Investments

Investments are reported at fair value. Fair value of investments in equity securities and mutual funds is determined by quoted market prices. Fair value of fixed income investments is recorded at the amount reported by the financial institution, which approximates a value determined by a discounted cash flow model. Amounts in the North Carolina Capital Management Trust (NCCMT) – Cash Portfolio, an SEC registered (2a-7) money market fund, are measured at their amortized cost, which is the NCCMT's share price. The NCCMT – Term Portfolio's securities are valued at fair value.

Intangible Capital Assets

Intangible capital assets consist of other intangibles and are recorded net of amortization. Other intangibles are recorded at historical cost and amortized over the estimated life of the expected economic benefit, using the straight-line method. Estimated lives are 5 years.

Tangible Capital Assets

Purchased or constructed tangible capital assets are recorded at cost. Donated capital assets received prior to June 15, 2015, are recorded at estimated fair value at the date of donation. Donated capital assets received after June 15, 2015, are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. NHRMC's, CHA's and PMH's policies are to generally capitalize assets with a cost of \$2.5 or greater and a useful life of at least one year.

Depreciation is calculated using the straight-line method over the estimated useful lives of the depreciable assets as recommended by the American Hospital Association. Core Information Technology Software is depreciated over 10 years, and Other Information Technology Software is depreciated over 5 years, which may be different than the AHA's recommendation. Amounts in construction-in-progress are not yet subject to depreciation. NHRMC's net interest costs of approximately \$2,258 and \$930 were incurred and capitalized during fiscal years ended September 30, 2018 and 2017, respectively, in the construction of long-term assets and will be amortized over the related assets' estimated useful lives. LCFH calculates depreciation using accelerated methods using lives of 3 to 10 years for furniture and equipment and lives of 20 to 45 years for buildings.

Legal title to NHRMC's capital assets is in the name of either New Hanover County or New Hanover Regional Medical Center. Substantially all facilities, equipment and future improvements are leased from New Hanover County (see Note 6). Legal title to CHA's capital assets is in CHA's name. Legal title to LCFH's capital assets is in LCFH's name. Legal title to PQP's capital assets is in PQP's name. Legal title to PMH's capital assets is in the name of either Pender County or Pender Memorial Hospital, Incorporated. Substantially all of PMH's facilities are leased from Pender County (see Note 6).

Self-Funded Liabilities

NHRMC is self-insured for employee medical claims and contracts with a third party to administer the program. NHRMC's losses are limited under the contract by specific and aggregate stop-loss insurance coverage for claims above specified amounts. NHRMC is also self-insured for a portion of professional liabilities, workers' compensation and unemployment benefits. Provisions for estimated unpaid claims outstanding at September 30, 2018 and 2017, have been made.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

CHA employees are covered under the NHRMC medical and professional liability plans. CHA is self-insured for unemployment benefits. Provisions for estimated unpaid claims outstanding at September 30, 2018 and 2017, have been made.

Unamortized Premiums

Bonds payable are recorded net of unamortized premiums (discounts) on bonds. Premiums and discounts are amortized over the life of the related debt using the effective interest method (see Note 7).

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. NHRMC has four items that meet this criterion: interest rate swap agreements, contributions made to the pension plan in the 2018 fiscal year, excess consideration provided for acquisition, net of amortization, and unamortized charges on bond refundings. In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. NHRMC has one item that meets this criterion: deferrals of pension expense.

Interest Rate Swap Agreements

NHRMC and LCFH have entered into interest rate swap agreements to modify interest rates on certain outstanding debt. Net interest expenses resulting from these agreements and the resulting accrued receivable or payable under the swap agreements are reflected in the financial statements as assets or liabilities at fair value. The fair value of interest rate swaps is recorded at the values reported by the counterparties, which approximates a value determined by the discounted cash flow model. For all swap instruments determined to be ineffective, the change in fair value is recorded in the statements of revenues, expenses and changes in net position as a component of the net increase (decrease) in fair value of investments. For all hedged swap instruments determined to be effective, any change in fair value is deferred and recorded on the statements of net position as a deferred outflow of resources.

Unamortized Deferral on Refundings

Losses on bond refundings are deferred and amortized over the shorter of the lives of the refunded debt or the refunding debt using the effective interest method for fixed rate bonds and the straight-line method for variable rate bonds recorded net of accumulated amortization. The deferrals are included in deferred outflows of resources.

Compensated Absences

NHRMC's employees earn vacation days at varying rates depending on years of service. The maximum amount of vacation that can carry over from one fiscal year to the next varies based on years of service. Annually, NHRMC buys back excess accrued vacation over 480 hours. The liabilities recorded for compensated absences are included in accrued expenses in the statements of net position.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Net Position

Net position classifications are defined as follows:

- Net investment in capital assets consists of capital assets, including any restricted capital assets, net
 of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other
 borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted at NHRMC consists of net position generated from revenues that have constraints on their use imposed by third parties, creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. As of September 30, 2018 and 2017, restricted net position consists of: nonexpendable endowments of approximately \$2,100 and \$2,100, respectively; and other expendable net position resulting from specific purpose donations and grants. As of September 30, 2018 and 2017, LCFH had restricted net position consisting of nonexpendable endowments of approximately \$1,665 and \$1,600, respectively.
- *Unrestricted* consists of net position that has no third party restrictions on use and is not invested in capital assets.

Operating Income

Transactions resulting from the primary purpose of NHRMC, which is to provide medical services to the region, are reported as operating revenues and expenses. Revenues and expenses not meeting these criteria are reported as non-operating. Expenses incurred to provide care and maintain the facilities in the normal course of business are classified as operating expenses, including the cost of regularly scheduled labor, supplies and materials used in normal operations. Expenses incurred specifically for uncontrollable environmental events, such as named storms, including preparation of a pending event, ensuring continued care throughout the event, and post-event cleanup and repair efforts, are classified as non-operating expense. Transfers from NHRMC to CHA and PMH to fund operating deficits are included in operating income.

Charity Care

Management has estimated the direct and indirect costs of providing charity care under NHRMC charity care policy. In order to estimate the cost of providing such care, management calculated a cost-to-charge ratio by comparing the per-diem rate from the most recently filed cost report to the System's gross bill rate. The cost to charge ratio is applied to the charity care charges foregone to calculate the estimated direct and indirect cost of providing charity care.

Using the methodology noted above, management has estimated the costs of providing patient services classified as charity care to be \$18,244 and \$16,592 for the years ended September 30, 2018 and 2017, respectively. NHRMC did not receive any funds to subsidize the costs of providing charity care under its charity care policy for the years ended September 30, 2018 and 2017.

Charity care provided by component units is not considered significant to the financial statements.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Net Patient Service Revenue and Net Patient Receivables

Net patient service revenue and net patient receivables are reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered. Net patient service revenue includes estimated retroactive adjustments under reimbursement agreements with third-party payors. Estimated third-party payor settlements are accrued in the period the related services are rendered and adjusted in future periods, as final settlements are determined, and it is possible that the amounts of final settlements could be materially different than those initially estimated by management.

Sales and Income Taxes

NHRMC, CHA, LCFH, PQP and PMH are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, they receive reimbursement from the state of North Carolina for sales taxes paid during the year.

Pension Plan

NHRMC maintains a defined benefit pension plan covering substantially all of its employees in addition to a few CHA employees grandfathered into the plan. PMH also maintains a separate defined benefit pension plan covering substantially all of its employees. For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the Pension Plan of NHRMC and Pension Plan of PMH and additions to/deductions from each Pension Plan's fiduciary net position have been determined on the same basis as they are reported by the Pension Plans of NHRMC and PMH. For this purpose, plan contributions are recognized in the period in which the contributions are due. Both NHRMC and PMH's employer contributions are recognized when due and NHRMC and PMH have a legal requirement to provide contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Pension Plans of NHRMC and PMH. Investments are reported at fair value.

Total (Memorandum Only) Columns

Total "Memorandum Only" columns do not represent financial information of the reporting entity, and do not present information that reflects financial position, changes in financial position or cash flows in conformity with accounting principles generally accepted in the United States of America. These columns are presented only to facilitate financial analysis.

Reclassification

Certain amounts presented in the statements of revenues, expenses and changes in net position – proprietary fund for the year ended September 30, 2017 have been reclassified, as necessary, to be consistent with the 2018 presentation. The reclassification had no effect on net position or operating income.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Impact of Recently Adopted Accounting Standards

In March 2017, the GASB issued Statement Number 85, *Omnibus 2017*, which addresses practice issues that have been identified during implementation and application of certain GASB statements and is effective for reporting periods beginning after June 15, 2017 with early adoption encouraged. NHRMC early adopted the provisions of GASB 85 at September 30, 2017 which resulted in the reclassification of \$30,256 of historical excess consideration provided for acquisitions from a long term asset to a deferred outflow of resources for the year ended September 30, 2017.

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts

NHRMC, CHA, LCFH and PMH have agreements with third-party payors that provide for payments at amounts different from its established rates. A summary of payment arrangements with major third-party payors are as follows:

Medicare

As of April 14, 2012, NHRMC was recognized by the Centers for Medicare and Medicaid Services (CMS) as a Sole Community Hospital (SCH). CMS reimburses SCH hospitals at a higher rate than Prospective Payment System hospitals.

Services for NHRMC Medicare acute inpatients are paid at interim rates subject to settlement, and non-acute inpatients and outpatients are paid at prospectively determined rates.

Other Medicare payments are based on interim rates with final settlement determined after submission of annual cost reports and audits of these reports by the Medicare fiscal intermediary. NHRMC's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2013.

PMH is a "Critical Access Hospital." This enables PMH to receive 101% cost based reimbursement from Medicare for its hospital based services. PMH's skilled nursing and home health services are reimbursed at prospectively determined rates. PMH's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2013.

Medicare services represent:

	Percentage of Services Rev Years Ended S	enue for the	Percentage o Accounts Rec Septem	eivable as of
	2018	2017	2018	2017
NHRMC	38%	38%	25%	26%
CHA	63%	65%	29%	35%
LCFH	91%	91%	85%	81%
PMH	71%	64%	65%	55%

Notes to Financial Statements (Dollars in Thousands)

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts (Continued) Medicaid

Inpatient services rendered to NHRMC Medicaid patients are reimbursed at a prospectively determined rate. Services to outpatients are reimbursed at a percentage of cost as defined in the Medicaid regulations. Effective October 1, 2005, PMH is reimbursed at cost by Medicaid for both inpatient and outpatient critical access hospital services. NHRMC and PMH Medicaid cost reimbursement is based on tentative interim rates with final settlement determined after submission of annual cost reports and audits thereof by the Medicaid fiscal intermediary. NHRMC's Medicaid cost reports have been audited through September 30, 2015. PMH's Medicaid cost reports have been audited through September 30, 2016. PMH's skilled nursing and home health services are reimbursed on prospective rates.

Medicaid services represent:

	Services Rev	of Net Patient venue for the September 30,	Percentage of Accounts Recounts Septem	ceivable as of
	2018	2017	2018	2017
NHRMC	10%	11%	4%	3%
CHA	5%	4%	4%	6%
LCFH	4%	4%	9%	11%
PMH	12%	16%	13%	12%

NHRMC qualifies for reimbursement under the Medicaid Reimbursement Initiative (MRI also known as Medicaid Disproportionate Share or DSH). During 2011, the state of North Carolina enacted legislation (the GAP Program) intended to supplement existing Medicaid Disproportionate Share payments with federal matching funds drawn down via provider assessments. During fiscal year ended September 30, 2018, NHRMC received approximately \$45,996 from the state of North Carolina under the MRI program, of which \$2,165 was from the GAP Program. During fiscal year ended September 30, 2017, NHRMC received approximately \$41,711 from the state of North Carolina under the MRI program, of which \$3,495 was from the GAP Program. The MRI Program balances are recorded net of assessments in net patient service revenue.

For the fiscal year ended September 30, 2018, PMH received approximately \$220 of which \$53 was for the GAP program. For the fiscal year ended September 30, 2017, PMH received approximately \$231 of which \$59 was for the GAP program. The MRI Program balances are recorded net of assessments in net patient service revenue.

Audits of MRI program reports are performed annually. Fiscal year 2011 is the first year since 2003 where MRI audits can potentially have a financial impact and NHRMC has determined that payments received in the years since 2010 are not at risk. For prior years, the MRI was audited and settled through September 30, 2003. Amounts of supplemental payments received by NHRMC for years 2004 through 2010 were not subject to settlement. In the fiscal years since 2011, audits have been completed through September 30, 2013, with no adjustments.

Notes to Financial Statements (Dollars in Thousands)

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts (Continued) Changes in Estimates Related to Third-Party Payors

Adjustments to estimated third-party payor settlements from prior years occurring in 2018 and 2017 increased NHRMC's change in net position by approximately \$1,237 and \$5,149, respectively, and are recorded in net patient service revenue.

Adjustments to estimated third party payor settlements from prior years occurring in 2018 and 2017 decreased PMH's change in net position by approximately \$84 and increased PMH's change in net position by approximately \$34, respectively, and are recorded in net patient service revenue.

Recovery Audit Contractor Audits

In 2009, the Centers for Medicare and Medicaid Services (CMS) implemented nation-wide use of recovery audit contractors (RACs) as part of CMS' efforts to ensure accurate claims payments. The RACs search for potentially improper Medicare payments that may have been made to health care providers and that were not detected through existing CMS program integrity efforts. The North Carolina Department of Health and Human Services implemented a similar program in August 2012 for Medicaid payments.

During the years ended September 30, 2018 and 2017, the number of NHRMC claims chosen by RAC for review totaled 444 and 591, respectively. Net overpayments processed to date for fiscal year 2018 and 2017, respectively, are \$136 and \$173. NHRMC has recorded a reserve for estimated assessments under future RAC audits in the estimated third-party payor settlements on the statements of net position.

PMH RAC activity is immaterial at this time for either Medicare or Medicaid.

Electronic Health Records Incentive Program

The Electronic Health Records Incentive Program provides for incentive payments under both the Medicare and Medicaid programs to eligible health care providers that demonstrate meaningful use of certified electronic health records technology (EHR). The year ending September 30, 2016, was the final year of accrual for NHRMC under this program. Payments for any fiscal year may be subject to audit for up to six years and recouped by CMS if there are audit findings of noncompliance. Audits of meaningful use incentives made to NHRMC have had no findings.

Allowances for Bad Debts

Allowance for bad debts are maintained for receivables which historically experience uncollectible accounts. The allowance for bad debts is as follows:

		September 30				
	2018			2017		
NHRMC	\$	92,140	\$	73,240		
CHA		6,515		6,663		
LCFH		375		482		
PMH		2,462		2,016		
	\$	101,492	\$	82,401		

Notes to Financial Statements (Dollars in Thousands)

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts (Continued)

For the years ended September 30, 2018 and 2017, net patient service revenue is reported net of a provision for bad debts of:

	<u>Y</u>	ears Ended	Sept	ember 30
				2017
NHRMC	\$	95,990	\$	85,727
CHA		10,227		11,226
LCFH		588		711
РМН		4,136		3,669
	\$	110,941	\$	101,333

Note 3. Cash and Cash Equivalents and Investments

Deposits

As of September 30, 2018 and 2017, the carrying values and bank balances of deposits were as follows (in thousands):

	2018		 2017				
	(Carrying		Bank	Carrying		Bank
		Value	E	Balance	 Value		Balance
NHRMC	\$	45,375	\$	47,495	\$ 55,889	\$	60,719
CHA		4,083		4,200	4,279		4,409
LCFH		5,523		5,526	3,853		3,854
PMH		2,658		2,815	4,919		5,106
PQP		378		378	664		665

Custodial credit risk for deposits is the risk that in the event of bank failure, a government's deposits may not be returned to it. NHRMC and PMH have no policy on custodial credit risk, but all deposits of NHRMC and PMH were with depositories covered under statewide single financial institution collateral pools (known as the Pooling Method) whereby collateral is maintained for all the depository's governmental units in the State. The North Carolina State Treasurer monitors Pooling Method depositories for adequate collateralization.

Under the Pooling Method, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with NHRMC or PMH. Because of the inability to measure the exact amount of collateral pledged for NHRMC and PMH under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each Pooling Method depository.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

As of September 30, 2018, financial institutions are each insured by the Federal Deposit Insurance Corporation (FDIC) for deposits up to \$250,000. The Foundation has cash balances in a financial institution that from time to time have exceeded federal depository insurance limits. Bank balances in excess of federal depository insurance limits are uninsured and uncollateralized and amounted to \$876 and \$1,356 for the Foundation as of September 30, 2018 and 2017, respectively. NHRMC and PMH have cash balances in financial institutions that exceed federal depository limits, but the excess is collateralized under the Pooling Method described above.

CHA, PQP and LCFH are not subject to the above described statutes. CHA, PQP and LCFH have cash balances in a financial institution that from time to time have exceeded federal depository insurance limits. Bank balances in excess of federal depository insurance limits are uninsured and uncollateralized and amounted to \$3,695 and \$3,905 for CHA, \$128 and \$415 for PQP and \$5,026 and \$3,545 for LCFH, as of September 30, 2018 and 2017, respectively.

Investments

North Carolina General Statute 159-30 authorizes NHRMC and PMH to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of specific U.S. government agencies; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; certain high quality issues of commercial paper and bankers' acceptances; a commingled investment pool established and administered by the North Carolina State Treasurer pursuant to North Carolina General Statute 147-69.3; certain repurchase agreements with respect to direct obligations of the United States or obligations which are guaranteed by the United States as to principal and interest; and the NCCMT. Additionally, North Carolina General Statute 159-30 also requires NHRMC and PMH to limit custodial credit risk as governed by the Statute. State statutes do not govern the Foundation's investment policies or those of LCFH and CHA.

NHRMC's investment policy consists of strategies for the short-term and the long-term. The intent of the short-term fund investment strategy is to provide short-term liquidity and working capital for operations and other strategic purposes. Assets invested in the short-term fund are primarily in the NCCMT. The intent of the long-term fund investment strategy is to generate current income and maintain stability of principal. The long-term fund divides investments into three investment strategies: short/intermediate fixed income, broad duration fixed income, and domestic and international equity securities. NHRMC invests in domestic and international equity securities through a commingled investment pool administered by the North Carolina State Treasurer in preferred or common stocks allowable under North Carolina General Statute. NHRMC's participation in the commingled investment pool is voluntary, and generally only 2 withdrawals are allowed within any 12-month period and are only permitted on the first business day of each calendar month.

The Foundation's investment policy allows investments to be allocated among fixed income securities, equity securities and cash equivalents, with specific minimum target allocations and maximums by investment type.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

LCFH's investment policy divides investment strategies into two investment categories, short-term and long-term. Allocation to each category is based on the liquidity needs of LCFH. The intent of the short-term fund investment strategy, generally LCFH operations, is to provide short-term liquidity and working capital for operations and other strategic purposes, with the primary strategy to be preservation of principal, and income a secondary consideration. The intent of the long-term fund investment strategy is to generate current income and maintain stability of principal.

CHA does not have a formal investment policy and generally does not retain funds for investments.

As of September 30, 2018 and 2017, NHRMC had the following investments, concentrations and maturities, excluding fiduciary investments:

	Weighted Average Maturity in	Fair Value	Weighted Average Maturity in	Fair Value
Investment Type	Years	2018	Years	2017
U.S. Government Treasury Notes	2.5	\$ 26,742	1.5	\$ 24,006

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

As of September 30, 2018 and 2017, LCFH had the following investments:

	Fair Value				
Investment Type	2018			2017	
Bond Funds Equity Funds	\$	6,263 24,207	\$	8,741 24,230	
	\$	30,470	\$	32,971	

Interest Rate Risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its value to changes in market interest rates. NHRMC's investment policy mitigates interest rate risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes. NHRMC also invests in collateralized mortgage obligations and mortgage backed securities. The value of the securities is based on the cash flows from principal and interest payments due on the underlying mortgages. When interest rates decline, prepayments by mortgagees may increase. The resultant reduction in expected total cash flows affects the fair value of these securities and makes the fair values of these securities highly sensitive to changes in interest rates.

LCFH's investment policy mitigates interest rate risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes. The policy does not formally limit maturities as a means of managing exposure to fair value losses arising from changes in interest rates.

Credit Risk. Generally, credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State Statutes limit NHRMC's investments to obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of specific U.S. government agencies; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; certain high quality issues of commercial paper and bankers' acceptances; investment in a commingled investment pool established and administered by the North Carolina State Treasurer; certain repurchase agreements with respect to direct obligations of the United States or obligations which are guaranteed by the United States as to principal and interest; and the NCCMT. NHRMC's investments in the NCCMT Cash Portfolio carried a rating of AAAm by Standard & Poor's as of September 30, 2018.

NHRMC's investment portfolio includes debentures and mortgage backed securities (MBS) issued by the Federal National Mortgage Association, the Federal Home Loan Mortgage Corp., Vendee Mortgage Trust and the Government National Mortgage Association; debentures issued by Federal Home Loan Bank and Federal Farm Credit Bank; and certain mutual funds. All are rated Aaa by Moody's Investors Service or backed by the full faith of the U.S. Government, which is rated Aaa, as of September 30, 2018 and 2017.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

With respect to NHRMC's investments in mortgage backed securities, NHRMC's investment portfolio consists of both traditional mortgage backed securities (MBS's) and asset backed collateralized mortgage obligations (CMO's). An MBS is an asset backed security whose cash flows are backed by the principal and interest payments of a pool of mortgage loans. Payments are typically made monthly over the lifetime of the underlying loans. CMO's, a type of mortgage backed security, are bonds that represent claims to specific cash flows from large pools of mortgages. The streams of principal and interest payments on the mortgages are distributed to the different classes of CMO interests. Credit risk associated with MBS's and CMO's is affected by homeowners or borrowers defaulting on their loans. NHRMC's investments in CMO's are explicitly guaranteed by the U.S. Government (Government National Mortgage Association and Vendee Mortgage Trust securities).

In addition to minimizing credit risk by limiting investments to those allowed by State Statute, it is NHRMC's policy to diversify the investment portfolio so that the impact of potential losses from any one type of security and/or issuer will be minimized.

LCFH's policy is to diversify the investment portfolio so that the impact of potential losses from any one type of security will be minimized.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of government's investment in a single issuer. NHRMC's investment policy requires a balance between short/intermediate fixed income securities, broad duration fixed income securities, and investment in a commingled investment pool established and administered by the North Carolina State Treasurer as allowable under State Statute; however it places no limit on the amount NHRMC may invest in any one issuer. As of September 30, 2018, securities issued/backed by Fannie Mae, Freddie Mac and Ginnie Mae represent 9.6%, 3.4% and 7.6% of the Hospital's investment portfolio, respectively. As of September 30, 2017, securities issued/backed by Fannie Mae, Freddie Mac and Ginnie Mae represent 5.1%, 2.4% and 5.5% of the Hospital's investment portfolio, respectively.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. NHRMC's investment in the State Treasurer's Trust Funds Investment Program-Equity Investment Fund exposes NHRMC to foreign currency risk as a result of its positions in foreign currency-denominated equity securities. NHRMC does not have an investment policy that limits its exposure to foreign currency risk, however NHRMC's investment policy provides for the maintenance of a balance between three investment strategies, one of which is the State Treasurer's Trust Funds Investment Program-Equity Investment Fund. At September 30, 2018 and 2017, NHRMC had approximately \$153,375 and \$109,036, respectively, exposed to foreign currency risk, of which 25% and 25%, respectively, represent investments denominated in the British Pound; and 16% and 15%, respectively, represent investments denominated in the Japanese Yen.

Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and those such changes could materially affect the amounts reported by NHRMC and LCFH in the statements of net position.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

Deposits and investments of NHRMC as of September 30, 2018 and 2017, are summarized as follows:

Note 3. Cash and Cash Equivalents and Investments (Continued)

Interest Rate Risk. The Plan does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changes in interest rates. The Plan may invest in domestic fixed income securities; however, the Plan's investment policy does not allow these securities to exceed 40% of the Plan's portfolio. The average maturity of the Federated Government Obligations Fund is approximately 25 days. All of the Plan's bond funds have average effective maturities between five and eight years.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Plan's investment policy limits the Plan's portfolio in domestic fixed income securities rated less than BBB to no more than 10% of the total plan portfolio. The Moody's credit quality rating of the Federated Government Obligations Fund is Aaa-mf. The Plan's bond funds are not rated by credit rating agencies.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments and other assets that are in possession of an outside third party. Mutual funds are not subject to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Money market funds and registered investment companies (mutual funds) are excluded from this disclosure requirement. The Plan's policies restrict investment by type of investment, geographic location and percentage of total portfolio.

Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect the amounts reported in the statements of fiduciary net position.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth, NHRMC's investments as of September 30, 2018 and 2017.

Valuation		
Measurement	Book Value	Book Value
Method	2018	2017

All depreciation is directly or indirectly related to the provision of healthcare services. NHRMC and PMH have active projects for building construction and leasehold improvements as of September 30, 2018 and 2017. As of September 30, 2018, NHRMC and PMH have remaining committed amounts to be paid of approximately \$29,453 and \$0 on projects, respectively.

Note 6. Lease Obligations and Commitments

Under a lease agreement dated October 1, 1993, and most recently amended June 1, 2017, NHRMC leases its existing facilities and equipment and all future improvements from New Hanover County through October 2047, all of which have been recorded as capital assets in the accompanying statements of net position. Covenants under the lease agreement correspond to those in the Series 2006, 2008, 2011, 2013 and 2017 Revenue Bond Indentures. The County maintains a limited right under the bond order to terminate the lease with 90 days' notice (after public hearing). In addition, under the lease agreement, NHRMC has agreed to maintain certain debt service coverage and cushion ratios as discussed further in Note 7.

NHRMC also leases capital assets under operating leases that have initial or remaining noncancelable terms in excess of one year.

Notes to Financial Statements (Dollars in Thousands)

Note 6. Lease Obligations and Commitments (Continued)

Scheduled payments on NHRMC's operating lease commitments are as follows:

	 Amount
Years ending September 30:	
2019	\$ 10,392
2020	4,627
2021	4,424
2022	3,660
2023	3,554
2024-2028	 11,452
Total minimum payments	\$ 38,109

Rent expense on operating leases for NHRMC totaled approximately \$10,509 and \$9,735 in 2018 and 2017, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses, and changes in net position.

CHA leases office space and equipment under various noncancelable operating lease agreements that expire between 2019 and 2028. Scheduled payments on CHA's operating lease commitments are as follows:

	/	Amount
Years ending September 30:		_
2019	\$	6,010
2020		4,343
2021		2,606
2022		1,896
2023		1,247
2024-2028		1,286
Total minimum payments	\$	17,388

Included in these commitments is \$11,473 of minimum payments to NHRMC.

Rent expense on operating leases for CHA totaled approximately \$6,564 and \$6,131 in 2018 and 2017, including payments of \$2,475 and \$2,135 to NHRMC, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses, and changes in net position.

LCFH leases office space under various noncancelable operating lease agreements, which expire over the next year. Rent expense related to these agreements totaled approximately \$52 and \$51 in 2018 and 2017, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses, and changes in net position.

Notes to Financial Statements (Dollars in Thousands)

Note 6. Lease Obligations and Commitments (Continued)

LCFH also has capital leases for various pieces of equipment and vehicles. As of September 30, 2018, the leased assets had been recorded at \$135 and had accumulated amortization of \$113. A summary of capital lease obligations of LCFH is as follows at September 30, 2018:

Capital lease obligations, at an interest rate of 6.9%	
collateralized by leased equipment	\$ 9
Less current portion	 (9)
Capital lease obligations, less current portion	\$ -

Scheduled payments of LCFH's capital lease obligations are as follows:

	Amount			
Years ending September 30:				
2019	\$	10		
Total minimum payments		10		
Less amount representing interest		(1)		
Present value of net minimum payments	\$	9		

PMH, under an amended and restated lease agreement dated November 15, 2004, leases its main facilities and equipment and all future improvements from Pender County through 2019, with an option (at NHRMC's direction) to renew for ten additional years. Pender County and PMH maintain a limited right under the lease agreement to terminate the lease if specified provisions cannot be cured within 180 days, provided that NHRMC shall be permitted to cure any breach on behalf of PMH within established time frames.

PMH leases additional space under a noncancelable operating lease, which expires in fiscal year 2028. In addition, PMH leases certain medical equipment under operating leases that expire between 2019 and 2020. Scheduled payments on PMH's operating lease commitments are as follows:

	A	Amount
Years ending September 30:		
2019	\$	368
2020		331
2021		263
2022		265
2023		260
2024-2028		1,097
Total minimum payments	\$	2,584

Rent expense on operating leases for PMH totaled approximately \$422 and \$373 in 2018 and 2017, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses and changes in net position.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued) Series 2006 Hospital Revenue Bonds (Fixed Rates)

On September 13, 2006, NHRMC issued \$60,000 of Series 2006A Variable Rate Hospital Revenue Bonds, and \$60,000 of Series 2006B Variable Rate Hospital Revenue Bonds (collectively, the 2006 Bonds) through New Hanover County for use by NHRMC. The bonds initially bore interest at an auction rate, established weekly. The bonds were issued for the purpose of providing funding, together with other available funds, to pay the costs of various construction projects including, but not limited to, the construction and equipping of a new 186,804 square foot surgical pavilion, construction and equipping of a new 194,995 square foot Women's and Children's Center, expansion and upgrading of the central energy plant, and related site work including reconfiguration of existing parking lots.

In 2009, the Series 2006A Bonds were converted from auction rate securities to fixed rate mode for a discount of approximately \$168, and the Series 2006B Bonds were converted for a premium of \$358, both of which are being amortized under the effective interest method over the life of the bonds. There was no significant economic gain or loss resulting from this transaction.

In connection with the 2017 Series Bond issuance, the 2006A bonds were partially refunded and the 2006B bonds were fully refunded.

Series 2008 Variable Rate Hospital Revenue Bonds

On November 6, 2008, NHRMC issued Variable Rate Hospital Revenue Bonds (demand bonds) through New Hanover County, Series 2008A and Series 2008B (collectively, the 2008 Bonds), in the amounts of \$20,000 and \$20,000, respectively, for use by NHRMC. The bonds bear interest at a variable rate, established weekly by the applicable remarketing agents. The bonds were issued to reimburse NHRMC for certain costs associated with construction and equipping of the surgical pavilion, Women's and Children's Center, and certain facilities improvements; acquisition of certain information system equipment; and acquisition of certain operating equipment. As of September 30, 2018 and 2017, the rates on these bonds were 1.57% and 0.98%, respectively.

The 2008 Bonds are subject to purchase on the demand of the holder at a price equal to principal plus accrued interest on seven days' notice and delivery to the remarketing agent and tender agent. The remarketing agent is authorized to use its best efforts to sell the repurchased bonds at a price equal to the principal amount plus accrued and unpaid interest thereon, if any, to the purchase date.

NHRMC and the County have entered into a Reimbursement Agreement and an Irrevocable Letter of Credit with a bank under which NHRMC can draw down the funds to purchase any 2008 bonds that are tendered for purchase, to the extent that remarketing proceeds are not sufficient or available. The letter of credit expires on November 20, 2021. All unpaid drawings become due and payable upon expiration of the letter of credit in 2021. There were no unpaid drawings at September 30, 2018 or 2017. The agreement carries a variable interest rate based on the bank's prime rate or a maximum of 18%.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Series 2011 Hospital Revenue Bonds (Fixed Rates)

On September 28, 2011, NHRMC issued \$93,965 of Series 2011 Fixed Rate Hospital Revenue Refunding Bonds through New Hanover County for use by NHRMC. The net proceeds (net of issuance costs) from the sale of the 2011 Series Bonds were used to redeem outstanding Series 1999 Bonds maturing on October 1, 2012 and thereafter. The Series 1999 Bonds had an outstanding balance of \$95,320 as of October 1, 2011. The net proceeds of the Series 2011 bonds were held in escrow as of September 30, 2011, and then used to redeem all of the Refunded 1999 Bonds on October 1, 2011.

Interest on the Series 2011 bonds is paid at fixed rates established at the time of bond issuance. The Series 2011 bonds were originally issued at a premium of approximately \$2,651, which is being amortized under the effective interest method over the life of the bonds.

Series 2013 Hospital Revenue Bonds (Fixed Rates)

On December 14, 2005, NHRMC issued Variable Rate Hospital Revenue Refunding Bonds (demand bonds) through New Hanover County, Series 2005A-1, Series 2005A-2, Series 2005B-1 and Series 2005B-2 (collectively, the 2005 Bonds), in the amounts of \$11,435, \$11,435, \$28,100 and \$28,100, respectively, for use by NHRMC. Interest on the Series 2005 bonds is set weekly at rates established by the applicable remarketing agents, not to exceed 12% per annum.

On July 18, 2013, NHRMC issued \$56,745 of Series 2013 Fixed Rate Hospital Revenue Refunding Bonds through New Hanover County. The net proceeds (net of issuance costs) from the sale of the 2013 Series Bonds were used to redeem Series 2005 Bonds totaling \$58,560 and partially terminate swaps held in connection with the Series 2005 Bonds. With the issuance of the 2013 Bonds and resulting redemption of the Series 2005 Bonds, the Standby Bond Purchase Agreement, under which the bank agreed to purchase any 2005 bonds that were tendered for purchase to the extent that remarketing proceeds were not sufficient or available, was also terminated.

Interest on the Series 2013 bonds is paid at fixed rates, established at the time of bond issuance. The Series 2013 bonds were originally issued at a premium of \$4,630, which is being amortized under the effective interest method over the life of the bonds. Additionally, NHRMC recorded a deferred outflow of resources of \$1,976 related to the refunding.

Series 2017 Hospital Revenue Bonds (Fixed Rates)

On June 1, 2017, NHRMC issued \$212,710 of Series 2017 Fixed Rate Hospital Revenue Bonds through New Hanover County. Some of the net proceeds (net of issuance costs) from the sale of the 2017 Series Bonds were used to refund Series 2006B Bonds totaling \$60,000 and partially refund Series 2006A Bonds totaling \$23,955.

The bonds were issued for the purpose of providing funds, together with other available funds, to pay the costs of various construction projects including the construction of a five level parking deck and sky bridge; construction and equipping of a new orthopedic and spine hospital with the addition of three floors on top of the existing surgical pavilion on NHRMC's main campus; expansion and renovation of the intensive care unit; renovation of the Zimmer Cancer Center; and construction and renovation of the main campus's emergency department; and to refund a portion of the outstanding Series 2006 Bonds.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Interest on the Series 2017 bonds is paid at fixed rates, established at the time of bond issuance. The Series 2017 bonds were originally issued at a premium of \$30,858, which is being amortized under the effective interest method over the life of the bonds. Additionally, NHRMC recorded a deferred outflow of resources of \$6,515 related to the refunding.

Debt Service and Covenants

Under the terms of the Bond indentures and related lease agreement with the County, the Obligated Unit (New Hanover Regional Medical Center, CHA and PQP) is required to make semiannual debt service payments on unpaid fixed rate debt (2006, 2011, 2013 and 2017 bonds), monthly debt service payments on variable rate demand bonds (2008 bonds) and is also required to comply with certain restrictive covenants, including limitations on incurrence of additional debt, limitations on transfer of assets and maintenance of certain measures of financial performance, including a minimum long-term debt service ratio of 1.75 and a cushion ratio of 1.75, for as long as the bonds are outstanding.

The following table sets forth on an historical basis the maximum annual long-term debt service coverage ratio as of September 30, 2018 and 2017, calculated for the Obligated Unit:

	 Years Ended September 30					
Long-term debt service coverage ratio	2018		2017			
Income before capital contributions and operating transfers	\$ 77,579	\$	111,714			
Plus: Depreciation and amortization Interest expense	54,452 13,584		53,161 11,385			
Less: Unrealized gains on investments	23,038		35,000			
Income available for debt service	\$ 122,577	\$	141,260			
Maximum annual debt service Maximum annual debt service coverage ratio	\$ 34,948 3.51	\$	37,906 3.73			
	Septe	mber	30			
Cushion ratio	2018		2017			
Cash Designated by Board	\$ 115,992 574,859	\$	94,343 508,870			
Total unrestricted cash and investments	\$ 690,851	\$	603,213			
Maximum annual debt service Cushion ratio	\$ 34,948 19.77	\$	37,906 15.91			

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

The Series 2006, 2008, 2011, 2013 and 2017 Revenue Bonds are secured by and payable from the net revenue of the Obligated Unit, the money and securities held by the trustee pursuant to the bonds, as well as the income from the temporary investment of these trustee-held funds. Substantially all of the Obligated Unit's revenues, which were \$1,173,606 and \$1,127,221 for the years ended September 30, 2018 and 2017, respectively, are security for the revenue bonds.

Total funds held by the trustee (including amounts as bond paying agent) at September 30, 2018 and 2017, were approximately \$50,671 and \$112,020, respectively.

Scheduled payments of principal and interest on total debt are as follows. (Interest on any variable rate bonds is included at the rates in effect as of September 30, 2018; payments are shown assuming the letter of credit for the 2008 Bonds are renewed throughout the life of the bonds.)

			Total		
			Debt		
Fiscal Year	Principal	Principal Interest			
2019	\$ 18,382	\$ 17,323	\$ 35,705		
2020	16,780	16,670	33,450		
2021	17,220	14,855	32,075		
2022	17,890	14,074	31,964		
2023	18,685	13,262	31,947		
2024-2028	107,360	52,484	159,844		
2029-2033	71,280	28,788	100,068		
2034-2038	33,210	19,525	52,735		
2039-2043	31,205	13,324	44,529		
2044-2048	36,615	5,672	42,287		
	\$ 368,627	\$ 195,977	\$ 564,604		

Interest paid related to the above debt was approximately \$14,835 and \$11,949 during fiscal years ended September 30, 2018 and 2017, respectively.

Other NHRMC Long-Term Liabilities

In connection with the purchase of the New Hanover County Health Department complex in 2017 (see Note 13), NHRMC agreed to pay up to \$19,350 to New Hanover County (the County). As of September 30, 2018, NHRMC's note payable balance to the County was \$2,132, of which \$0 was classified as non-current.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Lower Cape Fear Hospice 2007 Bonds

During the year ended September 30, 2008, LCFH issued \$4,000 of Series 2007 Variable Rate Health Care Facility Revenue Bonds (the LCFH 2007 Bonds) through the North Carolina Medical Care Commission for use by LCFH. The bonds bear interest at a variable rate of London Interbank Offered Rate (LIBOR) plus 1.9%, determined weekly. The bond funds were used to finance construction on a new administrative building in Wilmington, North Carolina, which was completed during fiscal year 2009. Repayment of principal is due annually through October 2027. The LCFH 2007 Bonds are secured by a letter of credit from a bank. Under the terms of the bond, LCFH is required to maintain a minimum long-term debt service coverage ratio of 1.2, LCFH is required to maintain a maximum debt to net position ratio of 0.75 to 1.0; LCFH is required to maintain a cash flow coverage ratio of 1.25 to 1.0; and LCFH's total net position must be more than \$9 million. As of September 30, 2018, LCFH was in compliance with those covenants.

Lower Cape Fear Hospice 2011 Bonds

During the year ended September 30, 2011, LCFH issued \$3,400 of Series 2011 Variable Rate Health Care Facility Revenue Bonds (the LCFH 2011 Bonds) through the North Carolina Medical Care Commission for use by LCFH. The bonds bear interest at a variable rate of 78% of LIBOR plus 1.3%, adjusted monthly. The bond funds were used to finance construction of an inpatient facility in Brunswick County, North Carolina. Repayment of principal is due annually through April 2029. Under the terms of the bond, LCFH is required to maintain a minimum long-term debt service coverage ratio of 1.2. As of September 30, 2018, LCFH was in compliance with those covenants. The loan balance was paid off during fiscal year 2018.

Scheduled payments of principal and interest on the LCFH 2007 and 2011 Bonds are as follows. (Interest on any variable rate bonds is included at the rates in effect as of September 30, 2018):

					Bon	Total ded Debt
Fiscal Year	Principal		Interest		S	Service
2019	\$	200	\$	2	\$	202

2021		200		1		201
2022		200		1		201
2023		200		1		201
2024-2028		1,500		2		1,502
	\$	2,500	\$	8	\$	2,508

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Lower Cape Fear Hospice Notes Payable

During the year ended September 30, 2009, LCFH converted short-term debt into a long-term loan with financing provided by USDA Rural Development. The funds were used to construct an inpatient facility in Whiteville, North Carolina. The total amount of the loan was approximately \$2,071. This loan was refinanced in July 2013. The original amount was \$2,000. The loan has a fixed interest rate of 3.45% and matures in August 2028. The loan is carried on the financial statements as of September 30, 2018, at approximately \$1,618. The Whiteville Care Center serves as collateral.

During the year ended September 30, 2012, LCFH borrowed \$1,230 from First Citizens Bank to purchase land adjacent to its other facilities. The loan has a fixed interest rate of 3.35% and a repayment of 15 years. The loan is carried on the financial statements as of September 30, 2018, at approximately \$795. The land serves as collateral.

During the year ended September 30, 2014, LCFH obtained a construction loan from First Citizens Bank with a maximum draw of \$4,000 for the expansion and renovation of the Wilmington inpatient facility and for site parking and service road additions on the Wilmington campus. The construction began in 2013, resulting in a drawn down balance of \$3,856. The facility opened and began serving patients in November 2014. The loan has a fixed interest rate of 3.45% and a maturity date of August 2028. The loan is carried on the financial statements as of September 30, 2018, at approximately \$3,231.

During the year ended September 30, 2014, LCFH acquired Mercy Care of Horry County, and assumed a mortgage loan on its facility on Devon Court, Myrtle Beach, South Carolina. In August 2016, the loan was refinanced with a balance of \$700. The mortgage loan is from First Citizens, and has a fixed interest rate of 3.4% and matures in August 2026. The loan was paid in full as of September 30, 2017.

Scheduled principal repayment on these notes payables are as follows:

Fiscal Year	Amount
2019	\$ 332
2020	343
2021	356
2022	369
2023	382
Thereafter	 3,862
	5,644
Less current portion	 (332)
	\$ 5,312

Swaps associated with 2005 and 2008 bonds

As a means to lower its borrowing costs when compared against fixed-rate bonds at the time of the issuance of the Series 2005 Variable Rate Hospital Revenue Refunding Bonds, NHRMC entered into two separate interest rate swaps in connection with the bonds.

With the issuance of the 2013 Bonds to redeem the Series 2005 Bonds, NHRMC partially terminated swaps held in connection with the Series 2005 Bonds. The remaining swaps totaling \$37,000 were restructured to hedge the Series 2008 Bonds until 2026.

The terms, fair values and underlying bond issues of the outstanding swaps as of September 30, 2018 and 2017, are shown in the table above (in thousands). The notional amounts of the swaps approximate the principal amounts of the associated debt.

Notes to Financial Statements (Dollars in Thousands)

Note 8. Derivative Investments (Continued)

During the year ended September 30, 2013, the swaps were restructured in conjunction with the issuance of the 2013 Bonds, the remaining swaps held to hedge the Series 2008 Bonds were determined to be ineffective hedging derivative instruments under the provisions of GASB 53. Therefore, the entire fair value of the ineffective swaps in the amount of \$5,404 as of September 30, 2013, was recorded as a component (a decrease) of net increase in fair value of investments in the statements of revenues, expenses, and changes in net position. For the years ended September 30, 2018 and 2017, the net change in fair value of \$1,678 and \$2,006, respectively, has been recorded as a component of net increase (decrease) in fair value of investments in the statements of revenues, expenses and changes in net position.

As a result of the negative position, NHRMC is not exposed to credit risk at September 30, 2018. However, should interest rates change and the fair value of the swap become positive, NHRMC would be exposed to credit risk in the amount of the swap's fair value.

NHRMC or the counterparties may terminate the swap if the other party fails to perform under the terms of the contract or there is a termination event, as defined in the contract. If the swaps are terminated, the variable rate bonds would no longer carry a synthetic interest rate. Also, if at the time of termination the swaps have negative fair values, NHRMC would be liable to the counterparties for payments equal to the swaps' fair values.

Basis Swap

During fiscal year 2002, NHRMC entered into a 19-year interest rate swap (basis swap) agreement, with a notional amount of \$50 million related to its Series 1999 Hospital Revenue Bonds. NHRMC's objective was to have a mixture of fixed- and variable-rate debt to take advantage of market fluctuations. Because NHRMC anticipated that interest rates might decline, NHRMC decided to synthetically create variable-rate debt by entering into a derivative. Terms of the rate swap agreement is described below.

Based on the swap agreement, NHRMC owes the counterparty interest calculated at a variable rate of the weighted-average BMA Municipal Bond Swap Index to the counterparty to the swap. In return, the counterparty owes NHRMC interest based on 73.875% of weighted-average one month US LIBOR. Under the swap agreement, only the net difference in the interest payments is actually exchanged with the counterparty. Settlement payments under the swap agreement are exchanged semi-annually. The notional amounts are not exchanged; they are only the basis on which the interest payments are calculated.

As of September 30, 2018, the basis swap has an estimated fair value of approximately \$176 which is recorded as an asset for interest rate swap agreements in the statement of net position. As of September 30, 2017, the basis swap has an estimated negative fair value of approximately \$72 which is recorded as a liability for interest rate swap agreements in the statement of net position. Under the provisions of GASB 53, the basis swap qualifies as an investment derivative instrument and therefore, changes in fair value of \$248 and \$402 for the years ended September 30, 2018 and 2017, respectively, have been recorded as a component of net increase (decrease) in fair value of investments in the statements of revenues, expenses and changes in net position.

Notes to Financial Statements (Dollars in Thousands)

Note 8. Derivative Investments (Continued)

As a result of the negative position, NHRMC is not exposed to credit risk at September 30, 2018. However, should interest rates change and the fair value of the swap become positive, NHRMC would be exposed to credit risk in the amount of the swap's fair value. NHRMC's objective for holding the basis swap was to preserve short-term cash resources in a market that was not favorable to the performance of the basis swap. NHRMC or the counter-party may terminate the swap if the other party fails to perform under the terms of the contract. If, at the time of the termination, the swap has a negative fair value, NHRMC would be liable to the counterparty for a payment equal to the swap's fair value.

LCFH Swap

LCFH hedged \$2,000 of its interest rate exposure associated with the LCFH 2007 Bonds through an interest rate swap agreement with a bank. As of September 30, 2018 and 2017, the \$1,250 and \$1,350 notional amounts, respectively, are hedged at an interest rate of 3.885%. Based on market tax exempt interest rates of about 0.020% and 0.020% the present value of cash payment under the swap arrangement is a negative position of approximately \$101 and \$164 as of September 30, 2018 and 2017, respectively, which is recognized as a liability. The objective of the swap agreement was to effectively change one half of the LCFH 2007 Bonds' variable rate to a fixed rate of 3.885%, to provide LCFH with a reduced possibility of a negative budget outcome. This swap has been effective from inception through September 30, 2018. The term of the LCFH 2007 Bonds and the swap are essentially the same: 20 years.

Credit Risk. The counterparty carries a guarantee by an entity rated A1 by Moody's Investors Service, A by Standard & Poor's and A+ by Fitch Ratings.

Basis Risk. All interest rates in the swap are based on BMA and no basis risk exists.

Termination Risk. If at the time of termination the swap has a negative fair value, LCFH would be liable to the counterparty for a payment equal to the swap's fair value.

A summary of future debt payments is as follows:

	Series 2007 Variable Rate Bonds				Inter	est Rate	
Fiscal Year	Р	rincipal	Int	erest	Swa	aps, Net	Total
2019	\$	200	\$	2	\$	103	\$ 305
2020		200		1		95	296

2022		200		1		76	277
2023		200		1		50	251
2024-2028		1,500		2		240	1,742
	\$	2,500	\$	8	\$	649	\$ 3,157

Notes to Financial Statements (Dollars in Thousands)

Note 9. Risk Management

NHRMC, CHA, LCFH and PMH are exposed to various risks of loss in the ordinary course of business as a result of torts, theft of, damage to, or destruction of assets, business interruption, allegations of medical malpractice (hospital professional liability), natural disasters, employee and officer errors and omissions, and employee workers' compensation and medical claims.

NHRMC purchases commercial insurance coverage against risk of loss due to errors and omissions. fiduciary liability, property damage and theft, pollution liability and various other insurable risks. NHRMC carries property insurance in the amount of \$750,000 for 2018 and 2017 with a deductible of \$100 for all perils except named windstorm. For 2018 and 2017, the minimum deductible for named storm is \$5,000 per location, with a maximum deductible of \$25,000 per location. For 2018 and 2017, NHRMC was self-insured for workers' compensation and employer's liability up to \$350 per claim. Statutory limits apply to worker's compensation. For 2018 and 2017, NHRMC was also self-insured for professional liability and general liability claims up to \$5,000. There was a \$20,000 annual aggregate retention in 2018 and 2017. In both 2018 and 2017, hospital professional liability and general liability stop loss coverage is on a claims made basis; general liability is written on an occurrence basis. Excess commercial insurance is purchased to provide coverage above the self-insured retention levels for hospital professional liability and general liability. NHRMC is fully self-insured for hospital professional liability claims incurred prior to June 25, 2002, but not reported as of that date. No payments have exceeded insurance coverage in the past three fiscal years where insurance coverage applies, subject to the deductibles and retentions noted above. NHRMC is self-insured for employee medical claims up to \$350 per individual, excluding costs associated with domestic claims (claims for services provided at NHRMC).

NHRMC records an estimated liability for unpaid medical claims based upon reserve amounts and/or historical trends calculated by the third party administrators of the plans. The liabilities for workers' compensation, hospital professional liability and general liability claims are accrued at estimated amounts as determined by a third party actuary.

Following is a reconciliation of changes in NHRMC's recorded aggregate liability for claims, which is included in professional liability claims and other self-funded liabilities. Provisions for claims are primarily included in salaries, wages and benefits, and other expense on the statements of revenues, expenses and changes in net position.

	Years Ended September 30						
		2018		2017		2016	
Beginning liability	\$	22,243	\$	22,690	\$	24,774

Payments for claims		(75,724)		(76,360)		(65,874)	
Administrative fees		(4,206)		(4,005)		(4,009)	
Ending liability	\$	26,794	\$	22,243	\$	22,690	

The combined component units' risk management disclosures are not considered significant to the reporting entity.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations

NHRMC and PMH provide defined benefit pension plans, which are summarized as follows:

NHRMC Plan Description: NHRMC sponsors and has fiduciary responsibility for The Pension Plan of New Hanover Regional Medical Center (the NHRMC Plan). The Plan was originally effective June 14, 1967, and was most recently amended in December 2012 to comply with the Heroes Earnings Assistance and Relief Tax Act of 2008. The Plan is a single employer plan, covering all employees of NHRMC (including Foundation) and certain employees of CHA who meet eligibility requirements. The Plan was created by act of the Trustees of New Hanover Regional Medical Center, who have the authority to amend or terminate the Plan.

Benefits Provided: An employee is eligible to participate in the plan upon completion of 1,000 hours of service in a plan year. Employees may retire with unreduced retirement benefits upon attainment of the age of 65 (if participation in the plan was prior to January 1, 1988) or the later of age 65 or completion of five years of participation (if participation in the plan was on or after January 1, 1988). Employees hired prior to January 1, 2001 who retire under the above conditions are entitled to annual retirement benefits equal to 1.25% of their average compensation times the years of service up to 30 years and .65% of the excess, if any, of the average compensation over Social Security covered compensation, times the years of service up to 30 years. Employees hired on or after January 1, 2001, who retire under the above conditions are entitled to annual retirement benefits equal to .75% of their average compensation times the years of service up to 30 years and .65% of the excess, if any, of the average compensation over Social Security covered compensations, times the years of service up to 30 years. The average compensation is the average salary of the employee during the five highest paid consecutive calendar years of creditable service during the ten calendar years preceding the employee's retirement date.

Employees may retire with reduced retirement benefits after reaching age 55 and completing five years of creditable service. Plan provisions also include death and disability retirement benefits, whereby the disabled employee is entitled to receive their normal retirement benefit accrued up to the date of disability retirement. Upon death of an employee before retirement, benefit payments will be paid to the surviving spouse, if any. If there is no surviving spouse, the death benefit will be split among surviving children or paid to a designated beneficiary. Upon the death of an employee after retirement, benefit payments will be distributed in accordance with the method elected by the employee.

Contributions: The contribution requirements of the contributing employers to the NHRMC plan are established by the Plan document and determined annually by NHRMC based on actuarial recommendations. Contributions to the pension plan from NHRMC were \$15,551 for the year ended September 30, 2018.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2018, NHRMC reported a net pension obligation of \$50,113. The net pension obligation was measured as of September 30, 2017. The total pension liability used to calculate the net pension obligation was determined by an actuarial valuation as of January 1, 2017. The total pension liability was then rolled forward to the measurement date of September 30, 2017, utilizing update procedures incorporating the actuarial assumptions.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

For the year ended September 30, 2018, NHRMC recognized pension expense of \$15,823. At September 30, 2018, NHRMC reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Οι	Deferred utflows of esources	Deferred Inflows of Resources		
Differences between expected and actual experience Net difference between projected and actual earnings	\$	8,728	\$ 764		
on pension plan investments		-	5,646		
Assumption changes		-	4,796		
Contributions made in fiscal year ending September 30, 2018		15,551			
Total	\$	24,279	\$ 11,206		

Deferred outflows of resources of \$15,551 related to pensions resulting from NHRMC's contributions subsequent to the measurement date will be recognized as a decrease of the net pension obligation in the year ended September 30, 2018. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

Years ending September 30:	
2019	\$ 656
2020	1,777
2021	(3,137)
2022	 (1,774)
	\$ (2,478)

Actuarial Assumptions – The total pension liability in the January 1, 2017, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases	3.00%
Investment rate of return	7.0%, net of pension plan investment
	expense, including inflation

Mortality rates were based on the RP-2006 with generational MP-2015 projection.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of September 30, 2017, are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Large Cap U.S. Equity	40.00%	4.50%
Small Cap U.S. Equity	5.00%	4.99%
International Equity	2.50%	4.99%
Emerging Markets Equity	7.50%	6.35%
Core U.S. Fixed Income	17.50%	1.96%
High Yield Bonds	7.50%	2.25%
Emerging Market Bonds (Corporate USD)	2.50%	3.52%
Emerging Market Bonds (Sov. Local)	5.00%	4.30%
Hedge Fund-of-Funds Universe	5.00%	3.32%
Commodities	7.50%	3.62%
Total	100.00%	•

Discount rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the net pension liability to changes in the discount rate – The following presents NHRMC's net pension liability calculated using the discount rate of 7.00%, as well as what the NHRMC's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	 1% (6.00%)	Discount (7.00%)	1% (8.00%)
Total pension liability Plan fiduciary net position	\$ 317,579 237,127	\$ 287,239 237,126	\$ 267,500 237,127 \$ 30,373
Net pension liability	\$ 80,452	\$	50,113

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued, stand-alone financial report that can be obtained by contacting the office of the Executive Vice President/CFO, P.O. Box 9000, Wilmington, North Carolina 28402.

PMH Plan Description

PMH sponsors a single-employer, non-contributory defined benefit pension plan covering substantially all employees. The Plan was originally effective January 1, 1970, and was most recently amended and restated effective January 1, 2009.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Benefits Provided

All employees having completed two years of service who are at least 21 years old and work a minimum of 1,000 hours annually are eligible to participate in the Plan. Retirement benefits under the Plan are based upon earnings and number of years of service of Plan participants. Employer benefits vest to 100% after 5 years of service. Employees hired prior to January 1, 1992, who retire under the above conditions are entitled to annual retirement benefits equal to 1% of their 1991 annual benefit compensation as defined by the Plan times the years of service prior to January 1, 1992, and .5% of their 1991 annual benefit compensation in excess of \$9 times the years of service after January 1, 1992. Personnel employed on or after January 1, 1992, who retire at or after age 65 with five years of credited service are entitled to an annual retirement benefit, payable monthly for a maximum of 35 years based on service to normal retirement date, in an amount equal to .75% of their average compensation as defined by the Plan and .65% of average compensation in excess of the applicable covered compensation for Social Security purposes for each year of credited service after December 31, 1991. Credited service for the .5% and .65% portions is limited to a maximum of 35 years. Employees may retire with reduced retirement benefits after reaching age 60 and completing ten years of creditable service. The Plan also provides a death benefit for surviving spouses of vested employees.

Contributions

The contribution requirements of the contributing employer to the Plan are established by the Plan document and determined annually by PMH based on actuarial recommendations. Employee contributions were required prior to January 1, 1992, based on 3% of their annual salary up to \$9 and 4.5% of annual salary over \$9. No employee contributions are required or permitted after 1991. Contributions to the pension plan from PMH were \$567 for the year ended September 30, 2018.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2018, PMH reported a net pension obligation of \$3,179. The net pension obligation was measured as of September 30, 2017. The total pension liability used to calculate the net pension obligation was determined by an actuarial valuation as of January 1, 2017. The total pension liability was then rolled forward to the measurement date of September 30, 2017, utilizing update procedures incorporating the actuarial assumptions.

For the year ended September 30, 2018, PMH recognized pension expense of \$532. At September 30, 2018, PMH reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Out	eterred flows of sources	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings	\$	136	\$ 9
on pension plan investments		-	44
Assumption changes		-	103
Contributions made in fiscal year ending September 30, 2018		567	-
Total	\$	703	\$ 156

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Deferred outflows of resources of \$567 related to pensions resulting from PMH's contributions subsequent to the measurement date will be recognized as a decrease of the net pension obligation in the year ended September 30, 2018. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending September 30:	
2019	\$ (1)
2020	45
2021	(36)
2022	 (28)
	\$ (20)

Actuarial assumptions – The total pension liability in the January 1, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.1%
Salary increases	3.0%
Investment rate of return	7.0%, net of pension plan
	investment expense, including inflation

Mortality rates were based on the RP-2014 with generational MP-2015 projection.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of September 30, 2017, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return		
Domestic Equity (Large Cap)	40.00%	4.50%		
Domestic Equity (Earge Cap) Domestic Equity (Small Cap)	5.00%	5.00%		
International Equity	10.00%	5.00%		
Core U.S. Fixed Income	44.00%	2.00%		
Cash	1.00%	1.20%		
Total	100.00%			

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Discount rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued) Supplemental Retirement Plans

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued, stand-alone financial report that can be obtained by contacting Ed Ollie, Executive Vice President/CFO, PO Box 9000, Wilmington, North Carolina 28402.

In addition, NHRMC offers two supplemental retirement plans under IRC Section 457(f) to certain eligible employees. NHRMC has recorded a liability of approximately \$1,501 and \$2,067 as of September 30, 2018 and 2017, respectively, in accordance with the provisions of these plans.

NHRMC has assumed assets and liabilities of the former Cape Fear Memorial Hospital, Inc. deferred compensation plan. The assets are valued at fair value as of the statement of net position date. There are no additional deferrals being made to the plan and no active employees participating. NHRMC has recorded a liability of approximately \$235 as of September 30, 2018 and 2017, in accordance with the provision of this plan.

Note 11. Defined Contribution Retirement Plans

NHRMC offers a defined contribution plan under IRS code section 403(b) which is available to all employees and administered by AIGValic. Under provisions of the Plan document, NHRMC matches employee contributions according to a Plan formula, which is weighted for years of service. This match was suspended in January 2010. Employee contributions vest when made, employer contributions vest after three calendar years of service with 1,000 hours worked in each year.

Employee optional contributions totaled approximately \$12,840 and \$11,515 for the years ended September 30, 2018 and 2017, respectively. Employee contribution percentages were 3.7% and 3.6% of total payroll for the years ended September 30, 2018 and 2017, respectively. There were no employer matching contributions by NHRMC for the years ended September 30, 2018 and 2017.

NHRMC also offers all employees a retirement plan created in accordance with the Internal Revenue Code, Section 457(b). NHRMC is not required to match employee contributions or make employer contributions to the plan. In accordance with the provisions of GASB Statement 32, plan balances and activities are not reflected in NHRMC's financial statements.

CHA offers a defined contribution plan under IRS code section 403(b) which is available to all employees and administered by AIGValic. Under provisions of the Plan document, CHA matches employee contributions according to a Plan formula, which is weighted for years of service. Employee contributions vest when made, employer contributions vest after three calendar years of service with 1,000 hours worked in each year.

Notes to Financial Statements (Dollars in Thousands)

Note 11. Defined Contribution Retirement Plans (Continued)

CHA employer required and actual matching contributions totaled approximately \$911 and \$909, and employee optional contributions totaled approximately \$1,783 and \$1,697 for the years ended September 30, 2018 and 2017, respectively. Employer matching contribution percentages were 2.26% and 2.27%, and employee contribution percentages were 4.42% and 4.24% of total payroll for the years ended September 30, 2018 and 2017, respectively.

As of January 1, 2009, LCFH adopted a defined contribution plan under IRS code section 403(b) and an elective deferral plan. The plans cover qualified employees of LCFH, which are generally all employees.

LCFH can match contributions to the 403(b) plan, but is not required to do so. Employer contributions vest after three complete years of service. During the year ended September 30, 2015, management elected to discontinue the employer retirement contribution.

PMH offers a defined contribution plan under IRS code section 403(b), which is available to all employees and is administered by AIGValic. There is no match made by PMH; all contributions are made by employees only. Employee contributions vest when made.

Note 12. Investment in Affiliates

South Atlantic Radiology Oncology, LLC

In February 2005, NHRMC entered into a joint venture agreement to form South Atlantic Radiation Oncology, LLC (SARO). NHRMC has committed to contribute capital for 50% ownership in the joint venture. South Atlantic Radiation Oncology, LLC was formed to provide essential radiation oncology services for patients in Southeastern North Carolina.

Atlantic Surgicenter, LLC

In March 2005, NHRMC invested in Atlantic Surgicenter, LLC (Surgicenter), a joint venture formed to operate a freestanding ambulatory surgery center consisting of four general operating rooms and one non-licensed procedure room, located in New Hanover County, North Carolina. In July 2016, NHRMC acquired 100% ownership in Atlantic Surgicenter, LLC. NHRMC plans to recapitalize its investment in Surgicenter in future years. NHRMC's investment in Surgicenter is recorded in other long-term assets as of September 30, 2018 and 2017.

Porters Neck Imaging, LLC

Also in 2005, NHRMC entered into a joint venture agreement to form Porters Neck Imaging, LLC (PNI), committing to contribute capital for a 50% ownership in the joint venture. PNI was formed to provide mobile MRI services to New Hanover and surrounding counties.

Notes to Financial Statements (Dollars in Thousands)

Note 12. Investment in Affiliates (Continued)

Dosher/NHRMC, LLC

In April 2007, NHRMC entered into a joint venture agreement to form Dosher/NHRMC, LLC. NHRMC has committed to contribute capital for a 50% ownership in the joint venture. The purpose of the joint venture is to operate healthcare related facilities and provide healthcare services in Brunswick County, North Carolina in a manner that furthers the charitable and tax-exempt purposes of the members.

Assuring Affordable, Quality Healthcare in North Carolina, LLC

In March 2012, NHRMC entered into a joint venture agreement to acquire and maintain a 10% ownership in the newly formed company, Assuring Affordable, Quality Healthcare in North Carolina, LLC (AAQHNC). This company conducts advocacy activities in support of North Carolina state laws that are designed to ensure access to safe, affordable, quality healthcare.

Provider-Led, Patient-Centered Care of North Carolina, LLC

In April 2015, NHRMC entered into a joint venture agreement to acquire and maintain a 9% ownership in the newly formed company, Provider-Led, Patient-Centered Care of North Carolina, LLC (PLPCC). This entity was formed to develop and plan for the creation of a statewide Medicaid health maintenance organization in anticipation of action by the North Carolina General Assembly to convert the North Carolina Medicaid Program to a managed care system.

Diagnostic Imaging Partners, LLC

Effective March 1, 2017, NHRMC entered into a joint venture with Delaney Members as a 50% member. This entity was formed to provide diagnostic imaging services to the Onslow county area.

Notes to Financial Statements (Dollars in Thousands)

All investments noted above are included in the Investment in affiliates in the statements of net position. The net income (loss) of all equity investments is included in equity in net income of joint ventures in the statements of revenues, expenses and changes in net position.

Notes to Financial Statements (Dollars in Thousands)

Note 13. New Hanover County Transaction

In July 2017, NHRMC entered into an agreement with New Hanover County to purchase the New Hanover County Health Department complex to alleviate parking needs and facilitate the future expansion of operations. The complex consists of four buildings and associated parking immediately adjacent to NHRMC's main campus. Under the agreement, NHRMC agreed to pay up to \$19,350 to the County. The County will use the proceeds of this transaction to construct a new health department facility, including parking. If the total costs of the new facility, including parking, are less than the \$19,350 purchase price of the complex, the County will return the difference to NHRMC.

Terms of repayment require installments at varying amounts, with no stated rate of interest, every three months beginning September 1, 2017 through December 1, 2018, with an installment of up to \$350 due upon request by the County.

Additionally, NHRMC agreed to lease the complex back to the County for a three-year term, at a cost of \$1 per year, with the County having the unilateral right to extend the lease for one additional annual term, if necessary to allow time to complete the construction of the new facility.

As NHRMC is a component unit of the County, the land and building were recorded at the depreciated carrying value of the County of \$3,437, with the purchase price paid by NHRMC in excess of the carrying value of the complex of \$15,250 recorded as Excess Consideration on Purchase of Assets in special items.

At September 30, 2018, the outstanding balance was \$2,132 included in notes and bonds payable on the statement of net position.

Note 14. Contingencies

NHRMC is aware of various asserted and unasserted claims. Management has been unable to reasonably estimate the amount of the loss, if any, relative to these claims, since the ultimate resolution of these matters will be dependent upon future events. Management believes that these claims can be successfully defended and intends to challenge the allegations of these matters in every way and does not plan to seek out-of-court settlements. In the event that judgments adverse to their interests should be rendered, management feels any liability will be fully covered by existing insurance or not be material to the financial statements.

NHRMC strives to be paid appropriately for services it provides, but third-party payors continue to provide lower rates of payments. In recent years, there have been numerous federal legislative and administrative actions, including the Health Care Reform Act, that have reduced the rate of increase in Medicare payments to hospitals and other health care providers. The federal government has also reduced the share of federal matching payments made to the states to subsidize the cost of Medicaid. Accordingly, NHRMC funding from Medicare and Medicaid is likely to be reduced prospectively.

Notes to Financial Statements (Dollars in Thousands)

Note 14. Contingencies (Continued)

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. NHRMC believes that they are in compliance with all applicable laws and regulations and are not aware of any significant pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties and exclusion from the Medicare and Medicaid programs.

Note 15. Physician Practice Management Commitments

CHA has engaged Carolinas Physician Network (CPN), a physician practice network within the nonprofit corporation of Carolinas HealthCare Systems, through contractual agreements, to operate and manage most of the medical practices owned by CHA and provide certain professional medical services for each of those practices. CPN provides physicians and mid-level providers to operate most of the medical practices owned by CHA and provides certain professional medical services for each of those practices. In exchange, CHA pays a flat annual fee adjusted annually to equal the estimated compensation of the Practice Providers. In its role as manager, CPN provides management and billing services, practice acquisition services, provider recruiting, and access to its practice management system. Fees under the management agreement are based on the number and specialties of the practices. The Management Services and Professional Services Agreements, amended in 2017, expires September 30, 2022, and may be renewed for successive one-year terms. During the years ended September 30, 2018 and 2017, CHA paid \$93,559 and \$85,171, respectively, to CPN under these agreements, including \$81,357 and \$72,701, respectively, for physician fees, and \$12,202 and \$12,470, respectively, for all other administrative services. CHA had \$2,236 and \$5,026 of physician fees payable to CPN as of September 30, 2018 and 2017, respectively, recorded in accounts payable and other liabilities.

Note 16. Storm Related Losses

During September 2018, NHRMC incurred storm related losses due to the impact of Hurricane Florence, including additional personnel costs, inventory write-offs, and associated expenses related to preparation and recovery efforts. No amounts have been recorded for asset impairment at September 30, 2018; NHRMC management is continuing to evaluate the impact on property and equipment. NHRMC revenues were significantly below management forecasts for the month of September 2018, and NHRMC expects to file for business interruption losses. No amounts have been recorded for insurance recoveries at September 30, 2018. Identified losses to date of \$15,872 recorded due to Hurricane Florence were included in Other nonoperating loss for 2018.

Notes to Financial Statements (Dollars in Thousands)

Note 17. Pending GASB Statements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements prior to September 30, 2018, that have effective dates that may impact future financial presentations.

In January 2016, GASB issued GASB Statement Number 84, *Fiduciary Activities*, which improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The provisions of this Statement are effective for NHRMC and its component units beginning with its year ending September 30, 2020.

In June 2017, GASB issued GASB Statement Number 87, *Leases*, which increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for agreements that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending September 30, 2021.

In April 2018, GASB issued GASB Statement Number 88, *Certain Disclosures Related to Debt*, which clarifies which liabilities governments should include in their note disclosures related to debt. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending September 30, 2019.

In June 2018, GASB issued GASB Statement Number 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which establishes guidance designed to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period. It also simplifies accounting for interest cost incurred before the end of a construction period. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending September 30, 2021.

In August 2018, GASB issued GASB Statement Number 90, *Majority Equity Interests*, which clarifies the accounting and financial reporting requirements for a state or local government's majority equity interest in an organization that remains legally separate after acquisition. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending September 30, 2020.

Independent Auditor's Report

RSM US LLP

Board of Trustees New Hanover Regional Medical Center

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities, the aggregate discretely presented component units and the fiduciary fund information of New Hanover Regional Medical Center (NHRMC), a component unit of New Hanover County, North Carolina, as of and for the years ended September 30, 2019 and 2018, the related notes to the financial statements, which collectively comprise NHRMC's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We did not audit the financial statements of Lower Cape Fear Hospice, Incorporated, which is a discretely presented component unit, and which comprises 48% and 55% of the assets, 59% and 60% of the net position and 12% and 13% of the revenues of the aggregate discretely presented component units as of and for the years ended September 30, 2019 and 2018, respectively. Those financial statements were audited by another auditor whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Lower Cape Fear Hospice, Incorporated, is based solely on the report of the other auditor. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The fiduciary fund information and the financial statements of Carolina Healthcare Associates, Inc.; Pender Memorial Hospital, Incorporated; Physician Quality Partners, LLC; and Lower Cape Fear Hospice, Incorporated, the aggregate discretely presented component units; and New Hanover Regional Medical Center Foundation, Inc., a blended component unit, were not audited in accordance with Government Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

THE POWER OF BEING UNDERSTOOD AUDIT | TAX | CONSULTING

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audits and the reports of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, the aggregate discretely presented component units and the fiduciary fund information of New Hanover Regional Medical Center as of September 30, 2019 and 2018, and the respective changes in financial position and cash flows, thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis on pages 5-10, the Pension Plan of NHRMC's Changes in Net Pension Liability and Related Ratios and Schedule of Contributions on pages 73-74, and the Pension Plan of PMH's Changes in Net Pension Liability and Related Ratios and Schedule of Contributions on pages 75-76 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise NHRMC's basic financial statements. The supplementary information listed in the contents under supplementary information is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the contents under supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, based on our audits, the procedures performed as described above, and the reports of the other auditor, the accompanying supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our reports dated December 9, 2019 and December 10, 2018, on our consideration of NHRMC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of these reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. These reports are an integral part of audits performed in accordance with *Government Auditing Standards* in considering NHRMC's internal control over financial reporting and compliance.

RSM US LLP

Wilmington, North Carolina December 9, 2019 (This Page Was Intentionally Left Blank)

New Hanover Regional Medical Center (A Component Unit of New Hanover County, North Carolina)

Management's Discussion and Analysis For the Fiscal Years Ended September 30, 2019 and 2018

Management's discussion and analysis of New Hanover Regional Medical Center's (NHRMC) financial performance provides an overview of the Medical Center's activities for the fiscal years ended September 30, 2019 and 2018. Except as otherwise noted, the financial highlights in this analysis refer exclusively to New Hanover Regional Medical Center and its blended component unit (NHRMC).

FINANCIAL HIGHLIGHTS

For the year ended September 30, 2019

NHRMC's net position increased over the prior year by \$107.5 million (11.2%).

NHRMC reported operating income of \$110.8 million or \$28.9 million more than prior year.

Total non-operating activity resulted in net expenses of \$3.2 million representing a net expense increase of \$2.3 million over the prior year's net non-operating expense of \$0.9 million.

For the year ended September 30, 2018

NHRMC's net position increased over the prior year by \$79.8 million (9.1%).

NHRMC reported operating income of \$82.0 million or \$4.3 million less than prior year.

Total non-operating activity resulted in net expenses of \$0.9 million representing a net revenue decrease of \$29.4 million over the prior year's net non-operating revenue of \$28.5 million.

SUMMARY OF NEW HANOVER REGIONAL MEDICAL CENTER

The reporting entity includes New Hanover Regional Medical Center, as well as New Hanover Regional Medical Center Foundation, Inc., blended component unit (collectively, NHRMC), Carolina Healthcare Associates, Inc. (CHA), The Pension Plan of New Hanover Regional Medical Center, Pender Memorial Hospital, Incorporated (PMH), Physician Quality Partners, LLC (PQP) and Lower Cape Fear Hospice, Incorporated (LCFH). CHA, PQP, PMH and LCFH are discretely presented component units. The reporting entity's business activities are presented in the Audited Financial Statements as Totals (Memorandum Only).

USING THIS ANNUAL REPORT

The Annual Financial Report includes the basic financial statements and notes to the financial statements. In using the statements, please refer to Note 1 of the basic financial statements for additional information regarding the definition of the reporting entity, blended component units and discretely presented component units.

The financial statements report information about NHRMC using full accrual accounting methods as utilized by similar business activities in the private sector. The financial statements include a statement of net position; a statement of revenues, expenses and changes in net position; a statement of cash flows; fiduciary fund information; and notes to the financial statements. The statements of net position present the financial position of NHRMC on a full accrual, historical cost basis. While the statements of net position provide information about the nature and amount of resources and obligations at year-end, the statement of revenues, expenses and changes in net position presents the results of the business activities over the course of the fiscal year and information as to how net position changed during the fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows.

The statements of cash flows present changes in cash and cash equivalents, resulting from operating, financing and investing activities. This statement presents cash receipts and cash disbursements information, without consideration of the earnings event, when an obligation arises, or the depreciation of capital assets.

Fiduciary fund information is included as a result of NHRMC's fiduciary responsibility for a defined benefit plan it sponsors.

The notes to the financial statements provide required disclosures and other information that are essential to a full understanding of the material data provided in the financial statements. The notes present information about NHRMC's accounting policies, significant account balances and activities, material risks, obligations, commitments, contingencies and subsequent events, if any. Supplementary information presents the financial data of each entity blended to form NHRMC as reported in the financial statements, as well as the financial data for each of the discretely presented component units. The activity of the blended component unit is not considered to be materially significant as compared to the activity of NHRMC (the Primary Government).

The financial statements were prepared by NHRMC's staff from the detailed books and records of NHRMC.

Net position, ending	\$	1,068,667	\$	961,136	\$	881,359			

For the year ended September 30, 2019

Total operating revenue increased \$124.3 million (12.0%). The increase in operating revenue is largely due to increased utilization of both inpatient and outpatient services, and a 4.1% charge rate increase.

Total operating expenses increased \$95.5 million (10.0%). The increased utilization of services as described above contributed to the increase in operating expense. Costs for medical supplies and other expenses rose above the rate of increase in revenues, while costs for personnel, professional fees, depreciation, purchased services, and depreciation rose at a rate below revenue growth. Increases in medical supplies expenses were due to technological advancements designed to improve patient outcomes and increased utilization. Purchased services costs increased as a result of increases in other contracted purchased services. Personnel costs increased as a result of higher wages due to market pressures combined with increases in the Hospital's benefit costs. NHRMC continues to ensure that wage and benefit costs remain competitive while managing productivity through staffing targets along with increased focus on employee health and wellness. These activities continue to ensure personnel costs trend in line with revenue growth. Professional fees increased due to increased physician fees. Other expenses increased due to provisions for professional liability claims.

Operating income reflects income earned from operations before consideration of any interest income from investments, interest expense or other non-operating income. Operating income increased approximately \$28.9 million as a result of increased patient volumes as well as implemented strategies to increase operational efficiency.

Income before capital contributions and transfers increased \$26.6 million reflecting income from operations along with interest earned on investments, increases and decreases in the fair value of investments, interest expense, and other non-operating items. Nonoperating revenues decreased primarily due to decreases in the fair value of investments. This activity, when added to the decrease in operating income, accounted for the change from the prior year.

For the year ended September 30, 2018

Total operating revenue increased \$67.0 million (6.9%). The increase in operating revenue is largely due to increased utilization of both inpatient and outpatient services, and a 5.0% charge rate increase.

Total operating expenses increased \$71.3 million (8.0%). The increased utilization of services as described above contributed to the increase in operating expense. Costs for medical supplies and purchased services rose above the rate of increase in revenues, while costs for personnel, professional fees, depreciation, and other expenses rose at a rate below revenue growth. Increases in medical supplies expenses were due to technological advancements designed to improve patient outcomes and increased utilization. Purchased services costs increased as a result of increases in funding provided to component units. Personnel costs increased as a result of higher wages due to market pressures combined with increases in the Hospital's benefit costs. NHRMC continues to ensure that wage and benefit costs remain competitive while managing productivity through staffing targets along with increased focus on employee health and wellness. These activities continue to ensure personnel costs trend in line with revenue growth. Professional fees increased due to increased physician fees.

Operating income reflects income earned from operations before consideration of any interest income from investments, interest expense or other non-operating income. Operating income decreased approximately \$4.3 million due to the impact of Hurricane Florence (Note 16). Revenues were significantly below management forecasts for the month of September 2018 resulting from cancellations and closures.

Income before capital contributions and transfers decreased \$33.7 million reflecting income from operations along with interest earned on investments, increases and decreases in the fair value of investments, interest expense, and other non-operating items. Nonoperating revenues decreased primarily due to the impact of Hurricane Florence, including additional personnel costs, inventory write-offs, and associated expenses related to preparation and recovery efforts. This activity, when added to the decrease in operating income, accounted for the change from the prior year.

September 30, 2019

Total assets and deferred outflows of resources have increased by \$97.6 million over the past fiscal year end.

The increase in current assets is primarily due to an increase in cash and cash equivalents as a result of operations. Increases in noncurrent assets are the result of additional excess funds invested from operations and construction of capital assets with bond proceeds.

Total liabilities and deferred inflows of resources have decreased by \$9.9 million over the past fiscal year end. An increase in current liabilities resulted primarily from an increase in accounts payable and other liabilities. Long-term liabilities decreased as a result of scheduled debt payments.

Net position increased \$107.5 million during the past year reflecting the overall performance during the past fiscal year.

September 30, 2018

Total assets and deferred outflows of resources have increased by \$53.6 million over the past fiscal year end.

The decrease in current assets is primarily due to a decrease in cash equivalents held by bond paying agent, which is attributable to usage of bond funds for construction. Increases in noncurrent assets are the result of additional excess funds invested from operations and construction of capital assets with bond proceeds.

Total liabilities and deferred inflows of resources have decreased by \$26.2 million over the past fiscal year end. An increase in current liabilities resulted primarily from an increase in accounts payable and other liabilities. Long-term liabilities decreased as a result of scheduled debt payments.

Net position increased \$79.8 million during the past year reflecting the overall performance during the past fiscal year.

LONG-TERM DEBT DISCUSSION

For the year ended September 30, 2019

Long-term debt (noncurrent portion) is approximately \$365.2 million as of September 30, 2019, and includes Hospital Revenue Bonds issued in 2006, 2008, 2011, 2013 and 2017 as well as approximately \$3.0 million in interest rate swaps related to the 2008 series Revenue bonds.

NHRMC continues to make annual debt service and semi-annual interest payments on these bonds in compliance with bond documents. There have been no changes in the credit rating for New Hanover Regional Medical Center over the past year. Changes in long-term liabilities are summarized in Note 7 of the basic financial statements.

For the year ended September 30, 2018

Long-term debt (noncurrent portion) is approximately \$383.8 million as of September 30, 2018, and includes Hospital Revenue Bonds issued in 2006, 2008, 2011, 2013 and 2017 as well as approximately \$2.0 million in interest rate swaps related to the 2008 series Revenue bonds.

NHRMC continues to make annual debt service and semi-annual interest payments on these bonds in compliance with bond documents. There have been no changes in the credit rating for New Hanover Regional Medical Center over the past year. Changes in long-term liabilities are summarized in Note 7 of the basic financial statements.

CAPITAL ASSETS DISCUSSION

For the year ended September 30, 2019

NHRMC completed construction of the expansion and renovation of the Intensive Care Unit to include refurbishing 40 existing ICU patient rooms and installing new nursing stations and renovating staff support spaces and continued work on bond-funded capital projects (Note 8), including the construction and equipping of a new Orthopedic and Spine Hospital with three 36-bed patient floors on top of the existing Surgical Pavilion at the 17th St campus.

For the year ended September 30, 2018

NHRMC completed construction of a new five level parking deck and sky bridge with 720 parking spaces, and continued work on several other bond-funded capital projects (Note 8), including the construction and equipping of a new Orthopedic and Spine Hospital with three 36-bed patient floors on top of the existing Surgical Pavilion at the 17th St campus and expansion and renovation of the Intensive Care Unit to include refurbishing 40 existing ICU patient rooms and installing new nursing stations and renovating staff support spaces. Management continues to evaluate the impact of Hurricane Florence on property and equipment, and certain capital projects may be delayed in their completion (see Note 16).

NEXT YEAR'S FORECAST AND RATES

The operational environment for the health care industry continues to be challenging. Demands for new technology and services, increases in costs for medical supplies and personnel, as well as increasing challenges for cost containment, because of reductions in reimbursement for services provided, continue to impact the industry.

For the fiscal year beginning October 1, 2019, the Board of Trustees has approved a forecast to include an increase of \$30.2 million in salaries and benefits for employees, as well as full year bad debt and charity care provision of \$228.5 million, and capital investments and debt service of \$220.0 million.

To offset increases in operating costs, the forecast reflects an increase in volumes in both inpatient and outpatient services along with anticipated cost savings in supplies and labor costs, and improved focus on the hospital's revenue cycle. A price increase of 3.0% was approved for NHRMC to also offset additional operating costs.

OTHER ECONOMIC FACTORS

NHRMC continues to compensate for federal and state reimbursement below the rate of expense growth in the healthcare industry. The governmental programs Medicare and Medicaid, as well as Blue Cross, each have a significant presence in New Hanover County. NHRMC continues to manage expense growth in an environment of lower reimbursement from governmental payers and an increasing burden on the patient to pay a higher portion of their medical care costs as seen through an increase in individual copays, deductibles and uninsured.

NHRMC, like hospitals across the state, continues to serve as an economic engine in the community. New Hanover County and the surrounding primary service area of NHRMC, including Brunswick and Pender Counties, continue to see growth resulting in additional demand for services provided by NHRMC. It is expected however, given the current job market, economic climate and other economic factors affecting healthcare, that NHRMC will be faced with absorbing more uninsured patients and more uncompensated care in the upcoming year. NHRMC receives no local taxpayer support to assist with this care.

CONTACTING THE FINANCIAL MANAGER

This financial report is designed to provide our customers and creditors with a general overview of the finances of New Hanover Regional Medical Center and to demonstrate the accountability for the monies received for services provided. If you have any questions or concerns about this report or need additional financial information contact Ed Ollie, Executive Vice President/CFO, PO Box 9000, Wilmington, North Carolina 28402.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies Reporting Entity

New Hanover Regional Medical Center (NHRMC) is a public, nonprofit corporation providing health care to residents of southeastern North Carolina. NHRMC is a component unit of New Hanover County (County), North Carolina for financial reporting purposes and is included in the basic financial statements of the County together with its component units, which are described below. As required by accounting principles generally accepted in the United States of America, these financial statements present NHRMC and its component units. All dollars presented in these Notes to Financial Statements are in thousands.

NHRMC

The New Hanover Regional Medical Center Foundation, Inc. (Foundation) is a 501(c)(3) nonprofit organization, which was founded by NHRMC in 1991 to serve solely NHRMC as a fundraising entity. As such, the Foundation is included in NHRMC's financial statements as a blended component unit; the balances and transactions of this entity are blended with those of New Hanover Regional Medical Center in the accompanying financial statements, and referred to as NHRMC. Intercompany balances and transactions are eliminated in the process. The Foundation assets and revenues are less than 2% of the NHRMC total activities and the details of the Foundation are not considered material to the financial statements.

The Pension Plan of New Hanover Regional Medical Center comprises the fiduciary fund information. The Plan's fiscal year ends included herein are December 31, 2018 and 2017.

Combined Component Units

The combined component units consist of the following discretely presented component units: Carolina Healthcare Associates, Inc. (CHA), Physician Quality Partners, LLC (PQP), Lower Cape Fear Hospice, Incorporated (LCFH) and Pender Memorial Hospital, Incorporated (PMH). They are reported in a separate column in NHRMC's basic financial statements to emphasize that they are legally separate from NHRMC.

Carolina Healthcare Associates. CHA (doing business as NHRMC Physicians Group) is a 501(c)(3) nonprofit corporation governed by NHRMC. The Executive Committee of the NHRMC Board of Trustees, which includes 8 of the 17 voting members of NHRMC's full Board of Trustees, serves as the CHA Board, thereby constituting 100% of CHA's Board members. CHA provides an integrated primary and specialty care physician practice network to NHRMC in the form of physician and nurse practitioner services within NHRMC clinical areas and independent office locations in the NHRMC service area. Through contractual agreement, Carolinas Physician Network (CPN) operates and manages most of the medical practices owned by CHA and provides certain professional medical services for the majority of those practices. At the end of fiscal year 2019, CHA consisted of 190 physicians, 6 nurse practitioners and 86 mid-level providers. CHA's operating revenue was \$208,044 in fiscal year 2019 and \$188,865 in fiscal year 2018. During the years ended September 30, 2019 and 2018, NHRMC recorded an operating expense and CHA recorded other operating revenue in the amount of approximately \$50,933 and \$53,065, respectively, to fund CHA's fiscal year operating deficits. Balances are recorded in professional fees and purchased services for NHRMC and as other revenue for CHA.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Physician Quality Partners. On May 24, 2013, Articles of Organization were filed with the NC Department of the Secretary of State for Physician Quality Partners, LLC (PQP). PQP is a Clinically Integrated Network (CIN)/Accountable Care Organization (ACO) formed to actively develop clinical initiatives that will improve the quality of health care services and control costs. PQP is included in NHRMC's financial statements as a discretely presented component unit. During the years ended September 30, 2019 and 2018, NHRMC transferred \$2,400 and \$2,050, respectively, to fund PQP's operations. NHRMC carries an equity interest equal to PQP's net position, which is included in investment in affiliates.

Lower Cape Fear Hospice. LCFH is an affiliated organization of NHRMC. The Trustees of NHRMC appoint 80% of the Board of Directors of LCFH, a nonprofit organization that provides professional care to the terminally ill and support and education to the family and community. The organization currently serves six counties in southeastern North Carolina and three counties in South Carolina. During the years ended September 30, 2019 and 2018, NHRMC granted and paid LCFH approximately \$900 and \$712, respectively, in support of LCFH's Palliative Care Program. Balances are recorded as other revenue for LCFH and as other expense for NHRMC.

Pender Memorial Hospital. PMH consists of Pender Memorial Hospital, a nonprofit acute care hospital, and NHRMC Homecare, formed in 2008 as a nonprofit home health care service. The hospital provides inpatient, outpatient and emergency care services to the residents of Pender County and vicinity. NHRMC Homecare provides homecare services in Pender and other surrounding counties. PMH is an affiliated organization of NHRMC through a 20-year operating agreement commencing in fiscal year 1999. NHRMC is required by the operating agreement to fund any operating deficit of PMH during any fiscal year the agreement is in effect. All operating income generated by PMH operations shall be returned to NHRMC on an annual basis. During the years ended September 30, 2019 and 2018, NHRMC recorded an operating expense and PMH recorded other operating revenue in the amount of approximately \$9,362 and \$7,551 to fund PMH's fiscal year operating deficits. Additionally, under the operating agreement, beginning in fiscal year 2009, NHRMC committed to infuse capital into PMH as part of the NHRMC annual capital budget process. Upon termination of the operating agreement, PMH is required to reimburse NHRMC for the unamortized value of capital acquired under this commitment. During 2019 and 2018, NHRMC funded capital acquisitions of approximately \$859 and \$1,204, respectively, of capital into PMH.

Complete separate financial statements are issued by the following individual component units and may be obtained at their administrative offices:

New Hanover Regional Medical Center Foundation, Inc. 2259 South 17th Street Wilmington, North Carolina 28401

Lower Cape Fear Hospice, Incorporated 1414 Physicians Drive Wilmington, North Carolina 28401

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Basis of Presentation

The statements of net position (presented in a balance sheet format), statements of revenues, expenses and changes in net position, and statements of cash flows present information about the primary entity (NHRMC) and its component units. These statements include the financial activities of the overall entity, except for the fiduciary activities. The statements of fiduciary net position and statements of changes in fiduciary net position present information about The Pension Plan of New Hanover Regional Medical Center (NHRMC Pension Plan) (see Note 10).

Basis of Accounting

NHRMC uses enterprise fund accounting. Revenues and expenses of enterprise funds are recognized on the economic resources measurement focus and the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash and Cash Equivalents

Cash and cash equivalents include highly liquid investments maturing in three months or less from the date of purchase. All investments are carried at fair value (see Note 3).

Inventories

Inventories of supplies are valued at the lower of cost (first-in, first-out method) or market.

Designated Assets and Restricted Assets

Designated assets are set aside by the Board of Trustees for future capital or other long-term needs and the Board may, at its discretion, subsequently use them for other purposes. As of September 30, 2019 and 2018, NHRMC also had funds restricted by donors. Restricted funds of LCFH are for LCFH programs.

Gifts, bequests and grants restricted by the donor for specific operating purposes are recorded as restricted revenue in the period received. Gifts, bequests and grants received with conditions as to their use or funding are recorded as liability when received and included as other operating revenue in the financial statements of the period in which expenses are made for the purpose intended by the donor. Resources restricted by donors for additions to capital assets are included in the statements of revenues, expenses and changes in net position as capital contributions.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Investments

Investments are reported at fair value. Fair value of investments in equity securities and mutual funds is determined by quoted market prices. Fair value of fixed income investments is recorded at the amount reported by the financial institution, which approximates a value determined by a discounted cash flow model. Amounts in the North Carolina Capital Management Trust (NCCMT) – Cash Portfolio, an SEC registered (2a-7) money market fund, are measured at their amortized cost, which is the NCCMT's share price. The NCCMT – Term Portfolio's securities are valued at fair value.

Tangible Capital Assets

Purchased or constructed tangible capital assets are recorded at cost. Donated capital assets received prior to June 15, 2015, are recorded at estimated fair value at the date of donation. Donated capital assets received after June 15, 2015, are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. NHRMC's, CHA's and PMH's policies are to generally capitalize assets with a cost of \$2.5 or greater and a useful life of at least one year.

Depreciation is calculated using the straight-line method over the estimated useful lives of the depreciable assets as recommended by the American Hospital Association. Core Information Technology Software is depreciated over 10 years, and Other Information Technology Software is depreciated over 5 years, which may be different than the AHA's recommendation. Amounts in construction-in-progress are not yet subject to depreciation. NHRMC's net interest costs of approximately \$0 and \$2,258 were incurred and capitalized during fiscal years ended September 30, 2019 and 2018, respectively, in the construction of long-term assets and will be amortized over the related assets' estimated useful lives. LCFH calculates depreciation using accelerated methods using lives of 3 to 10 years for furniture and equipment and lives of 20 to 45 years for buildings.

Legal title to NHRMC's capital assets is in the name of either New Hanover County or New Hanover Regional Medical Center. Substantially all facilities, equipment and future improvements are leased from New Hanover County (see Note 6). Legal title to CHA's capital assets is in CHA's name. Legal title to LCFH's capital assets is in LCFH's name. Legal title to PQP's capital assets is in PQP's name. Legal title to PMH's capital assets is in the name of either Pender County or Pender Memorial Hospital, Incorporated. Substantially all of PMH's facilities are leased from Pender County (see Note 6).

Self-Funded Liabilities

NHRMC is self-insured for employee medical claims and contracts with a third party to administer the program. NHRMC's losses are limited under the contract by specific and aggregate stop-loss insurance coverage for claims above specified amounts. NHRMC is also self-insured for a portion of professional liabilities, workers' compensation and unemployment benefits. Provisions for estimated unpaid claims outstanding at September 30, 2019 and 2018, have been made.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

CHA employees are covered under the NHRMC medical and professional liability plans. CHA is self-insured for unemployment benefits. Provisions for estimated unpaid claims outstanding at September 30, 2019 and 2018, have been made.

Unamortized Premiums

Bonds payable are recorded net of unamortized premiums (discounts) on bonds. Premiums and discounts are amortized over the life of the related debt using the effective interest method (see Note 7).

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position reports a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. NHRMC has three items that meet this criterion: contributions made to the pension plan in the 2019 fiscal year, excess consideration provided for acquisition, net of amortization, and unamortized charges on bond refundings. In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. NHRMC has one item that meets this criterion: deferrals of pension expense.

Interest Rate Swap Agreements

NHRMC and LCFH have entered into interest rate swap agreements to modify interest rates on certain outstanding debt. Net interest expenses resulting from these agreements and the resulting accrued receivable or payable under the swap agreements are reflected in the financial statements as assets or liabilities at fair value. The fair value of interest rate swaps is recorded at the values reported by the counterparties, which approximates a value determined by the discounted cash flow model. For all swap instruments determined to be ineffective, the change in fair value is recorded in the statements of revenues, expenses and changes in net position as a component of the net increase (decrease) in fair value of investments. For all hedged swap instruments determined to be effective, any change in fair value is deferred and recorded on the statements of net position as a deferred outflow of resources.

Unamortized Deferral on Refundings

Losses on bond refundings are deferred and amortized over the shorter of the lives of the refunded debt or the refunding debt using the effective interest method for fixed rate bonds and the straight-line method for variable rate bonds recorded net of accumulated amortization. The deferrals are included in deferred outflows of resources.

Compensated Absences

NHRMC's employees earn vacation days at varying rates depending on years of service. The maximum amount of vacation that can carry over from one fiscal year to the next varies based on years of service. Annually, NHRMC buys back excess accrued vacation over 480 hours. The liabilities recorded for compensated absences are included in accrued expenses in the statements of net position.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Net Position

Net position classifications are defined as follows:

- Net investment in capital assets consists of capital assets, including any restricted capital assets, net
 of accumulated depreciation and reduced by the outstanding balances of any bonds, notes or other
 borrowings that are attributable to the acquisition, construction or improvement of those assets.
- Restricted at NHRMC consists of net position generated from revenues that have constraints on their use imposed by third parties, creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation. As of September 30, 2019 and 2018, restricted net position consists of: nonexpendable endowments of approximately \$2,600 and \$2,100, respectively; and other expendable net position resulting from specific purpose donations and grants. As of September 30, 2019 and 2018, LCFH had restricted net position consisting of nonexpendable endowments of approximately \$1,752 and \$1,665, respectively.
- *Unrestricted* consists of net position that has no third party restrictions on use and is not invested in capital assets.

Operating Income

Transactions resulting from the primary purpose of NHRMC, which is to provide medical services to the region, are reported as operating revenues and expenses. Revenues and expenses not meeting these criteria are reported as non-operating. Expenses incurred to provide care and maintain the facilities in the normal course of business are classified as operating expenses, including the cost of regularly scheduled labor, supplies and materials used in normal operations. Expenses incurred specifically for uncontrollable environmental events, such as named storms, including preparation of a pending event, ensuring continued care throughout the event, and post-event cleanup and repair efforts, are classified as non-operating expense. Transfers from NHRMC to CHA and PMH to fund operating deficits are included in operating income.

Charity Care

Management has estimated the direct and indirect costs of providing charity care under NHRMC charity care policy. In order to estimate the cost of providing such care, management calculated a cost-to-charge ratio by comparing the per-diem rate from the most recently filed cost report to the System's gross bill rate. The cost to charge ratio is applied to the charity care charges foregone to calculate the estimated direct and indirect cost of providing charity care.

Using the methodology noted above, management has estimated the costs of providing patient services classified as charity care to be \$21,379 and \$18,244 for the years ended September 30, 2019 and 2018, respectively. NHRMC did not receive any funds to subsidize the costs of providing charity care under its charity care policy for the years ended September 30, 2019 and 2018.

Charity care provided by component units is not considered significant to the financial statements.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Net Patient Service Revenue and Net Patient Receivables

Net patient service revenue and net patient receivables are reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered. Net patient service revenue includes estimated retroactive adjustments under reimbursement agreements with third-party payors. Estimated third-party payor settlements are accrued in the period the related services are rendered and adjusted in future periods, as final settlements are determined, and it is possible that the amounts of final settlements could be materially different than those initially estimated by management.

Sales and Income Taxes

NHRMC, CHA, LCFH, PQP and PMH are exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. In addition, they receive reimbursement from the state of North Carolina for sales taxes paid during the year.

Pension Plan

NHRMC maintains a defined benefit pension plan covering substantially all of its employees in addition to a few CHA employees grandfathered into the plan. PMH also maintains a separate defined benefit pension plan covering substantially all of its employees. For the purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net position of the Pension Plan of NHRMC and Pension Plan of PMH and additions to/deductions from each Pension Plan's fiduciary net position have been determined on the same basis as they are reported by the Pension Plans of NHRMC and PMH. For this purpose, plan contributions are recognized in the period in which the contributions are due. Both NHRMC and PMH's employer contributions are recognized when due and NHRMC and PMH have a legal requirement to provide contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the Pension Plans of NHRMC and PMH. Investments are reported at fair value.

Total (Memorandum Only) Columns

Total "Memorandum Only" columns do not represent financial information of the reporting entity, and do not present information that reflects financial position, changes in financial position or cash flows in conformity with accounting principles generally accepted in the United States of America. These columns are presented only to facilitate financial analysis.

Reclassification

Certain amounts presented in the statements of net position – proprietary fund for the year ended September 30, 2018 have been reclassified, as necessary, to be consistent with the 2019 presentation. The reclassification had no effect on net position or operating income.

Notes to Financial Statements (Dollars in Thousands)

Note 1. Description of Reporting Entity and Summary of Significant Accounting Policies (Continued)

Impact of Recently Adopted Accounting Standards

In June 2018, the GASB issued Statement Number 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*, which establishes accounting requirements for interest cost incurred before the end of a construction period and is effective for reporting periods beginning after December 15, 2019 with early adoption encouraged, and the requirements applied prospectively. NHRMC early adopted the provisions of GASB 89 at September 30, 2019 which resulted in NHRMC no longer capitalizing interest expense into the historical cost of an asset.

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts

NHRMC, CHA, LCFH and PMH have agreements with third-party payors that provide for payments at amounts different from its established rates. A summary of payment arrangements with major third-party payors are as follows:

Medicare

As of April 14, 2012, NHRMC was recognized by the Centers for Medicare and Medicaid Services (CMS) as a Sole Community Hospital (SCH). CMS reimburses SCH hospitals at a higher rate than Prospective Payment System hospitals.

Services for NHRMC Medicare acute inpatients are paid at interim rates subject to settlement, and non-acute inpatients and outpatients are paid at prospectively determined rates.

Other Medicare payments are based on interim rates with final settlement determined after submission of annual cost reports and audits of these reports by the Medicare fiscal intermediary. NHRMC's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2014.

PMH is a "Critical Access Hospital." This enables PMH to receive 101% cost based reimbursement from Medicare for its hospital based services. PMH's skilled nursing and home health services are reimbursed at prospectively determined rates. PMH's Medicare cost reports have been audited by the Medicare fiscal intermediary through September 30, 2013.

Medicare services represent:

	Services Rev	of Net Patient venue for the September 30,	Percentage o Accounts Rec Septem	eivable as of
	2019	2018	2019	2018
NHRMC	35%	38%	21%	25%
CHA	66%	63%	37%	29%
LCFH	91%	91%	76%	85%
PMH	47%	50%	57%	65%

Notes to Financial Statements (Dollars in Thousands)

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts (Continued) Medicaid

Inpatient services rendered to NHRMC Medicaid patients are reimbursed at a prospectively determined rate. Services to outpatients are reimbursed at a percentage of cost as defined in the Medicaid regulations. Effective October 1, 2005, PMH is reimbursed at cost by Medicaid for both inpatient and outpatient critical access hospital services. NHRMC and PMH Medicaid cost reimbursement is based on tentative interim rates with final settlement determined after submission of annual cost reports and audits thereof by the Medicaid fiscal intermediary. NHRMC's Medicaid cost reports have been audited through September 30, 2016. PMH's Medicaid cost reports have been audited through September 30, 2017. PMH's skilled nursing and home health services are reimbursed on prospective rates.

Medicaid services represent:

	Percentage of Services Rev Years Ended S	enue for the	Percentage o Accounts Rec Septem	eivable as of
	2019	2018	2019	2018
NHRMC	10%	10%	4%	4%
CHA	5%	5%	2%	4%
LCFH	3%	4%	14%	9%
PMH	20%	19%	13%	13%

NHRMC qualifies for reimbursement under the Medicaid Reimbursement Initiative (MRI also known as Medicaid Disproportionate Share or DSH). During 2011, the state of North Carolina enacted legislation (the GAP Program) intended to supplement existing Medicaid Disproportionate Share payments with federal matching funds drawn down via provider assessments. During fiscal year ended September 30, 2019, NHRMC received approximately \$46,636 from the state of North Carolina under the MRI program, of which \$3,355 was from the GAP Program. During fiscal year ended September 30, 2018, NHRMC received approximately \$45,996 from the state of North Carolina under the MRI program, of which \$2,165 was from the GAP Program. The MRI Program balances are recorded net of assessments in net patient service revenue.

For the fiscal year ended September 30, 2019, PMH received approximately \$228 of which \$73 was for the GAP program. For the fiscal year ended September 30, 2018, PMH received approximately \$220 of which \$53 was for the GAP program. The MRI Program balances are recorded net of assessments in net patient service revenue.

Audits of MRI program reports are performed annually. Fiscal year 2011 is the first year since 2003 where MRI audits can potentially have a financial impact and NHRMC has determined that payments received in the years since 2010 are not at risk. For prior years, the MRI was audited and settled through September 30, 2003. Amounts of supplemental payments received by NHRMC for years 2004 through 2010 were not subject to settlement. In the fiscal years since 2011, audits have been completed through September 30, 2013, with no adjustments.

Notes to Financial Statements (Dollars in Thousands)

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts (Continued) Changes in Estimates Related to Third-Party Payors

Adjustments to estimated third-party payor settlements from prior years occurring in 2019 and 2018 increased NHRMC's change in net position by approximately \$403 and \$1,237, respectively, and are recorded in net patient service revenue.

Adjustments to estimated third party payor settlements from prior years occurring in 2019 and 2018 decreased PMH's change in net position by approximately \$929 and \$22, respectively, and are recorded in net patient service revenue.

Recovery Audit Contractor Audits

In 2009, the Centers for Medicare and Medicaid Services (CMS) implemented nation-wide use of recovery audit contractors (RACs) as part of CMS' efforts to ensure accurate claims payments. The RACs search for potentially improper Medicare payments that may have been made to health care providers and that were not detected through existing CMS program integrity efforts. The North Carolina Department of Health and Human Services implemented a similar program in August 2012 for Medicaid payments.

During the years ended September 30, 2019 and 2018, the number of NHRMC claims chosen by RAC for review totaled 467 and 444, respectively. Net overpayments processed to date for fiscal year 2019 and 2018, respectively, are \$615 and \$136. NHRMC has recorded a reserve for estimated assessments under future RAC audits in the estimated third-party payor settlements on the statements of net position.

PMH RAC activity is immaterial at this time for either Medicare or Medicaid.

Electronic Health Records Incentive Program

The Electronic Health Records Incentive Program provides for incentive payments under both the Medicare and Medicaid programs to eligible health care providers that demonstrate meaningful use of certified electronic health records technology (EHR). The year ending September 30, 2016, was the final year of accrual for NHRMC under this program. Payments for any fiscal year may be subject to audit for up to six years and recouped by CMS if there are audit findings of noncompliance. Audits of meaningful use incentives made to NHRMC have had no findings.

Notes to Financial Statements (Dollars in Thousands)

Note 2. Net Patient Service Revenue and Allowance and Provision for Bad Debts (Continued) Allowances for Bad Debts

Allowance for bad debts are maintained for receivables which historically experience uncollectible accounts. The allowance for bad debts is as follows:

	Septe	mber	30
	 2019		2018
NHRMC	\$ 107,565	\$	92,140
CHA	8,975		6,515
LCFH	332		375
PMH	 3,472		2,462
	\$ 120,344	\$	101,492

For the years ended September 30, 2019 and 2018, net patient service revenue is reported net of a provision for bad debts of:

NHRMC \$ 119,456 \$ 95,99)
CHA 14,508 10,22	7
LCFH 653 58	}
PMH5,139	<u>`</u>
\$ 139,756 \$ 110,94	

Note 3. Cash and Cash Equivalents and Investments

Deposits

As of September 30, 2019 and 2018, the carrying values and bank balances of deposits were as follows (in thousands):

		20)19			20 ⁻	18	
	C	Carrying		Bank	(Carrying		Bank
		Value	E	Balance		Value	E	Balance

PQP		701		701		378		378

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

Custodial credit risk for deposits is the risk that in the event of bank failure, a government's deposits may not be returned to it. NHRMC and PMH have no policy on custodial credit risk, but all deposits of NHRMC and PMH were with depositories covered under statewide single financial institution collateral pools (known as the Pooling Method) whereby collateral is maintained for all the depository's governmental units in the State. The North Carolina State Treasurer monitors Pooling Method depositories for adequate collateralization.

Under the Pooling Method, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with NHRMC or PMH. Because of the inability to measure the exact amount of collateral pledged for NHRMC and PMH under the Pooling Method, the potential exists for under collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each Pooling Method depository.

As of September 30, 2018, financial institutions are each insured by the Federal Deposit Insurance Corporation (FDIC) for deposits up to \$250,000. The Foundation has cash balances in a financial institution that from time to time have exceeded federal depository insurance limits. Bank balances in excess of federal depository insurance limits are uninsured and uncollateralized and amounted to \$614 and \$626 for the Foundation as of September 30, 2019 and 2018, respectively. NHRMC and PMH have cash balances in financial institutions that exceed federal depository limits, but the excess is collateralized under the Pooling Method described above.

CHA, PQP and LCFH are not subject to the above described statutes. CHA, PQP and LCFH have cash balances in a financial institution that from time to time have exceeded federal depository insurance limits. Bank balances in excess of federal depository insurance limits are uninsured and uncollateralized and amounted to \$5,598 and \$3,695 for CHA, \$451 and \$128 for PQP and \$5,023 and \$5,026 for LCFH, as of September 30, 2019 and 2018, respectively.

Investments

North Carolina General Statute 159-30 authorizes NHRMC and PMH to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of specific U.S. government agencies; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; certain high quality issues of commercial paper and bankers' acceptances; a commingled investment pool established and administered by the North Carolina State Treasurer pursuant to North Carolina General Statute 147-69.3; certain repurchase agreements with respect to direct obligations of the United States or obligations which are guaranteed by the United States as to principal and interest; and the NCCMT. Additionally, North Carolina General Statute 159-30 also requires NHRMC and PMH to limit custodial credit risk as governed by the Statute. State statutes do not govern the Foundation's investment policies or those of LCFH and CHA.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

NHRMC's investment policy consists of strategies for the short-term and the long-term. The intent of the short-term fund investment strategy is to provide short-term liquidity and working capital for operations and other strategic purposes. Assets invested in the short-term fund are primarily in the NCCMT. The intent of the long-term fund investment strategy is to generate current income and maintain stability of principal. The long-term fund divides investments into three investment strategies: short/intermediate fixed income, broad duration fixed income, and domestic and international equity securities. NHRMC invests in domestic and international equity securities through a commingled investment pool administered by the North Carolina State Treasurer in preferred or common stocks allowable under North Carolina General Statute. NHRMC's participation in the commingled investment pool is voluntary, and generally only 2 withdrawals are allowed within any 12-month period and are only permitted on the first business day of each calendar month.

The Foundation's investment policy allows investments to be allocated among fixed income securities, equity securities and cash equivalents, with specific minimum target allocations and maximums by investment type.

LCFH's investment policy divides investment strategies into two investment categories, short-term and long-term. Allocation to each category is based on the liquidity needs of LCFH. The intent of the short-term fund investment strategy, generally LCFH operations, is to provide short-term liquidity and working capital for operations and other strategic purposes, with the primary strategy to be preservation of principal, and income a secondary consideration. The intent of the long-term fund investment strategy is to generate current income and maintain stability of principal.

CHA does not have a formal investment policy and generally does not retain funds for investments.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

As of September 30, 2019 and 2018, LCFH had the following investments:

	Fair Value			
Investment Type	2019			2018
Bond Funds	\$	9,324	\$	6,263
Equity Funds		20,218		24,207
	\$	29,542	\$	30,470

Interest Rate Risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its value to changes in market interest rates. NHRMC's investment policy mitigates interest rate risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes. NHRMC also invests in collateralized mortgage obligations and mortgage backed securities. The value of the securities is based on the cash flows from principal and interest payments due on the underlying mortgages. When interest rates decline, prepayments by mortgagees may increase. The resultant reduction in expected total cash flows affects the fair value of these securities and makes the fair values of these securities highly sensitive to changes in interest rates.

LCFH's investment policy mitigates interest rate risk by providing adequate liquidity for short-term cash needs, and by making longer-term investments only with funds that are not needed for current cash flow purposes. The policy does not formally limit maturities as a means of managing exposure to fair value losses arising from changes in interest rates.

Credit Risk. Generally, credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State Statutes limit NHRMC's investments to obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of specific U.S. government agencies; obligations of the state of North Carolina; bonds and notes of any North Carolina local government or public authority; certain high quality issues of commercial paper and bankers' acceptances; investment in a commingled investment pool established and administered by the North Carolina State Treasurer; certain repurchase agreements with respect to direct obligations of the United States or obligations which are guaranteed by the United States as to principal and interest; and the NCCMT. NHRMC's investments in the NCCMT Cash Portfolio carried a rating of AAAm by Standard & Poor's as of September 30, 2019.

NHRMC's investment portfolio includes debentures and mortgage backed securities (MBS) issued by the Federal National Mortgage Association, the Federal Home Loan Mortgage Corp., Vendee Mortgage Trust and the Government National Mortgage Association; debentures issued by Federal Home Loan Bank and Federal Farm Credit Bank; and certain mutual funds. All are rated Aaa by Moody's Investors Service or backed by the full faith of the U.S. Government, which is rated Aaa, as of September 30, 2019 and 2018.

Notes to Financial Statements (Dollars in Thousands)

Note 3. Cash and Cash Equivalents and Investments (Continued)

With respect to NHRMC's investments in mortgage backed securities, NHRMC's investment portfolio consists of both traditional mortgage backed securities (MBS's) and asset backed collateralized mortgage obligations (CMO's). An MBS is an asset backed security whose cash flows are backed by the principal and interest payments of a pool of mortgage loans. Payments are typically made monthly over the lifetime of the underlying loans. CMO's, a type of mortgage backed security, are bonds that represent claims to specific cash flows from large pools of mortgages. The streams of principal and interest payments on the mortgages are distributed to the different classes of CMO interests. Credit risk associated with MBS's and CMO's is affected by homeowners or borrowers defaulting on their loans. NHRMC's investments in CMO's are explicitly guaranteed by the U.S. Government (Government National Mortgage Association and Vendee Mortgage Trust securities).

In addition to minimizing credit risk by limiting investments to those allowed by State Statute, it is NHRMC's policy to diversify the investment portfolio so that the impact of potential losses from any one type of security and/or issuer will be minimized.

LCFH's policy is to diversify the investment portfolio so that the impact of potential losses from any one type of security will be minimized.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of government's investment in a single issuer. NHRMC's investment policy requires a balance between short/intermediate fixed income securities, broad duration fixed income securities, and investment in a commingled investment pool established and administered by the North Carolina State Treasurer as allowable under State Statute; however it places no limit on the amount NHRMC may invest in any one issuer. As of September 30, 2019, securities issued/backed by Fannie Mae, Freddie Mac and Ginnie Mae represent 8.2%, 3.0% and 7.1% of the Hospital's investment portfolio, respectively. As of September 30, 2018, securities issued/backed by Fannie Mae, Freddie Mac and Ginnie Mae represent 9.6%, 3.4% and 7.6% of the Hospital's investment portfolio, respectively

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. NHRMC's investment in the State Treasurer's Trust Funds Investment Program-Equity Investment Fund exposes NHRMC to foreign currency risk as a result of its positions in foreign currency-denominated equity securities. NHRMC does not have an investment policy that limits its exposure to foreign currency risk, however NHRMC's investment policy provides for the maintenance of a balance between three investment strategies, one of which is the State Treasurer's Trust Funds Investment Program-Equity Investment Fund. At September 30, 2019 and 2018, NHRMC had approximately \$167,733 and \$153,375, respectively, exposed to foreign currency risk, of which 25% and 25%, respectively, represent investments denominated in the British Pound; and 15% and 16%, respectively, represent investments denominated in the Japanese Yen.

Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and those such changes could materially affect the amounts reported by NHRMC and LCFH in the statements of net position.

Note 3. Cash and Cash Equivalents and Investments (Continued)

Interest Rate Risk. The Plan does not have a formal policy that limits investment maturities as a means of managing its exposure to fair value losses arising from changes in interest rates. The Plan may invest in domestic fixed income securities; however, the Plan's investment policy does not allow these securities to exceed 40% of the Plan's portfolio. The average maturity of the Federated Government Obligations Fund is approximately 25 days. All of the Plan's bond funds have average effective maturities between five and eight years.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Plan's investment policy limits the Plan's portfolio in domestic fixed income securities rated less than BBB to no more than 10% of the total plan portfolio. The Moody's credit quality rating of the Federated Government Obligations Fund is Aaa-mf. The Plan's bond funds are not rated by credit rating agencies.

Custodial Credit Risk. Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investments and other assets that are in possession of an outside third party. Mutual funds are not subject to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form.

Concentration of Credit Risk. Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Money market funds and registered investment companies (mutual funds) are excluded from this disclosure requirement. The Plan's policies restrict investment by type of investment, geographic location and percentage of total portfolio.

Due to the level of risk associated with investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and such changes could materially affect the amounts reported in the statements of fiduciary net position.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described below:

- **Level 1:** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- **Level 2:** Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets
 - Quoted prices for identical or similar assets or liabilities in inactive markets
 - Inputs other than guoted prices that are observable for the asset or liability
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Notes to Financial Statements (Dollars in Thousands)

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following table sets forth, NHRMC's investments as of September 30, 2019 and 2018.

Valuation

All depreciation is directly or indirectly related to the provision of healthcare services. NHRMC and PMH have active projects for building construction and leasehold improvements as of September 30, 2019 and 2018. As of September 30, 2019, NHRMC and PMH have remaining committed amounts to be paid of approximately \$18,402 and \$0 on projects, respectively.

Notes to Financial Statements (Dollars in Thousands)

Note 6. Lease Obligations and Commitments

Under a lease agreement dated October 1, 1993, and most recently amended June 1, 2017, NHRMC leases its existing facilities and equipment and all future improvements from New Hanover County through October 2047, all of which have been recorded as capital assets in the accompanying statements of net position. Covenants under the lease agreement correspond to those in the Series 2006, 2008, 2011, 2013 and 2017 Revenue Bond Indentures. The County maintains a limited right under the bond order to terminate the lease with 90 days' notice (after public hearing). In addition, under the lease agreement, NHRMC has agreed to maintain certain debt service coverage and cushion ratios as discussed further in Note 7.

NHRMC also leases capital assets under operating leases that have initial or remaining noncancelable terms in excess of one year.

Scheduled payments on NHRMC's operating lease commitments are as follows:

	 Amount
Years ending September 30:	
2020	\$ 5,055
2021	5,442
2022	4,455
2023	4,283
2024	4,047
2025-2029	8,892
Total minimum payments	\$ 32,174

Rent expense on operating leases for NHRMC totaled approximately \$11,069 and \$10,509 in 2019 and 2018, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses, and changes in net position.

CHA leases office space and equipment under various noncancelable operating lease agreements that expire between 2019 and 2028. Scheduled payments on CHA's operating lease commitments are as follows:

	 Amount
Years ending September 30:	
2020	\$ 5,864
2021	3,563
2022	1,923
2023	911
2024	518
2025-2028	 1,016
Total minimum payments	\$ 13,795

Included in these commitments is \$9,352 of minimum payments to NHRMC.

Notes to Financial Statements (Dollars in Thousands)

Note 6. Lease Obligations and Commitments (Continued)

Rent expense on operating leases for CHA totaled approximately \$6,837 and \$6,564 in 2019 and 2018, including payments of \$2,319 and \$2,475 to NHRMC, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses, and changes in net position.

LCFH leases office space under various noncancelable operating lease agreements, which expire over the next year. Rent expense related to these agreements totaled approximately \$53 and \$52 in 2019 and 2018, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses, and changes in net position.

PMH, under an amended and restated lease agreement dated November 15, 2004, leases its main facilities and equipment and all future improvements from Pender County through 2019, with an option (at NHRMC's direction) to renew for ten additional years. The lease was renewed in 2019 for an additional ten years. Pender County and PMH maintain a limited right under the lease agreement to terminate the lease if specified provisions cannot be cured within 180 days, provided that NHRMC shall be permitted to cure any breach on behalf of PMH within established time frames.

PMH leases additional space under a noncancelable operating lease, which expires in fiscal year 2028. In addition, PMH leases certain medical equipment under operating leases that expire between 2019 and 2020. Scheduled payments on PMH's operating lease commitments are as follows:

	A	mount
Years ending September 30:		
2020	\$	331
2021		263
2022		266
2023		260
2024		215
2025-2029		659
Total minimum payments	\$	1,994

Rent expense on operating leases for PMH totaled approximately \$355 and \$422 in 2019 and 2018, respectively. Rent expense is included in other operating expenses on the statements of revenues, expenses and changes in net position.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued) Series 2006 Hospital Revenue Bonds (Fixed Rates)

On September 13, 2006, NHRMC issued \$60,000 of Series 2006A Variable Rate Hospital Revenue Bonds, and \$60,000 of Series 2006B Variable Rate Hospital Revenue Bonds (collectively, the 2006 Bonds) through New Hanover County for use by NHRMC. The bonds initially bore interest at an auction rate, established weekly. The bonds were issued for the purpose of providing funding, together with other available funds, to pay the costs of various construction projects including, but not limited to, the construction and equipping of a new 186,804 square foot surgical pavilion, construction and equipping of a new 194,995 square foot Women's and Children's Center, expansion and upgrading of the central energy plant, and related site work including reconfiguration of existing parking lots.

In 2009, the Series 2006A Bonds were converted from auction rate securities to fixed rate mode for a discount of approximately \$168, and the Series 2006B Bonds were converted for a premium of \$358, both of which are being amortized under the effective interest method over the life of the bonds. There was no significant economic gain or loss resulting from this transaction.

In connection with the 2017 Series Bond issuance, the 2006A bonds were partially refunded and the 2006B bonds were fully refunded.

Series 2008 Variable Rate Hospital Revenue Bonds

On November 6, 2008, NHRMC issued Variable Rate Hospital Revenue Bonds (demand bonds) through New Hanover County, Series 2008A and Series 2008B (collectively, the 2008 Bonds), in the amounts of \$20,000 and \$20,000, respectively, for use by NHRMC. The bonds bear interest at a variable rate, established weekly by the applicable remarketing agents. The bonds were issued to reimburse NHRMC for certain costs associated with construction and equipping of the surgical pavilion, Women's and Children's Center, and certain facilities improvements; acquisition of certain information system equipment; and acquisition of certain operating equipment. As of September 30, 2019 and 2018, the rates on these bonds were 1.63% and 1.57%, respectively.

The 2008 Bonds are subject to purchase on the demand of the holder at a price equal to principal plus accrued interest on seven days' notice and delivery to the remarketing agent and tender agent. The remarketing agent is authorized to use its best efforts to sell the repurchased bonds at a price equal to the principal amount plus accrued and unpaid interest thereon, if any, to the purchase date.

NHRMC and the County have entered into a Reimbursement Agreement and an Irrevocable Letter of Credit with a bank under which NHRMC can draw down the funds to purchase any 2008 bonds that are tendered for purchase, to the extent that remarketing proceeds are not sufficient or available. The letter of credit expires on November 20, 2021. All unpaid drawings become due and payable upon expiration of the letter of credit in 2021. There were no unpaid drawings at September 30, 2019 or 2018. The agreement carries a variable interest rate based on the bank's prime rate or a maximum of 18%.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Series 2011 Hospital Revenue Bonds (Fixed Rates)

On September 28, 2011, NHRMC issued \$93,965 of Series 2011 Fixed Rate Hospital Revenue Refunding Bonds through New Hanover County for use by NHRMC. The net proceeds (net of issuance costs) from the sale of the 2011 Series Bonds were used to redeem outstanding Series 1999 Bonds maturing on October 1, 2012 and thereafter. The Series 1999 Bonds had an outstanding balance of \$95,320 as of October 1, 2011. The net proceeds of the Series 2011 bonds were held in escrow as of September 30, 2011, and then used to redeem all of the Refunded 1999 Bonds on October 1, 2011.

Interest on the Series 2011 bonds is paid at fixed rates established at the time of bond issuance. The Series 2011 bonds were originally issued at a premium of approximately \$2,651, which is being amortized under the effective interest method over the life of the bonds.

Series 2013 Hospital Revenue Bonds (Fixed Rates)

On December 14, 2005, NHRMC issued Variable Rate Hospital Revenue Refunding Bonds (demand bonds) through New Hanover County, Series 2005A-1, Series 2005A-2, Series 2005B-1 and Series 2005B-2 (collectively, the 2005 Bonds), in the amounts of \$11,435, \$11,435, \$28,100 and \$28,100, respectively, for use by NHRMC. Interest on the Series 2005 bonds is set weekly at rates established by the applicable remarketing agents, not to exceed 12% per annum.

On July 18, 2013, NHRMC issued \$56,745 of Series 2013 Fixed Rate Hospital Revenue Refunding Bonds through New Hanover County. The net proceeds (net of issuance costs) from the sale of the 2013 Series Bonds were used to redeem Series 2005 Bonds totaling \$58,560 and partially terminate swaps held in connection with the Series 2005 Bonds. With the issuance of the 2013 Bonds and resulting redemption of the Series 2005 Bonds, the Standby Bond Purchase Agreement, under which the bank agreed to purchase any 2005 bonds that were tendered for purchase to the extent that remarketing proceeds were not sufficient or available, was also terminated.

Interest on the Series 2013 bonds is paid at fixed rates, established at the time of bond issuance. The Series 2013 bonds were originally issued at a premium of \$4,630, which is being amortized under the effective interest method over the life of the bonds. Additionally, NHRMC recorded a deferred outflow of resources of \$1,976 related to the refunding.

Series 2017 Hospital Revenue Bonds (Fixed Rates)

On June 1, 2017, NHRMC issued \$212,710 of Series 2017 Fixed Rate Hospital Revenue Bonds through New Hanover County. Some of the net proceeds (net of issuance costs) from the sale of the 2017 Series Bonds were used to refund Series 2006B Bonds totaling \$60,000 and partially refund Series 2006A Bonds totaling \$23,955.

The bonds were issued for the purpose of providing funds, together with other available funds, to pay the costs of various construction projects including the construction of a five level parking deck and sky bridge; construction and equipping of a new orthopedic and spine hospital with the addition of three floors on top of the existing surgical pavilion on NHRMC's main campus; expansion and renovation of the intensive care unit; renovation of the Zimmer Cancer Center; and construction and renovation of the main campus's emergency department; and to refund a portion of the outstanding Series 2006 Bonds.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Interest on the Series 2017 bonds is paid at fixed rates, established at the time of bond issuance. The Series 2017 bonds were originally issued at a premium of \$30,858, which is being amortized under the effective interest method over the life of the bonds. Additionally, NHRMC recorded a deferred outflow of resources of \$6,515 related to the refunding.

Debt Service and Covenants

Under the terms of the Bond indentures and related lease agreement with the County, the Obligated Unit (New Hanover Regional Medical Center, CHA and PQP) is required to make semiannual debt service payments on unpaid fixed rate debt (2006, 2011, 2013 and 2017 bonds), monthly debt service payments on variable rate demand bonds (2008 bonds) and is also required to comply with certain restrictive covenants, including limitations on incurrence of additional debt, limitations on transfer of assets and maintenance of certain measures of financial performance, including a minimum long-term debt service ratio of 1.75 and a cushion ratio of 1.75, for as long as the bonds are outstanding.

The following table sets forth on an historical basis the maximum annual long-term debt service coverage ratio as of September 30, 2019 and 2018, calculated for the Obligated Unit:

	 Years Ended	September 30		
Long-term debt service coverage ratio	2019		2018	
Income before capital contributions and operating transfers Plus:	\$ 104,342	\$	77,579

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

The Series 2006, 2008, 2011, 2013 and 2017 Revenue Bonds are secured by and payable from the net revenue of the Obligated Unit, the money and securities held by the trustee pursuant to the bonds, as well as the income from the temporary investment of these trustee-held funds. Substantially all of the Obligated Unit's revenues, which were \$1,322,409 and \$1,173,606 for the years ended September 30, 2019 and 2018, respectively, are security for the revenue bonds.

Total funds held by the trustee (including amounts as bond paying agent) at September 30, 2019 and 2018, were approximately \$35,796 and \$50,671, respectively.

Scheduled payments of principal and interest on total debt are as follows. (Interest on any variable rate bonds is included at the rates in effect as of September 30, 2019; payments are shown assuming the letter of credit for the 2008 Bonds are renewed throughout the life of the bonds.)

			Total
			Debt
Fiscal Year	Principal	Interest	Service
2020	\$ 16,780	\$ 16,670	\$ 33,450
2021	17,220	14,855	32,075
2022	17,890	14,074	31,964
2023	18,685	13,262	31,947
2024-2028	107,360	52,484	159,844
2029-2033	71,280	28,788	100,068
2034-2038	33,210	19,525	52,735
2039-2043	31,205	13,324	44,529
2044-2048	36,615	5,672	42,287
	\$ 350,245	\$ 178,654	\$ 528,899

Interest paid related to the above debt was \$14,672 and \$14,835 during fiscal years ended September 30, 2019 and 2018, respectively.

Other NHRMC Long-Term Liabilities

In connection with the purchase of the New Hanover County Health Department complex in 2017, NHRMC agreed to pay up to \$19,350 to New Hanover County (the County). The note was paid in full during the year ended September 30, 2019. As of September 30, 2018, NHRMC's note payable balance to the County was \$2,132, of which \$0 was classified as non-current.

Notes to Financial Statements (Dollars in Thousands)

Note 7. Bonds Payable and Other Long-Term Liabilities (Continued)

Lower Cape Fear Hospice 2007 Bonds

During the year ended September 30, 2008, LCFH issued \$4,000 of Series 2007 Variable Rate Health Care Facility Revenue Bonds (the LCFH 2007 Bonds) through the North Carolina Medical Care Commission for use by LCFH. The bonds bear interest at a variable rate of London Interbank Offered Rate (LIBOR) plus 1.9%, determined weekly. The bond funds were used to finance construction on a new administrative building in Wilmington, North Carolina, which was completed during fiscal year 2009. Repayment of principal is due annually through October 2027. The LCFH 2007 Bonds are secured by a letter of credit from a bank. Under the terms of the bond, LCFH is required to maintain a minimum long-term debt service coverage ratio of 1.2, LCFH is required to maintain a maximum debt to net position ratio of 0.75 to 1.0; LCFH is required to maintain a cash flow coverage ratio of 1.25 to 1.0; and LCFH's total net position must be more than \$9 million. The loan balance was paid off during fiscal year 2019.

Lower Cape Fear Hospice Notes Payable

During the year ended September 30, 2009, LCFH converted short-term debt into a long-term loan with financing provided by USDA Rural Development. The funds were used to construct an inpatient facility in Whiteville, North Carolina. The total amount of the loan was approximately \$2,071. This loan was refinanced in July 2013. The original amount was \$2,000. The loan has a fixed interest rate of 3.45% and matures in August 2028. The loan is carried on the financial statements as of September 30, 2019, at \$1,533. The Whiteville Care Center serves as collateral.

During the year ended September 30, 2012, LCFH borrowed \$1,230 from First Citizens Bank to purchase land adjacent to its other facilities. The loan has a fixed interest rate of 3.35% and a repayment of 15 years. The loan is carried on the financial statements as of September 30, 2019, at \$716. The land serves as collateral.

During the year ended September 30, 2014, LCFH obtained a construction loan from First Citizens Bank with a maximum draw of \$4,000 for the expansion and renovation of the Wilmington inpatient facility and for site parking and service road additions on the Wilmington campus. The construction began in 2013, resulting in a drawn down balance of \$3,856. The facility opened and began serving patients in November 2014. The loan has a fixed interest rate of 3.45% and a maturity date of August 2028. The loan is carried on the financial statements as of September 30, 2019, at \$3,063.

Scheduled principal repayment on these notes payables are as follows:

Fiscal Year	Amount
2020	\$ 343
2021	356
2022	369
2023	382
2024	396

Swaps associated with 2005 and 2008 bonds

As a means to lower its borrowing costs when compared against fixed-rate bonds at the time of the issuance of the Series 2005 Variable Rate Hospital Revenue Refunding Bonds, NHRMC entered into two separate interest rate swaps in connection with the bonds.

With the issuance of the 2013 Bonds to redeem the Series 2005 Bonds, NHRMC partially terminated swaps held in connection with the Series 2005 Bonds. The remaining swaps totaling \$37,000 were restructured to hedge the Series 2008 Bonds until 2026.

The terms, fair values and underlying bond issues of the outstanding swaps as of September 30, 2019 and 2018, are shown in the table above (in thousands). The notional amounts of the swaps approximate the principal amounts of the associated debt.

Notes to Financial Statements (Dollars in Thousands)

Note 8. Derivative Investments (Continued)

During the year ended September 30, 2013, the swaps were restructured in conjunction with the issuance of the 2013 Bonds, the remaining swaps held to hedge the Series 2008 Bonds were determined to be ineffective hedging derivative instruments under the provisions of GASB 53. Therefore, the entire fair value of the ineffective swaps in the amount of \$5,404 as of September 30, 2013, was recorded as a component (a decrease) of net increase in fair value of investments in the statements of revenues, expenses, and changes in net position. For the years ended September 30, 2019 and 2018, the net change in fair value of (\$842) and \$1,678, respectively, has been recorded as a component of net (decrease) increase in fair value of investments in the statements of revenues, expenses and changes in net position.

As a result of the negative position, NHRMC is not exposed to credit risk at September 30, 2019. However, should interest rates change and the fair value of the swap become positive, NHRMC would be exposed to credit risk in the amount of the swap's fair value.

NHRMC or the counterparties may terminate the swap if the other party fails to perform under the terms of the contract or there is a termination event, as defined in the contract. If the swaps are terminated, the variable rate bonds would no longer carry a synthetic interest rate. Also, if at the time of termination the swaps have negative fair values, NHRMC would be liable to the counterparties for payments equal to the swaps' fair values.

Basis Swap

During fiscal year 2002, NHRMC entered into a 19-year interest rate swap (basis swap) agreement, with a notional amount of \$50 million related to its Series 1999 Hospital Revenue Bonds. NHRMC's objective was to have a mixture of fixed- and variable-rate debt to take advantage of market fluctuations. Because NHRMC anticipated that interest rates might decline, NHRMC decided to synthetically create variable-rate debt by entering into a derivative. Terms of the rate swap agreement is described below.

Based on the swap agreement, NHRMC owes the counterparty interest calculated at a variable rate of the weighted-average BMA Municipal Bond Swap Index to the counterparty to the swap. In return, the counterparty owes NHRMC interest based on 73.875% of weighted-average one month US LIBOR. Under the swap agreement, only the net difference in the interest payments is actually exchanged with the counterparty. Settlement payments under the swap agreement are exchanged semi-annually. The notional amounts are not exchanged; they are only the basis on which the interest payments are calculated.

As of September 30, 2019, the basis swap has an estimated fair value of approximately \$69 which is recorded as an asset for interest rate swap agreements in the statement of net position. As of September 30, 2018, the basis swap has an estimated fair value of approximately \$176 which is recorded as an asset for interest rate swap agreements in the statement of net position Under the provisions of GASB 53, the basis swap qualifies as an investment derivative instrument and therefore, changes in fair value of (\$107) and \$248 for the years ended September 30, 2019 and 2018, respectively, have been recorded as a component of net (decrease) increase in fair value of investments in the statements of revenues, expenses and changes in net position.

Notes to Financial Statements (Dollars in Thousands)

Note 8. Derivative Investments (Continued)

As a result of the positive position, NHRMC is exposed to credit risk in the amount of the swap's fair value. NHRMC's objective for holding the basis swap was to preserve short-term cash resources in a market that was not favorable to the performance of the basis swap. NHRMC or the counter-party may terminate the swap if the other party fails to perform under the terms of the contract. If, at the time of the termination, the swap has a negative fair value, NHRMC would be liable to the counterparty for a payment equal to the swap's fair value.

LCFH Swap

LCFH hedged \$2,000 of its interest rate exposure associated with the LCFH 2007 Bonds through an interest rate swap agreement with a bank. During the year ended September 30, 2019, the interest rate swap was terminated upon paying off the Series 2007 Bonds, which resulted in a loss to Hospice of \$98.

Note 9. Risk Management

NHRMC, CHA, LCFH and PMH are exposed to various risks of loss in the ordinary course of business as a result of torts, theft of, damage to, or destruction of assets, business interruption, allegations of medical malpractice (hospital professional liability), natural disasters, employee and officer errors and omissions, and employee workers' compensation and medical claims.

NHRMC purchases commercial insurance coverage against risk of loss due to errors and omissions, fiduciary liability, property damage and theft, pollution liability and various other insurable risks. NHRMC carries property insurance in the amount of \$750,000 for 2019 and 2018 with a deductible of \$100 for all perils except named windstorm. For 2019 and 2018, the minimum deductible for named storm is \$5,000 per location, with a maximum deductible of \$25,000 per location. For 2019 and 2018, NHRMC was self-insured for workers' compensation and employer's liability up to \$350 per claim. Statutory limits apply to worker's compensation. For 2019 and 2018, NHRMC was also self-insured for professional liability and general liability claims up to \$5,000. There was a \$25,000 annual aggregate retention in 2019 and 2018. In both 2019 and 2018, hospital professional liability and general liability stop loss coverage is on a claims made basis; general liability is written on an occurrence basis. Excess commercial insurance is purchased to provide coverage above the self-insured retention levels for hospital professional liability and general liability. NHRMC is fully self-insured for hospital professional liability claims incurred prior to June 25, 2002, but not reported as of that date. No payments have exceeded insurance coverage in the past three fiscal years where insurance coverage applies, subject to the deductibles and retentions noted above. NHRMC is self-insured for employee medical claims up to \$350 per individual, excluding costs associated with domestic claims (claims for services provided at NHRMC).

NHRMC records an estimated liability for unpaid medical claims based upon reserve amounts and/or historical trends calculated by the third party administrators of the plans. The liabilities for workers' compensation, hospital professional liability and general liability claims are accrued at estimated amounts as determined by a third party actuary.

Notes to Financial Statements (Dollars in Thousands)

Note 9. Risk Management (Continued)

Following is a reconciliation of changes in NHRMC's recorded aggregate liability for claims, which is included in professional liability claims and other self-funded liabilities. Provisions for claims are primarily included in salaries, wages and benefits, and other expense on the statements of revenues, expenses and changes in net position.

	Years Ended September 30					
		2019		2018		2017
Beginning liability	\$	26,794	\$	22,243	\$	22,690
Provisions for claims		92,420		84,481		79,918
Payments for claims		(83,330)		(75,724)		(76,360)
Administrative fees		(2,361)		(4,206)		(4,005)
Ending liability	\$	33,523	\$	26,794	\$	22,243

The combined component units' risk management disclosures are not considered significant to the reporting entity.

Note 10. Pension and Supplemental Retirement Plan Obligations

NHRMC and PMH provide defined benefit pension plans, which are summarized as follows:

NHRMC Plan Description: NHRMC sponsors and has fiduciary responsibility for The Pension Plan of New Hanover Regional Medical Center (the NHRMC Plan). The Plan was originally effective June 14, 1967, and was most recently amended in December 2012 to comply with the Heroes Earnings Assistance and Relief Tax Act of 2008. The Plan is a single employer plan, covering all employees of NHRMC (including Foundation) and certain employees of CHA who meet eligibility requirements. The Plan was created by act of the Trustees of New Hanover Regional Medical Center, who have the authority to amend or terminate the Plan.

Benefits Provided: An employee is eligible to participate in the plan upon completion of 1,000 hours of service in a plan year. Employees may retire with unreduced retirement benefits upon attainment of the age of 65 (if participation in the plan was prior to January 1, 1988) or the later of age 65 or completion of five years of participation (if participation in the plan was on or after January 1, 1988). Employees hired prior to January 1, 2001 who retire under the above conditions are entitled to annual retirement benefits equal to 1.25% of their average compensation times the years of service up to 30 years and .65% of the excess, if any, of the average compensation over Social Security covered compensation, times the years of service up to 30 years. Employees hired on or after January 1, 2001, who retire under the above conditions are entitled to annual retirement benefits equal to .75% of their average compensation times the years of service up to 30 years and .65% of the excess, if any, of the average compensation over Social Security covered compensations, times the years of service up to 30 years. The average compensation is the average salary of the employee during the five highest paid consecutive calendar years of creditable service during the ten calendar years preceding the employee's retirement date.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Employees may retire with reduced retirement benefits after reaching age 55 and completing five years of creditable service. Plan provisions also include death and disability retirement benefits, whereby the disabled employee is entitled to receive their normal retirement benefit accrued up to the date of disability retirement. Upon death of an employee before retirement, benefit payments will be paid to the surviving spouse, if any. If there is no surviving spouse, the death benefit will be split among surviving children or paid to a designated beneficiary. Upon the death of an employee after retirement, benefit payments will be distributed in accordance with the method elected by the employee.

Contributions: The contribution requirements of the contributing employers to the NHRMC plan are established by the Plan document and determined annually by NHRMC based on actuarial recommendations. Contributions to the pension plan from NHRMC were \$14,530 and \$15,551 for the years ended September 30, 2019 and 2018, respectively.

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019 and 2018, NHRMC reported a net pension obligation of \$45,843 and \$50,113, respectively. The net pension obligation was measured as of September 30, 2018 and 2017, respectively. The total pension liability used to calculate the net pension obligation was determined by an actuarial valuation as of January 1, 2018 and 2017, respectively. The total pension liability was then rolled forward to the measurement date of September 30, 2018 and 2017, respectively, utilizing update procedures incorporating the actuarial assumptions.

For the year ended September 30, 2019 and 2018, NHRMC recognized pension expense of \$14,421 and \$15,823, respectively. At September 30, 2019, NHRMC reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 red Outflows Resources	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings	\$ 7,376	\$ -
on pension plan investments	-	8,621
Assumption changes	-	3,613
Contributions made in fiscal year ending September 30, 2019	14,530	
Total	\$ 21,906	\$ 12,234

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

At September 30, 2018, NHRMC reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings	8,728	\$ 764
on pension plan investments	-	5,646
Assumption changes	-	4,796
Contributions made in fiscal year ending September 30, 2018	15,551	
Total \$	24,279	\$ 11,206

Deferred outflows of resources of \$14,530 related to pensions resulting from NHRMC's contributions subsequent to the measurement date will be recognized as a decrease of the net pension obligation in the year ended September 30, 2019. Other amounts reported as deferred inflows and outflows of resources related to pensions will be recognized in pension expense as follows:

	Years	ending	Septemb	oer 30:
--	-------	--------	---------	---------

2020	\$ 1,320
2021	(3,594)
2022	(2,231)
2023	(457)
2024	 104
	\$ (4,858)

Actuarial Assumptions – The total pension liability in the January 1, 2018 and 2017 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.30%
Salary increases	3.00%
Investment rate of return	7.0%, net of pension plan investment
	expense, including inflation

Mortality rates were based on the RP-2006 with generational MP-2015 projection.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of September 30, 2019 and 2018, are summarized in the following table:

		Long-Term
	Target	Expected Real
Asset Class	Allocation	Rate of Return
Large Cap U.S. Equity	40.00%	4.50%
Small Cap U.S. Equity	5.00%	4.99%
International Equity	2.50%	4.99%
Emerging Markets Equity	7.50%	6.35%
Core U.S. Fixed Income	17.50%	1.96%
High Yield Bonds	7.50%	2.25%
Emerging Market Bonds (Corporate USD)	2.50%	3.52%
Emerging Market Bonds (Sov. Local)	5.00%	4.30%
Hedge Fund-of-Funds Universe	5.00%	3.32%
Commodities	7.50%	3.62%
Total	100.00%	<u>-</u>

Discount rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Net pension liability	\$	80,875	\$ 45,843	\$	20,536	

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued, stand-alone financial report that can be obtained by contacting the office of the Executive Vice President/CFO, P.O. Box 9000, Wilmington, North Carolina 28402.

PMH Plan Description: PMH sponsors a single-employer, non-contributory defined benefit pension plan covering substantially all employees. The Plan was originally effective January 1, 1970, and was most recently amended and restated effective January 1, 2009.

Benefits Provided: All employees having completed two years of service who are at least 21 years old and work a minimum of 1,000 hours annually are eligible to participate in the Plan. Retirement benefits under the Plan are based upon earnings and number of years of service of Plan participants. Employer benefits vest to 100% after five years of service. Employees hired prior to January 1, 1992, who retire under the above conditions are entitled to annual retirement benefits equal to 1% of their 1991 annual benefit compensation as defined by the Plan times the years of service prior to January 1, 1992, and .5% of their 1991 annual benefit compensation in excess of \$9 times the years of service after January 1, 1992. Personnel employed on or after January 1, 1992, who retire at or after age 65 with five years of credited service are entitled to an annual retirement benefit, payable monthly for a maximum of 35 years based on service to normal retirement date, in an amount equal to .75% of their average compensation as defined by the Plan and .65% of average compensation in excess of the applicable covered compensation for Social Security purposes for each year of credited service after December 31, 1991. Credited service for the .5% and .65% portions is limited to a maximum of 35 years. Employees may retire with reduced retirement benefits after reaching age 60 and completing ten years of creditable service. The Plan also provides a death benefit for surviving spouses of vested employees.

Contributions: The contribution requirements of the contributing employer to the Plan are established by the Plan document and determined annually by PMH based on actuarial recommendations. Employee contributions were required prior to January 1, 1992, based on 3% of their annual salary up to \$9 and 4.5% of annual salary over \$9. No employee contributions are required or permitted after 1991. Contributions to the pension plan from PMH were \$583 and \$567 for the year ended September 30, 2019 and 2018, respectively.

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At September 30, 2019 and 2018, PMH reported a net pension liability of \$3,247 and \$3,179. The net pension liability was measured as of September 30, 2018 and 2017, respectively. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of January 1, 2018 and 2017, respectively. The total pension liability was then rolled forward to the measurement date of September 30, 2018 and 2017, respectively, utilizing update procedures incorporating the actuarial assumptions.

For the year ended September 30, 2019 and 2018, PMH recognized pension expense of \$580 and \$532, respectively. At September 30, 2019, PMH reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 d Outflows of	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings	\$ 113	\$ -
on pension plan investments	11	-
Assumption changes	-	91
Contributions made in fiscal year ending September 30, 2019	 583	-
Total	\$ 707	\$ 91

At September 30, 2018, PMH reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	 d Outflows of	Deferred Inflows of Resources
Differences between expected and actual experience Net difference between projected and actual earnings	\$ 136	\$ 9
on pension plan investments	-	44
Assumption changes	-	103
Contributions made in fiscal year ending September 30, 2019	567	-
Total	\$ 703	\$ 156

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Deferred outflows of resources of \$583 related to pensions resulting from PMH's contributions subsequent to the measurement date will be recognized as a decrease of the net pension obligation in the year ended September 30, 2019. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Years ending September 30:	
2020	\$ 58
2021	(23)
2022	(15)
2023	 13
	\$ 33

Actuarial assumptions – The total pension liability in the January 1, 2015, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.1%
Salary increases	3.0%
Investment rate of return	7.0%, net of pension plan
	investment expense, including inflation

Mortality rates were based on the RP-2014 with generational MP-2015 projection.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of September 30, 2019 and 2018, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic Equity (Large Cap)	40.00%	4.50%
Domestic Equity (Small Cap)	5.00%	5.00%
International Equity	10.00%	5.00%
Core U.S. Fixed Income	44.00%	2.00%
Cash	1.00%	1.20%
Total	100.00%	

Notes to Financial Statements (Dollars in Thousands)

Note 10. Pension and Supplemental Retirement Plan Obligations (Continued)

Discount rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Supplemental Retirement Plans

Pension plan fiduciary net position – Detailed information about the pension plan's fiduciary net position is available in the separately issued, stand-alone financial report that can be obtained by contacting Ed Ollie, Executive Vice President/CFO, PO Box 9000, Wilmington, North Carolina 28402.

In addition, NHRMC offers two supplemental retirement plans under IRC Section 457(f) to certain eligible employees. NHRMC has recorded a liability of approximately \$1,966 and \$1,501 as of September 30, 2019 and 2018, respectively, in accordance with the provisions of these plans.

NHRMC has assumed assets and liabilities of the former Cape Fear Memorial Hospital, Inc. deferred compensation plan. The assets are valued at fair value as of the statement of net position date. There are no additional deferrals being made to the plan and no active employees participating. NHRMC has recorded a liability of approximately \$235 as of September 30, 2019 and 2018, in accordance with the provision of this plan.

Note 11. Defined Contribution Retirement Plans

NHRMC offers a defined contribution plan under IRS code section 403(b) which is available to all employees and administered by AIGValic. Under provisions of the Plan document, NHRMC matches employee contributions according to a Plan formula, which is weighted for years of service. This match was suspended in January 2010. Employee contributions vest when made, employer contributions vest after three calendar years of service with 1,000 hours worked in each year.

Employee optional contributions totaled approximately \$14,404 and \$12,840 for the years ended September 30, 2019 and 2018, respectively. Employee contribution percentages were 3.9% and 3.7% of total payroll for the years ended September 30, 2019 and 2018, respectively. There were no employer matching contributions by NHRMC for the years ended September 30, 2019 and 2018.

NHRMC also offers all employees a retirement plan created in accordance with the Internal Revenue Code, Section 457(b). NHRMC is not required to match employee contributions or make employer contributions to the plan. In accordance with the provisions of GASB Statement 32, plan balances and activities are not reflected in NHRMC's financial statements.

Notes to Financial Statements (Dollars in Thousands)

Note 11. Defined Contribution Retirement Plans (Continued)

CHA offers a defined contribution plan under IRS code section 403(b) which is available to all employees and administered by AIGValic. Under provisions of the Plan document, CHA matches employee contributions according to a Plan formula, which is weighted for years of service. Employee contributions vest when made, employer contributions vest after three calendar years of service with 1,000 hours worked in each year.

CHA employer required and actual matching contributions totaled approximately \$951 and \$911, and employee optional contributions totaled approximately \$1,951 and \$1,783 for the years ended September 30, 2019 and 2018, respectively. Employer matching contribution percentages were 2.28% and 2.26%, and employee contribution percentages were 4.67% and 4.42% of total payroll for the years ended September 30, 2019 and 2018, respectively.

As of January 1, 2009, LCFH adopted a defined contribution plan under IRS code section 403(b) and an elective deferral plan. The plans cover qualified employees of LCFH, which are generally all employees.

LCFH can match contributions to the 403(b) plan, but is not required to do so. Employer contributions vest after three complete years of service. During the year ended September 30, 2015, management elected to discontinue the employer retirement contribution.

PMH offers a defined contribution plan under IRS code section 403(b), which is available to all employees and is administered by AIGValic. There is no match made by PMH; all contributions are made by employees only. Employee contributions vest when made.

Note 12. Investment in Affiliates

South Atlantic Radiology Oncology, LLC

In February 2005, NHRMC entered into a joint venture agreement to form South Atlantic Radiation Oncology, LLC (SARO). NHRMC has committed to contribute capital for 50% ownership in the joint venture. South Atlantic Radiation Oncology, LLC was formed to provide essential radiation oncology services for patients in Southeastern North Carolina.

Atlantic Surgicenter, LLC

In March 2005, NHRMC invested in Atlantic Surgicenter, LLC (Surgicenter), a joint venture formed to operate a freestanding ambulatory surgery center consisting of four general operating rooms and one non-licensed procedure room, located in New Hanover County, North Carolina. In July 2016, NHRMC acquired 100% ownership in Atlantic Surgicenter, LLC. NHRMC plans to recapitalize its investment in Surgicenter in future years. NHRMC's investment in Surgicenter is recorded in other long-term assets as of September 30, 2019 and 2018.

Porters Neck Imaging, LLC

Also in 2005, NHRMC entered into a joint venture agreement to form Porters Neck Imaging, LLC (PNI), committing to contribute capital for a 50% ownership in the joint venture. PNI was formed to provide mobile MRI services to New Hanover and surrounding counties.

Notes to Financial Statements (Dollars in Thousands)

Note 12. Investment in Affiliates (Continued)

Dosher/NHRMC, LLC

In April 2007, NHRMC entered into a joint venture agreement to form Dosher/NHRMC, LLC. NHRMC has committed to contribute capital for a 50% ownership in the joint venture. The purpose of the joint venture is to operate healthcare related facilities and provide healthcare services in Brunswick County, North Carolina in a manner that furthers the charitable and tax-exempt purposes of the members.

Assuring Affordable, Quality Healthcare in North Carolina, LLC

In March 2012, NHRMC entered into a joint venture agreement to acquire and maintain a 10% ownership in the newly formed company, Assuring Affordable, Quality Healthcare in North Carolina, LLC (AAQHNC). This company conducts advocacy activities in support of North Carolina state laws that are designed to ensure access to safe, affordable, quality healthcare.

Provider-Led, Patient-Centered Care of North Carolina, LLC

In April 2015, NHRMC entered into a joint venture agreement to acquire and maintain a 9% ownership in the newly formed company, Provider-Led, Patient-Centered Care of North Carolina, LLC (PLPCC). This entity was formed to develop and plan for the creation of a statewide Medicaid health maintenance organization in anticipation of action by the North Carolina General Assembly to convert the North Carolina Medicaid Program to a managed care system.

Diagnostic Imaging Partners, LLC

Effective March 1, 2017, NHRMC entered into a joint venture with Delaney Members as a 50% member. This entity was formed to provide diagnostic imaging services to the Onslow county area.

Notes to Financial Statements (Dollars in Thousands)

Note 12. Investment in Affiliates (Continued)

A summary of NHRMC's joint venture and other affiliate investment activity as of and for the years ended September 30, 2019 and 2018, is as follows:

All investments noted above are included in the Investment in affiliates in the statements of net position. The net income (loss) of all equity investments is included in equity in net income of joint ventures in the statements of revenues, expenses and changes in net position.

Note 13. Contingencies

NHRMC is aware of various asserted and unasserted claims. Management has been unable to reasonably estimate the amount of the loss, if any, relative to these claims, since the ultimate resolution of these matters will be dependent upon future events. Management believes that these claims can be successfully defended and intends to challenge the allegations of these matters in every way and does not plan to seek out-of-court settlements. In the event that judgments adverse to their interests should be rendered, management feels any liability will be fully covered by existing insurance or not be material to the financial statements.

Notes to Financial Statements (Dollars in Thousands)

Note 13. Contingencies (Continued)

NHRMC strives to be paid appropriately for services it provides, but third-party payors continue to provide lower rates of payments. In recent years, there have been numerous federal legislative and administrative actions, including the Health Care Reform Act, that have reduced the rate of increase in Medicare payments to hospitals and other health care providers. The federal government has also reduced the share of federal matching payments made to the states to subsidize the cost of Medicaid. Accordingly, NHRMC funding from Medicare and Medicaid is likely to be reduced prospectively.

Laws and regulations governing the Medicare and Medicaid programs are complex and subject to interpretation. NHRMC believes that they are in compliance with all applicable laws and regulations and are not aware of any significant pending or threatened investigations involving allegations of potential wrongdoing. While no such regulatory inquiries have been made, compliance with such laws and regulations can be subject to future government review and interpretation as well as significant regulatory action, including fines, penalties and exclusion from the Medicare and Medicaid programs.

Note 14. Physician Practice Management Commitments

CHA has engaged Carolinas Physician Network (CPN), a physician practice network within the nonprofit corporation of Atrium Health, through contractual agreements, to operate and manage most of the medical practices owned by CHA and provide certain professional medical services for each of those practices. CPN provides physicians and mid-level providers to operate most of the medical practices owned by CHA and provides certain professional medical services for each of those practices. In exchange, CHA pays a flat annual fee adjusted annually to equal the estimated compensation of the Practice Providers. In its role as manager, CPN provides management and billing services, practice acquisition services, provider recruiting, and access to its practice management system. Fees under the management agreement are based on the number and specialties of the practices. The Management Services and Professional Services Agreements, amended in 2017, expires September 30, 2022, and may be renewed for successive one-year terms. During the years ended September 30, 2019 and 2018, CHA paid \$94,947 and \$93,559, respectively, to CPN under these agreements, including \$81,677 and \$81,357, respectively, for physician fees, and \$13,270 and \$12,202, respectively, for all other administrative services. CHA had \$10,819 and \$2,236 of physician fees payable to CPN as of September 30, 2019 and 2018, respectively, recorded in accounts payable and other liabilities.

Note 15. Storm Related Losses

During September 2018, NHRMC incurred storm related losses due to the impact of Hurricane Florence, including additional personnel costs, inventory write-offs, and associated expenses related to preparation and recovery efforts. NHRMC revenues were significantly below management forecasts for the month of September 2018, and NHRMC expects to file for business interruption losses. No amounts have been recorded for insurance recoveries at September 30, 2019. Losses of \$6,637 and \$15,872 recorded due to Hurricane Florence were included in other non-operating expense for 2019 and 2018, respectively.

Notes to Financial Statements (Dollars in Thousands)

Note 16. Pending GASB Statements

The Governmental Accounting Standards Board (GASB) has issued several pronouncements prior to September 30, 2019, that have effective dates that may impact future financial presentations.

In January 2016, GASB issued GASB Statement Number 84, *Fiduciary Activities*, which improves guidance regarding the identification of fiduciary activities for accounting and financial reporting purposes and how those activities should be reported. The provisions of this Statement are effective for NHRMC and its component units beginning with its year ending September 30, 2020.

In June 2017, GASB issued GASB Statement Number 87, *Leases*, which increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for agreements that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending September 30, 2021.

In August 2018, GASB issued GASB Statement Number 90, *Majority Equity Interests*, which clarifies the accounting and financial reporting requirements for a state or local government's majority equity interest in an organization that remains legally separate after acquisition. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending September 30, 2020.

In May 2019, GASB issued Statement No. 91, *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations and (3) related note disclosures. The provisions of this Statement will be effective for NHRMC and its component units beginning with its year ending beginning with its year ending September 30, 2022.

Notes to Schedule

Valuation date:

Actuarially determined contribution rates are calculated as of October 1, one year prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method: Entry Age Normal with 20-year closed amortization period for initial

unfunded and subsequent actuarial gains/losses

Asset Valuation Method: 5-year smoothing of investment gains and losses

IRS Limit Increases: 2.50% Salary Increases: 3.00%

Investment Rate of Return: 7.00%, net of pension plan investment expense, including inflation

Retirement Age: Varies by age, same as GASB 68

Mortality: RP-2014 with generational projection using scale MP-2017

SCHEDULE 5.23

Statutory Requirements

- § 131E-13. Lease or sale of hospital facilities to or from for-profit or nonprofit corporations or other business entities by municipalities and hospital authorities.
- (a) A municipality or hospital authority as defined in G.S. 131E-16(14), may lease, sell, or convey any hospital facility, or part, to a corporation, foreign or domestic, authorized to do business in North Carolina, subject to these conditions, which shall be included in the lease, agreement of sale, or agreement of conveyance:
 - (1) The corporation shall continue to provide the same or similar clinical hospital services to its patients in medical-surgery, obstetrics, pediatrics, outpatient and emergency treatment, including emergency services for the indigent, that the hospital facility provided prior to the lease, sale, or conveyance. These services may be terminated only as prescribed by Certificate of Need Law prescribed in Article 9 of Chapter 131E of the General Statutes, or, if Certificate of Need Law is inapplicable, by review procedure designed to guarantee public participation pursuant to rules adopted by the Secretary of the Department of Health and Human Services.
 - (2) The corporation shall ensure that indigent care is available to the population of the municipality or area served by the hospital authority at levels related to need, as previously demonstrated and determined mutually by the municipality or hospital authority and the corporation.
 - (3) The corporation shall not enact financial admission policies that have the effect of denying essential medical services or treatment solely because of a patient's immediate inability to pay for the services or treatment.
 - (4) The corporation shall ensure that admission to and services of the facility are available to beneficiaries of governmental reimbursement programs (Medicaid/Medicare) without discrimination or preference because they are beneficiaries of those programs.
 - (5) The corporation shall prepare an annual report that shows compliance with the requirements of the lease, sale, or conveyance.

The corporation shall further agree that if it fails to substantially comply with these conditions, or if it fails to operate the facility as a community general hospital open to the general public and free of discrimination based on race, creed, color, sex, or national origin unless relieved of this responsibility by operation of law, or if the corporation dissolves without a successor corporation to carry out the terms and conditions of the lease, agreement of sale, or agreement of conveyance, all ownership or other rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital; provided that any building, land, or equipment associated with the hospital facility that the corporation has constructed or acquired since the sale may revert only upon payment to the corporation of a sum equal to the cost less depreciation of the building, land, or equipment.

This section shall not apply to leases, sales, or conveyances of nonmedical services or commercial activities, including the gift shop, cafeteria, the flower shop, or to surplus hospital property that is not required in the delivery of necessary hospital services at the time of the lease, sale, or conveyance.

SCHEDULE 6.4

Required Governmental Authorizations

- 1. See Schedule 2.5(b).
- 2. Approval from the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section good cause is shown for the transfer of the following Certificates of Need to the extent the projects are not yet complete:
 - a. **Certificate of Need** (Project ID No. O-11042-15, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to *New Hanover Regional Medical Center* to develop no more than 31 acute care beds in the 2015 SFMP for a total of no more than 678 acute care beds. Effective October 13, 2015.
 - b. Certificate of Need (Project ID No. O-11189-16, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to New Hanover Regional Medical Center to construct additional floors on top of the existing Surgical Pavilion, relocate 68 acute care beds from NHRMC Orthopedic Hospital, and relocate five operating rooms from NHRMC Orthopedic Hospital, which results in a change of scope of Project ID No. 11042-15 (add 31 acute care beds and relocate nine acute care beds). Effective December 17, 2016.
 - c. Certificate of Need Material Compliance Approval (Project ID Nos. O-11042-15 and O-11189-16, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to *New Hanover Regional Medical Center* for the following changes: The five ORs proposed to be relocated to the main hospital campus from the NHRMC Orthopedic Hospital will remain at the NHRMC Orthopedic Hospital; relocate 45 acute care beds (instead of 68) from NHRMC Orthopedic Hospital to the NHRMC main campus; and develop the new patient tower at the Surgical Pavilion with 85 acute care beds (instead of 108) and develop 23 unlicensed observation beds. The Tower will still accommodate 108 patient rooms. Effective May 6, 2020.
 - d. Certificate of Need (Project ID No. O-117414-19, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to New Hanover Regional Medical Center to add no more than four (4) shared ORs pursuant to the 2019 SFMP need determination to the main campus of NHRMC for a total of no more than 39 ORs. Effective November 22, 2019
 - e. **Certificate of Need** (Project ID No. O-11805-19, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to *New Hanover Regional Medical Center* to acquire replacement cardiac catheterization equipment. Effective February 27, 2020.

- f. Certificate of Need (Project ID No. O-11328-17, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to New Hanover Regional Medical Center to acquire an additional CT scanner. Effective August 22, 2017.
- g. **Certificate of Need** (Project ID No. O-11191-16, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to *New Hanover Regional Medical Center* to acquire a third dedicated cardiac electrophysiology lab. Effective October 28, 2016.
- h. Certificate of Need (Project ID No. O-11748-19, Facility ID No. 943372) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to New Hanover Regional Medical Center to acquire a bi-plane system for interventional radiology. Effective February 15, 2020.
- i. Certificate of Need (Project ID No. O-11559-18, Facility ID No. 180423) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to *Iron Gate Surgery Center*, *LLC* to relocate three surgical operating rooms from New Hanover Regional Medical Center Orthopedic Hospital to develop a new ambulatory surgical center. Effective January 2, 2019 (relinquished on November 21, 2019).
- j. Certificate of Need (Project ID No. O-11190-16, Facility ID No. 160284) issued by the North Carolina Department of Health and Human Services, Division of Health Service Regulation, Healthcare Planning and Certificate of Need Section to New Hanover Regional Medical Center, Carolina Healthcare Associates, Inc. to relocate one GI endoscopy room from New Hanover Regional Medical Center to Endoscopy Center NHRMC Physician Group and relocate existing facility to a new location where it will be licensed for three GI endoscopy rooms and the hospital will be licensed for only one GI endoscopy room. Valuation

[See Attached]

Valuation

Shown in the exhibits below is a high-level review of fair market value resulting from standard valuation methodologies. This is not a fairness opinion.

For each of the proposals provided by the three Respondents, Net Total Financial Consideration is within or exceeds the valuation range

Attachment D

NHRMC Board of Trustees Resolution

[See Attached]

RESOLUTION OF THE BOARD OF TRUSTEES OF NEW HANOVER REGIONAL MEDICAL CENTER, A NONPROFIT CORPORATION

Approving the Asset Purchase Agreement and Transactions Described Therein among New Hanover Regional Medical Center, New Hanover County, Novant Health, Inc. and Novant Health New Hanover Regional Medical Center, LLC

Recommending to the New Hanover County Board of Commissioners Approval of such Asset Purchase Agreement and the Transactions Described Therein

Recitals

WHEREAS, New Hanover County (the "County") owns the hospitals, medical facilities and other assets leased to New Hanover Regional Medical Center ("NHRMC") to operate as a health care system governed by the County-appointed NHRMC Board of Trustees ("BOT"); and

WHEREAS, New Hanover County and NHRMC are parties to that certain lease agreement pursuant to which New Hanover County leases the hospital, medical facilities and other assets to NHRMC for the purposes of operating the health system ("NHRMC Lease"); and

WHEREAS, certain industry trends, challenges, opportunities and related discussions as to the best course forward for NHRMC led to the BOT recommending to the New Hanover County Board of Commissioners ("County Commissioners") that NHRMC and the County explore potential options for the future of NHRMC; and

WHEREAS, based on the BOT's recommendation, the County Commissioners passed a resolution in September of 2019 to move forward in exploring potential future options for NHRMC through a request for proposal process ("RFP") in accordance with State Law N.C.G.S § 131E-13(d)(1)-(2); and

WHEREAS, on March 16, 2020, six health care organizations, including Novant Health, Inc. ("Novant Health") responded to the comprehensive RFP with a variety of proposals, all of which have been well vetted by the Partnership Advisory Group ("PAG")—a Joint Subcommittee of the County Commissioners and the BOT, which subcommittee includes six members of the BOT, as well as physician and community representation—with analyses and input from financial, legal and strategic advisors to NHRMC and the County; and

WHEREAS, in accordance with N.C.G.S § 131E-13(d)(5)-(6), a public hearing was held on June 22, 2020, regarding the proposals received in response to the RFP; and

WHEREAS, in conjunction with the PAG's evaluation of the proposals, the corresponding due diligence and discussions with the finalists, the PAG recommended the BOT and County Commissioners approve and authorize the execution of a nonbinding letter of intent with Novant Health ("LOI"), and the BOT and County Commissioners, each having reviewed all of the work of the PAG and the proposals, and—having considered the best interests of NHRMC, the County and the community—concurred with such recommendations; and

WHEREAS, on July 7, 2020, the BOT adopted a resolution to enter into the LOI with Novant Health; and

WHEREAS, on July 13, 2020, upon the recommendation of the PAG and the BOT, the County Commissioners adopted a resolution to enter into the LOI with Novant Health; and

WHEREAS, NHRMC, the County, and Novant Health entered into such LOI on July 13, 2020; and

WHEREAS, following execution of the LOI, NHRMC, the County, and Novant Health engaged in further due diligence and negotiated a draft Asset Purchase Agreement consistent with the terms of the LOI; and

WHEREAS, NHRMC, the County and Novant Health wrapped up due diligence and the draft Asset Purchase Agreement negotiations, and the County published the agreement for public review and comment on September 18, 2020 in accordance with N.C.G.S § 131E-13(d)(8) (such draft together with the current exhibits and schedules attached thereto, the "APA"); and

WHEREAS, a public hearing was held on September 28, 2020, regarding the draft Asset Purchase Agreement, as well as the corresponding termination of the NHRMC Lease, as such action is contemplated and addressed under the APA and as is consistent with Section 3.03 of the NHRMC Lease, and heard comments related to the use of net proceeds (addressed in Exhibit C to the APA) and the bylaws for a nonprofit community endowment (the "Community Endowment") that would be established under the use of net proceeds framework; and

WHEREAS, in addition to the APA, certain other documents will be required to effectuate the Transaction (defined below) as further set forth and defined in the APA (collectively, the "Transaction Documents"); and,

WHEREAS, the APA addresses governance matters, including certain NHRMC successor Local/Regional board controls, and sets forth the initial board in <u>Schedule 5.20(b)</u>; and

WHEREAS, Novant Health, through Novant Health New Hanover Regional Medical Center, LLC, an affiliate of Novant Health ("Buyer"), desires to acquire from NHRMC and the County, and NHRMC and the County desire to sell to Buyer, substantially all of the assets used with respect to the operation of the hospitals and other medical facilities within the health system governed by the BOT in exchange for the consideration and upon the terms and conditions set forth in the APA (the "Transaction"); and

WHEREAS, in order to secure the future of NHRMC's existing hospital and other medical facilities and healthcare and wellness services, and to address the significant population growth in the region and its associated expanded program needs, the Transaction will result in substantial services commitments to and financial investments in NHRMC's current strategic plan and all of its related goals and objectives, including Improving Access to Care and Wellness, Advancing the Value of Care, Promoting Health Equity, Supporting and Maintaining Staff, Partnering with Providers, Driving Quality of Care, Growing the Level and Scope of Care, and Strategic Positioning as a Novant Health system hub in this region with expanded UNC Health and UNC School of Medicine Programs, all as further delineated in the APA; and

WHEREAS, the Transaction will also result in certain proceeds allocations made in accordance with Exhibit C to the APA, including \$100 Million in a general escrow account to address trailing liabilities, \$200 Million in an NHRMC Transition Stabilization Escrow, and \$300 Million in a County Revenue Stabilization Fund; and

WHEREAS, the NHRMC Transition Stabilization Escrow amount will be deposited into an escrow account or reserve fund established and controlled by NHRMC's Local/Regional successor to address transition stabilization initiatives associated with post-Closing matters, including (i) a Team Investment and Resiliency fund addressing pension plan funding and administration needs, mitigating retirement plan transition adverse impacts, providing stabilization support for transitioning employees, and addressing staff and provider resiliency funding needs, (ii) paying for tail insurance associated with NHRMC policy terminations, and (iii) funding NHRMC wind-down matters (e.g., trailing cost reports); and

WHEREAS, the Transaction will also result in certain net proceeds accruing initially to the ultimate benefit of the County under and pursuant to the terms of the APA ("Net Proceeds"), and the County Commissioners will consider whether it is in the best interests of the County and citizens thereof to facilitate the formation of the Endowment, to which the County intends to grant the remaining portion of the Net Proceeds following all other distributions referenced in Exhibit C to the APA; and

WHEREAS, the County will use, invest, direct, grant and manage the Net Proceeds of the Transaction exclusively for public benefit purposes as generally described in Exhibit C to the APA; and

WHEREAS, upon closing of the Transaction the outstanding revenue bonds issued by the County for the benefit of NHRMC will be called, defeased and redeemed (therefore effectively being paid in full); and

WHEREAS, the BOT has reviewed the APA, and found such APA, and the Transaction described therein, to be favorable to NHRMC, the County and the region, and to be and in the best interest of NHRMC in fulfilling its mission and meeting its charitable purposes now and into the future and the BOT desires to approve and authorize NHRMC to enter into the APA, and to take all actions as may be necessary and desirable to close and consummate the Transaction.

Resolutions

NOW, THEREFORE, be it hereby resolved that the BOT hereby approves the APA, substantially in the form published on September 18, 2020, and the consummation and closing of the Transaction pursuant to the terms of the APA as in the best interest of NHRMC in fulfilling its mission and meeting its charitable purposes now and into the future; and

BE IT FURTHER RESOLVED, the BOT hereby recommends and endorses to the County Commissioners the approval of the APA and the consummation and closing of the Transaction pursuant to the terms of the APA; and

BE IT FURTHER RESOLVED, the BOT hereby authorizes NHRMC's President and CEO (or the President and CEO's designee), on behalf of NHRMC, to execute the APA, the Transaction Documents, and all other certificates, instruments, amendments, agreements, filings, and other documents ancillary thereto, and to take, or cause to be taken, all other such actions as may be reasonably necessary and desirable to effectuate the Transaction; and

BE IT FURTHER RESOLVED, the BOT hereby approves those individuals set forth in Schedule 5.20(b) of the APA as the initial Trustees of the Local Board upon Closing of the Transaction, all as defined in the APA; and

BE IT FURTHER RESOLVED, the BOT hereby consents to, approves and authorizes the termination of the NHRMC Lease, which such termination shall become effective contemporaneous with the Closing of the Transaction, and further acknowledges and endorses the Net Proceeds of the Transaction accruing initially to the ultimate benefit of the County for the County to then grant and distribute in a manner generally consistent with the terms of Exhibit C to the APA, including in furtherance of the establishment of the Community Endowment; and

BE IT FURTHER RESOLVED, the BOT hereby consents to and approves the redemption and defeasance of all outstanding revenue bonds issued by the County in conjunction with the Closing of the Transaction consistent with the terms of the APA, including (i) 2006 Variable Rate Hospital Revenue Bonds, (ii) 2008 Hospital Revenue Bonds, (iii) 2011 Hospital Revenue Refunding Bonds, (iv) 2013 Hospital Revenue Refunding Bonds, and (v) 2017 Hospital Revenue Bonds, for the benefit of NHRMC, and hereby authorizes and directs the NHRMC President and CEO and Chief Financial Officer (or their designees) to do, or cause to be done, on behalf of NHRMC all things necessary to call, defease and redeem such revenue bonds; and

BE IT FURTHER RESOLVED, that all the acts of the NHRMC President and CEO, NHRMC Chief Financial Officer, and other officers of NHRMC, as well as of any person authorized or designated to act on behalf of the such individuals or NHRMC, which acts would have been authorized by the foregoing resolutions except that such acts were taken prior to the adoption of such resolutions, are hereby severally ratified, confirmed, approved, and affirmed as acts on behalf of the BOT and NHRMC.

The undersigned Chair of New Hanover Regional Medical Center hereby certifies that the foregoing resolution was adopted by a total vote of the members of the Board of Trustees of NHRMC at a duly called meeting thereof held on October 1, 2020, at which a quorum was present.

Jason Thompson

New Hanover County Board of Commissioners Resolution

[See Attached]

NEW HANOVER COUNTY BOARD OF COMMISSIONERS RESOLUTION

Approving the Asset Purchase Agreement and Transactions Described Therein among New Hanover County, New Hanover Regional Medical Center, Novant Health, Inc. and Novant Health New Hanover Regional Medical Center, LLC

Recitals

WHEREAS, New Hanover County owns the hospital, medical facilities and other assets used by New Hanover Regional Medical Center (NHRMC) to operate as a health care system governed by the County-appointed NHRMC Board of Trustees (BOT); and

WHEREAS, County and NHRMC are parties to that certain lease agreement pursuant to which New Hanover County leases the hospital, medical facilities and other assets to NHRMC for the purposes of operating the health system (NHRMC Lease); and

WHEREAS, certain industry trends, challenges, opportunities and related discussions as to the best course forward for NHRMC have led to the New Hanover County Board of Commissioners passing a resolution in September of 2019 to move forward in exploring potential future options for NHRMC through a request for proposal (RFP) process in accordance with State Law (N.C.G.S § 131E-13(d)(1)-(2)), and the BOT passing a corresponding resolution endorsing such County/NHRMC exploration in that same month; and

WHEREAS, following these resolutions, the Board of Commissioners held a public hearing, consistent with N.C.G.S § 131E-13(d)(3), on October 15, 2019 to receive comments related to the resolution and also, jointly with the BOT, appointed a 21-member Partnership Advisory Group (PAG) that includes: nine community members reflective of the community's diversity of individuals and interests; five members of the BOT; five physicians as selected by the Physician Advisory Committee; and the NHRMC CEO and County Manager, to explore the best way to improve the region's access to high-quality healthcare; and

WHEREAS, the PAG developed a comprehensive RFP that was issued by and on behalf of the County and NHRMC, consistent with N.C.G.S § 131E-13(d)(2), on January 13, 2020, and received responses from six health care organizations by the due date of March 16, 2020, with a variety of detailed proposals, all which were well vetted by the PAG with analyses and input from financial, legal and strategic advisors to NHRMC and the County; and

WHEREAS, at its May 18, 2020 meeting, upon the recommendation from the PAG and BOT, the Board of Commissioners endorsed (in alphabetical order) the following respondents for further due diligence and letter of intent discussions (such narrowing was preliminary, pending further public input at the public hearing on June 22, 2020): Atrium Health, Duke Health, and Novant Health, Inc. (Novant Health); and authorized the County and NHRMC to have direct partnership due diligence and letter of intent discussions with each of these three organizations as part of

this RFP process; and

WHEREAS, in accordance with this Board of Commissioners authorization, the PAG and PAG Support Team engaged in further analyses of the Atrium Health, Duke Health and Novant Health proposals and the respective ability of each such respondent to meet the needs of the region and advance healthcare accessibility, quality, affordability, and equity as outlined in each of the key goals and objectives tied to NHRMC's Strategic Plan, including through multiple virtual and actual site visits; and

WHEREAS, in accordance with the PAG Charter, the PAG and PAG Support Team also further evaluated the pros and cons associated with each of the proposals, together with the pros and cons of NHRMC continuing status quo, internally restructuring or joint venturing; and

WHEREAS, the Board of Commissioners held a second public hearing on June 22, 2020 to discuss all six proposals and receive further community input, consistent with N.C.G.S § 131E-13(d)(5)-(6); and

WHEREAS, on July 13, 2020, the Board of Commissioners, upon recommendation from the PAG and BOT, adopted a resolution to enter into a letter of intent (the LOI) with Novant Health, and such resolution set forth requirements for the use of net transaction proceeds designed to protect such proceeds for the benefit of the community in perpetuity (attached to the LOI as Exhibit D); and

WHEREAS, NHRMC, the County, and Novant Health entered into such LOI on July 13, 2020; and

WHEREAS, following execution of the LOI, NHRMC, the County, and Novant Health engaged in further due diligence and negotiated a draft Asset Purchase Agreement consistent with the terms of the LOI; and

WHEREAS, NHRMC, the County and Novant Health wrapped up due diligence and the draft Asset Purchase Agreement negotiations, and the County published the agreement for public review and comment on September 18, 2020 in accordance with N.C.G.S § 131E-13(d)(8) (such draft together with the current exhibits and schedules attached thereto, the "APA"); and

WHEREAS, the Board of Commissioners held a public hearing on September 28, 2020, to receive public comment on the APA, as well as the corresponding termination of the NHRMC Lease, as such action is contemplated and addressed under the APA and as is consistent with Section 3.03 of the NHRMC Lease, and heard comments related to the use of net proceeds (addressed in Exhibit C to the APA and referred to previously as Exhibit D to the LOI) and nonprofit bylaws for the New Hanover Community Endowment (Community Endowment) that would be established under the use of net proceeds framework; and

WHEREAS, the APA addresses governance matters, including certain NHRMC successor local/regional board controls, and sets forth the initial successor Local Board in Schedule 5.20(b))

to the APA; and

WHEREAS, in addition to the APA, certain other documents will be required to effectuate the Transaction as further set forth and defined in the APA (collectively, the Transaction Documents); and

WHEREAS, Novant Health, through Novant Health New Hanover Regional Medical Center, LLC, an affiliate of Novant Health (Buyer), desires to acquire from NHRMC and the County, and NHRMC and the County desire to sell to Buyer, substantially all of the assets used with respect to the operation of the hospitals and other medical facilities within the health system governed by the BOT in exchange for the consideration and upon the terms and conditions set forth in the APA (the Transaction); and

WHEREAS, in order to secure the future of the existing hospital and other medical facilities and healthcare and wellness services, and to address the significant population growth in the region and its associated expanded program needs, the Board of Commissioners has determined that the Transaction will result in substantial services commitments to and financial investments in the hospital's current strategic plan and all of its related goals and objectives, including Improving Access to Care and Wellness, Advancing the Value of Care, Promoting Health Equity, Supporting and Maintaining Staff, Partnering with Providers, Driving Quality of Care, Growing the Level & Scope of Care, and Strategic Positioning as a Novant Health system hub in this region with expanded UNC Health & UNC School of Medicine Programs, all as further delineated in the APA; and

WHEREAS, the County will use, invest, direct, grant and manage the net proceeds of the Transaction (Net Proceeds) exclusively for public benefit purposes as generally described in Exhibit C to the APA, including \$100 Million in a general escrow account to address trailing liabilities, \$200 Million in an NHRMC Transition Stabilization Escrow, \$50 Million in a Mental and Behavioral Health Fund, and \$300 Million in a County Revenue Stabilization Fund; and

WHEREAS, the Board of Commissioners has further determined it in the best interest of the County and citizens thereof to facilitate the formation of a Community Endowment, to which the County intends to grant the remaining portion of the Net Proceeds following all other distributions referenced above and in Exhibit C to the APA for the benefit and support of the community; and

WHEREAS, the Board of Commissioners has identified the five individuals to serve as the County's initial appointments to the governing board of the Community Endowment, and recognizes that the individuals identified for the new local successor hospital board (referred to as the "Local Board" in the APA), made up of our area's community members, will be given the authority to appoint, or direct the appointment of, the remaining six members of the Community Endowment prior to the Closing of the Transaction in order to ensure the nonprofit is established and prepared to assume the remaining Net Proceeds upon the Closing of the Transaction; and

WHEREAS, the BOT has reviewed the APA and found such APA, and the Transaction described therein, to be favorable to NHRMC and in the best interest of NHRMC and the County, and has recommended the APA and Transaction for the approval of the Board of Commissioners; and

WHEREAS, the PAG has reviewed the APA and found that the Transaction are in the public interest, concluding that the Transaction will meet the health-related needs of medically underserved groups, such as low-income persons, racial and ethnic minorities, and disabled persons.

WHEREAS, the Board of Commissioners has reviewed the APA and the Transaction and believes that the APA and the Transaction are in the public interest, concluding that the Transaction will meet the health-related needs of medically underserved groups, such as low-income persons, racial and ethnic minorities, and disabled persons, and desires to authorize the approval of the APA and the Transaction as the next critical step towards ensuring that both the current and future needs of our growing region are met as we would then be better able to fund and to timely implement advancements in healthcare accessibility, quality, affordability, and equity for all now and into the future; and

WHEREAS, upon closing of the Transaction, the NHRMC Lease will be terminated; and

WHEREAS, upon closing of the Transaction the outstanding revenue bonds issued by the County for the benefit of NHRMC will be called, defeased and redeemed.

Resolutions

NOW THEREFORE, BE IT RESOLVED, the Board of Commissioners hereby approves the APA, substantially in the form published on September 18, 2020 and submitted to the Board of Commissioners, and further approves the Transaction consistent with the terms described in such APA, finding the Transaction to be in the best interests of the County and the community; and

BE IT FURTHER RESOLVED, that the Board of Commissioners does hereby approve and direct the Net Proceeds of the Transaction otherwise accruing to the County be granted and distributed as of and following Closing as outlined in Exhibit C to the APA, including to the Community Endowment, NHRMC Foundation, as well as those accounts established for the NHRMC Transition Stabilization Escrow, the Mental and Behavioral Health Fund, and the County's Revenue Stabilization Fund, all as further identified and described in Exhibit C and other provisions of the APA; and

BE IT FURTHER RESOLVED, that the Board of Commissioners does hereby appoint the following five individuals to serve as the County's initial appointees to the governing body of the Community Endowment, with accompanying term limits to ensure for staggered terms of the initial seated board, with each appointee eligible to serve up to three consecutive terms:

- Mr. Spence Broadhurst of Wilmington (appointed for a three-year term),
- Dr. Virginia Adams of Wilmington (appointed for a three-year term),
- Ms. Hannah Gage of Wilmington (appointed for a three-year term),
- Mr. Stedman Stevens of Wilmington (appointed for a two-year term),
- Ms. Shannon Winslow of Wilmington (appointed for a two-year term); and

BE IT FURTHER RESOLVED, the Board of Commissioners hereby approves those individuals set forth in Schedule 5.20(b) to the APA as the initial Trustees of the Local Board upon Closing of the Transaction, all as defined and provided for in the APA; and

BE IT FURTHER RESOLVED, the Chair of the Board of Commissioners is hereby authorized and directed to execute the APA on behalf of the County and Board of Commissioners; and

BE IT FURTHER RESOLVED, the County Manager, the County Attorney, the County Chief Financial Officer, and any person authorized or designated to act on behalf of any of the foregoing, are authorized and directed, on behalf of the County and the Board of Commissioners, to develop, finalize, execute and deliver the Transaction Documents, and all other certificates, instruments, amendments, agreements, filings, and other documents ancillary to the APA or Transaction Documents, and to take, or cause to be taken, all other such actions as may be reasonably necessary and desirable to effectuate, and cause the consummation and closing of, the Transaction; and

BE IT FURTHER RESOLVED, the County Manager, the County Attorney, the County Chief Financial Officer, and any person authorized or designated to act on behalf of any of the foregoing, are authorized and directed, on behalf of the County and the Board of Commissioners, to engage any advisors, consultants, or counsel as may be reasonably necessary and desirable to address and manage any and all matters of the County associated with or arising as a result of the Transaction following the Closing; and

BE IT FURTHER RESOLVED, the County Manager, the County Attorney, the County Chief Financial Officer, and any person authorized or designated to act on behalf of any of the foregoing, are authorized and directed, on behalf of the County and the Board of Commissioners, to effectuate the granting and distribution of the Net Proceeds in a manner consistent with Exhibit C to the APA, and to those accounts established for the Community Endowment, NHRMC Foundation, the NHRMC Transition Stabilization Escrow, the Mental and Behavioral Health Fund, and the County's Revenue Stabilization Fund, all as further identified and described in Exhibit C and other provisions of the APA; and

BE IT FURTHER RESOLVED, the Board of Commissioners approves and authorizes the termination of the NHRMC Lease, which such termination shall become effective contemporaneous with the Closing of the Transaction; and

BE IT FURTHER RESOLVED, the Board of Commissioners hereby authorizes and approves the

redemption and defeasance of all outstanding revenue bonds issued by the County in conjunction with the Closing of the Transaction consistent with the terms of the APA, including (i) 2006 Variable Rate Hospital Revenue Bonds, (ii) 2008 Hospital Revenue Bonds, (iii) 2011 Hospital Revenue Refunding Bonds, (iv) 2013 Hospital Revenue Refunding Bonds, and (v) 2017 Hospital Revenue Bonds, for the benefit of NHRMC, and hereby authorizes and directs the County Manager and the County Chief Financial Officer to do, or cause to be done, all things necessary to call, defease and redeem such revenue bonds; and

BE IT FURTHER RESOLVED, that all the acts of the County Manager, County Attorney and County Chief Financial Officer, as well as of any person authorized or designated to act on behalf of the such individuals or the County, which acts would have been authorized by the foregoing resolutions, except that such acts were taken prior to the adoption of such resolutions, are hereby severally ratified, confirmed, approved, and affirmed as acts on behalf of the Board of Commissioners and the County.

ADOPTED this the 5th day of October, 2020.

NEW HANOVER COUNTY

Julia Olson-Boseman, Chair

(vmberleigh G. Crowell, Clerk to the Board

PAG Charter

[See Attached]

CHARTER OF THE PARTNERSHIP ADVISORY GROUP A JOINT SUBCOMMITTEE OF THE NEW HANOVER COUNTY BOARD OF COMMISSIONERS AND THE BOARD OF TRUSTEES OF NEW HANOVER REGIONAL MEDICAL CENTER

I. Name

This Charter establishes the Partnership Advisory Group, a joint subcommittee approved by the New Hanover County Board of Commissioners ("County Commissioners") and the Board of Trustees of New Hanover Regional Medical Center ("NHRMC Board," and together with the County Commissioners, the "Boards"). Such committee will be referred to herein as the "PAG."

II. Purpose & Responsibilities

The purpose of the PAG shall be to advise the Boards with respect to New Hanover County (the "County") and New Hanover Regional Medical Center ("NHRMC") potentially entering into a strategic partnership with another health system or organization. Such a partnership may involve (i) the sale, lease, transfer, or assignment of the facilities and assets associated with the operations of NHRMC, (ii) management of NHRMC operations, (iii) NHRMC's merger into another health system, and/or (iv) some other form of affiliation(s) ("Proposed Strategic Partnership"). The PAG's meeting agendas and corresponding reports to the Boards, as applicable, shall focus on the following sequential tasks and responsibilities. Each task may take one or several meetings to accomplish:

- 1. Orientation to the process, general timeline, NHRMC, the County and the healthcare industry. *These meetings will not call for any voting or deliverables to the Boards.*
- 2. Identifying the key goals and objectives and corresponding information request components that the PAG recommend be included in the County's request for proposals ("RFP") to be issued by the County in accordance with North Carolina General Statute §131E-13(d). The PAG will carefully review and discuss such goals, objectives and RFP drafts, recommending changes and clarifications based on the PAG's consideration of the best interests of (i) the citizens and healthcare providers of New Hanover County and the surrounding communities, and (ii) NHRMC in fulfilling its mission and meeting its charitable purposes now and into the future. The PAG will vote on the recommended RFP for County issuance, highlighting the key goals and objectives for the Boards; such recommendation, RFP and goals and objectives will be the PAG's first deliverable to the Boards.
- 3. Identifying a *minimum* list of five (5) health systems/organizations that the PAG recommend be sent an RFP in accordance with North Carolina General Statute §131E-13(d), based on the PAG's review of summary information on potentially interested or qualifying parties—understanding that other health systems/organizations can and likely will submit proposals as well and that these will be vetted in the same manner as the identified initial group. *The PAG will vote on this recommended list and such list will be the PAG's second deliverable to the Boards*.
- 4. While third parties are preparing responses to the RFP, reviewing and discussing NHRMC/County options of continuing status quo or completing an internal corporate restructuring and remaining a

- stand-alone County-owned public hospital (i.e., not moving forward with a third party). These meetings will not call for any voting or deliverables to the Boards.
- 5. Evaluating the RFP responses/responding parties, including a summary of the pros and cons associated with each proposed model, which shall also include a similar pros and cons evaluation of NHRMC continuing status quo/internally restructuring, based on the PAG's review of the RFP responses and other relevant information (the "Evaluation"). These meetings will not call for any voting or deliverables to the Boards.
- 6. Preparing for, attending the Public Hearing on RFP responses which will be made public at least ten (10) days before such hearing, and then identifying the two or three responding health system(s)/organization(s) most closely meeting the key goals and objectives per their respective responses to the RFP—as further supported by the Evaluation and the Public Hearing process—that the PAG recommends for further information gathering, including site visits, interviews, and other preliminary due diligence related to a Proposed Strategic Partnership with such system(s). The PAG will vote on this recommended list of two to three responding parties to further research and such list will be the PAG's third deliverable to the Boards.
- 7. Summarizing the results of such further information gathering, with additional review and analysis, and recommending either (i) not moving forward with a Proposed Strategic Partnership with any party/parties at this time and focusing instead on an internal restructuring or status quo, or (ii) negotiating a letter of intent ("LOI") with the PAG's first choice of a partner (or combination of partnerships), as identified in the summary, and moving into standard due diligence towards a final definitive agreement with such party/parties (the "Proposed Strategic Partner"). If recommending an LOI negotiation, also identify the core considerations to address in such LOI. The PAG will vote on this next step, recommending either (i) or (ii) above; if recommending (ii), then the PAG also will vote on and recommend its list of LOI core considerations. Such recommendation, and corresponding LOI core considerations list as applicable, will be the PAG's fourth deliverable to the Boards.
- 8. If discussions move forward with the Proposed Strategic Partner(s) and an LOI is executed, providing recommendations on the (i) key terms and conditions of the proposed final definitive agreement(s) effectuating the Proposed Strategic Partnership, and (ii) any final due diligence in this regard. This will be over several meetings working through drafts of such key terms and conditions, and parallel related final due diligence. At the end of this process and series of meetings, the PAG will vote on the list of key terms and conditions of the definitive agreement(s) and deliver that list to the Boards. This will be the PAG's fifth deliverable to the Boards.
- 9. Continuing to review and provide input on drafts of the key terms and conditions listed in the fifth deliverable; preparing for and attending the Public Hearing on any negotiated final draft definitive agreement which will be made public at least ten (10) days before such hearing; and, making a final recommendation to the Boards based on the PAG's work to date as to (i) whether or not it would, overall, be in the best interest of the citizens of New Hanover County and the surrounding communities for the parties to execute and implement such final definitive agreement(s), and (ii) whether or not, overall, executing and implementing such agreement(s) would be in the best interests of NHRMC in fulfilling its mission and meeting its charitable purposes now and into the

future. At the end of this process and series of meetings, the PAG will vote either in support of, or not in support of the final definitive agreement(s), and will deliver that written recommendation to the Boards. This will be the PAG's sixth and final deliverable to the Boards.

Together, the specific deliverables to the Boards referenced in 2, 3, and 6-9 above are hereinafter referred to as the "PAG Deliverables."

III. Organization & Membership

The PAG serves in an advisory function to the Boards, both separately and collectively, and shall be considered a public body under North Carolina law. The PAG shall exist as approved by the Boards, and the PAG shall remain in existence unless and until the Boards discontinue the PAG. The PAG shall not have the authority to bind or otherwise obligate either Board.

As authorized by the Boards, the Chief Executive Officer of NHRMC ("CEO") and the County Manager ("CM") shall oversee appointment of the initial members of the PAG. The PAG is a volunteer committee; no members will be compensated by any party for their time as such.

To ensure adequate and diverse representation of various key interests in this matter, the PAG shall consist of the CEO and CM (the "CEO and CM Members") and nineteen (19) other members, including: (i) five (5) members of the NHRMC Board of Trustees as selected by the NHRMC Board Chair and Vice Chair, with input from the entire NHRMC Board (such PAG members, the "Trustee Members"), (ii) five (5) physicians as selected by the Physician Advisory Committee ("PAC"), a special committee of NHRMC Medical Staff, and agreed to by the Medical Executive Committee ("MEC") of NHRMC's Medical Staff (such PAG members, the "Physician Members"), and (iii) nine (9) other individuals mutually selected and appointed by the CEO and CM as community representation reflective of the community's diversity of individuals and interests (such PAG members, the "Community Members"). At its first meeting, the PAG will elect, from its twenty-one (21) person membership, two co-chairs for the PAG ("Co-Chairs") as well as two vice co-chairs to serve as alternates as needed, as further described in a separate ballot process overview to be provided to the PAG before such meeting.

PAG Removal and Replacement:

- Upon majority approval of the NHRMC Board of Trustees, such Board may remove and replace any appointed Trustee Member(s) with or without cause at any time.
- Upon majority approval of the PAC, and agreed upon by the MEC, such committee may remove and replace any appointed Physician Member(s) with or without cause at any time.
- Upon majority approval of the Community Members, together with the CEO and CM Members, any Community Member may be removed from the PAG, with or without cause at any time; the CEO and CM Members will appoint a replacement with input from the Community Members.
- PAG members shall hold their offices until their successors are appointed and qualified, or until
 their earlier resignation or removal. Any vacancies in the PAG shall be filled by their respective
 appointing parties.

IV. PAG Meetings & Voting

The PAG will meet as needed based upon the volume of business requiring the attention of the PAG, with meetings likely every other week for periods at a time but never less than monthly. Additionally, either Board may call a meeting of the PAG on at least 72 hours' notice to members of the PAG, which notices may be given in the form of email.

- Each meeting agenda will align with Article II. *Purpose and Responsibilities* and be finalized prior to the meeting by the Co-Chairs, with input from the PAG Support Team (as defined below).
- All PAG Members are expected to attend all PAG meetings in person, with reasonable limited
 exceptions for illness, vacation or emergency situations precluding attendance. A call-in number
 will be provided to facilitate attendance, but cannot be used routinely by individuals in lieu of inperson attendance.
- A majority of the members of the PAG shall constitute a quorum for the transaction of business.
 The PAG shall act only upon approval of a majority of its members present (in-person or via
 teleconference) at any given meeting. The PAG may also act in writing but only by the unanimous
 consent of all PAG Members.
- While less than a quorum may meet and work through agenda items—to the extent all are invited per a schedule to be posted by the County with appropriate notices as provided for herein—no voting can occur and no PAG Deliverables can result from any meeting without a quorum.
- No proxy voting or delegation of a member's voting rights will be permitted. Each member will have one vote (other than with respect to the PAG Co-Chair, Co Vice-Chair appointment process outlined separately for the first meeting).
- Voting will be open (other than with respect to the PAG Co-Chair, Co Vice-Chair appointment process) and the resulting resolution will indicate the applicable vote of each PAG Member in attendance and the corresponding percentage of approval.
- Any voting and its outcome, in connection with the PAG Deliverables, will be recorded in the PAG's meeting minutes in accordance with the Open Meetings Law and Public Records Law.
- The Co-Chairs may adopt further standard policy and procedure governing PAG meetings, including a more-defined attendance policy, as needed.
- Public comments will not be taken at PAG meetings. Discussion and comments will be limited to PAG Members and PAG Support Team Members in attendance per each meeting agenda.
- Except as otherwise specifically addressed in the Charter, *Robert's Rules of Order Newly Revised*, 11^{th} *Edition*, will apply to meetings of the PAG.

V. Conflicts of Interest

Regarding any actual or possible conflicts of interest, a PAG member must disclose in writing to the PAG Co-Chairs any substantial interest in a business, firm or corporation responding to the RFP. For the purposes of this Charter, a substantial interest means the PAG member, or his or her immediate family member, either (1) owns more than five percent of such entity, or (2) is an officer, director or employee of such entity. In the event any matter is brought before the PAG for a vote, it is the duty of such PAG member to disclose the conflict and neither participate in the applicable deliberations nor vote on such proposal.

VI. Required Transparency

As a public body, the PAG shall be subject to and comply with Chapter 143, Article 33C of the General Statutes of North Carolina (the "**Open Meetings Law**") and Chapter 132 of the General Statutes of North Carolina (the "**Public Records Law**"). As a public hospital, NHRMC's records and County records related to NHRMC, including those generated or developed in connection with the Proposed Strategic Partnership, are governed by both the Public Records Law and Article 4, Part 7, Confidential Information, of Chapter 131E of the North Carolina General Statutes (the "**Confidentiality Protection Law**"). The PAG, with the assistance of the PAG Support Team described below, shall keep minutes and records of its proceedings and actions in accordance with the Open Meetings Law, Public Records Law and the Confidentiality Protection Law.

Open session minutes and other nonconfidential information and documents that the PAG will review, discuss and/or develop will be public and labeled and shared accordingly, following each meeting. PAG Deliverables will be public when communicated to the Boards. Other information and documents that the PAG will review, discuss and/or develop and which are confidential will be protected from disclosure as a matter of law. However, ultimately much of this protected information also will become part of the public record, including all or portions of closed session minutes. Final RFP proposals/responses (subject to limited redacted proprietary information as applicable) and any proposed final definitive agreement(s) will be public and no longer subject to confidentiality protections when posted and made available in connection with public hearings and County Commissioner voting, in accordance with Chapter 131E(d) of the North Carolina General Statutes 131E-13(d).

VII. Legally Protected Disclosures and Individual Confidentiality Commitments

The purpose of the following commitments is to (i) ensure that the PAG, NHRMC and the County comply with applicable legal obligations, and (ii) prevent competitive information disclosure that could place NHRMC and/or the County at a negotiating disadvantage in this matter, which in turn could adversely impact the ultimate community benefits and health care delivery protections that otherwise may be achieved through this process.

The PAG shall enter into closed sessions as permitted under North Carolina law and each meeting agenda which includes a closed-session component will clearly state the relevant statutory basis for moving into closed session. All documents, records and other information shared with the PAG that are to remain confidential will clearly state the relevant North Carolina law dictating or otherwise providing for confidentiality.

The PAG, and each of its members, shall protect and keep confidential any legally protected competitive health care information and trade secrets disclosed to the PAG and its members, as well as any information protected by the attorney-client privilege, the Confidentiality Protection Law, or other applicable exceptions to the Public Meetings Law and/or Open Records Laws (all such information, the "Confidential Information"). PAG Support Team members will be responsible for identifying and labeling all Confidential Information and meeting agenda discussions so that there is no confusion in this regard.

Each PAG Member acknowledges and agrees not to share or discuss any Confidential Information outside of the PAG membership or to use such information for any purpose other than as described in this Charter (it being acknowledged that any other use or disclosure shall be deemed detrimental to NHRMC, the County and/or the communities they collectively serve). Each PAG Member shall take such action as may be reasonably necessary to prevent any unauthorized use or disclosure of Confidential Information. Each PAG Member understands and agrees that money damages would not be a sufficient remedy for any breach of this Charter commitment by such member, and that such a breach could cause irreparable harm. Each PAG member further agrees that, in the event of any breach or threatened breach of this Charter commitment by such Member, NHRMC and the County shall, subject to applicable law, be entitled to specific performance and/or injunctive relief as a remedy without the requirement of posting any bond or other security or of proving the inadequacy of monetary damages. Such remedies shall not be the exclusive remedies for any breach of this Charter commitment, but shall be in addition to all other remedies available to NHRMC and the County at law or in equity.

VIII. Indemnification of PAG Members

Pursuant to a resolution of the Board of Trustees of NHRMC, and in accordance State law, each member of the PAG not otherwise covered by County indemnification shall be entitled to indemnification by NHRMC to the fullest extent permitted by the law of North Carolina for all reasonable expenses, including attorney's fees, and for any liabilities which he/she may incur by reason of being a party, or being threatened to be made a party, to any threatened, pending or completed action, suit or proceedings, whether civil, criminal, administrative or investigative, arising out of the fact that he/she is or was serving as a member of the PAG, and also related to inactions or actions taken in such capacity (each a "**Proceeding**"). In accordance with State law, NHRMC will fully indemnify and advance expenses of any Proceeding to such indemnified party, as long as the liabilities and expenses the person may incur are *not* based on activities known or believed by such person at the time to be clearly in conflict with the best interests of NHRMC (or, with respect to the Community Members, the best interests of the County), and such person does *not* receive an improper personal benefit violating State law related to such activities.

IX. PAG Support Team

To support the work of the PAG, its Co-Chairs together with the CEO and CM will oversee a small group of internal and external experts in these matters, collectively experienced in governmental and health care strategic, financial, transactional, regulatory, compliance, and legal matters (the "PAG Support Team"). This will include County and NHRMC in-house legal counsel, financial and other key staff members, as well as their respective outside legal counsel and health care consulting advisors.

The PAG Support Team will (i) provide general advice to the PAG related to the PAG Deliverables, (ii) report relevant findings, analyses and advice to the PAG, (iii) manage communications with health

systems and other third parties, (iv) oversee due diligence disclosure of certain NHRMC information to health systems/organizations, and, if applicable, to the Proposed Strategic Partner in confirmatory due diligence, (v) conduct due diligence of health systems/organizations, (vi) facilitate any specific fact-finding directed by the PAG (for example, reference calls and site visits with recently acquired hospitals), (vii) interface with other NHRMC and/or County ad hoc committees formed to explore the Proposed Strategic Partnership, (viii) provide input on any proposals (or specific aspects of proposals) received in response to the RFP, (ix) identify other outside expertise as needed, (x) negotiate the terms of the letter(s) of intent and definitive agreement(s) (if applicable) under PAG oversight, (xi) obtain any applicable regulatory, governmental and third party filings and/or approvals called for in the definitive agreement(s), and (xii) oversee public and internal communications related to the Proposed Strategic Partnership, maintaining the transparency of this process in accordance with North Carolina General Statute §131E-13(d) and all other applicable rules and regulations.

X. PAG Member Agreement

By his or her signature below, each PAG member hereby confirms his/her understanding of this Charter and agrees to the commitments set forth in Articles V and VII of the Charter.

Letter of Intent

[See Attached]

LETTER OF INTENT

THIS LETTER OF INTENT ("LOI") is entered into this 13th day of July, 2020 ("Effective Date") by and among New Hanover County ("County"), New Hanover Regional Medical Center, a North Carolina nonprofit corporation, on behalf of itself and its affiliates ("NHRMC") (County and NHRMC are each a "Seller" and together the "Sellers") and Novant Health, Inc., a North Carolina nonprofit corporation ("Buyer"). Buyer and Sellers may be collectively referred to herein as the "Parties", or individually as a "Party". This LOI sets forth the current understanding of the Parties in principle with respect to the terms of the Proposed Transaction that are described in this LOI. This LOI is an expression of the Parties' current intent and, except for the terms set forth in Part B, is not binding on the Parties.

RECITALS

WHEREAS, the County owns the Hospitals (as defined below), medical facilities, and other assets leased to NHRMC to operate as a healthcare system governed by the County-appointed NHRMC Board of Trustees ("NHRMC Board"); and

WHEREAS, certain industry trends, challenges, opportunities, and related discussions as to the best course forward for NHRMC have led to the County Commissioners of New Hanover County ("County Commissioners") passing a resolution in September 2019 to move forward in exploring potential future options for NHRMC through a request for proposals process ("RFP") in accordance with North Carolina law, and to the NHRMC Board passing a corresponding resolution endorsing such County and NHRMC exploration in that same month; and

WHEREAS, on March 16, 2020, six health care organizations, including Buyer ("**Respondents**"), responded to the comprehensive RFP with a variety of proposals, all of which have been well vetted by the Partnership Advisory Group ("**PAG**"), a Joint Subcommittee of the County Commissioners and NHRMC Board, with analyses and input from financial, legal, and strategic advisors; and

WHEREAS, in accordance with North Carolina law, a public hearing was held on June 22, 2020 regarding the proposals received in response to the RFP; and

WHEREAS, in conjunction with the PAG's evaluation of the proposals, the corresponding due diligence and discussions with the finalists, the Parties have negotiated and prepared this LOI; and

WHEREAS, the PAG and NHRMC Board have recommended the County Commissioners approve and authorize the execution of this LOI, and the County Commissioners, having reviewed all of the work of the PAG and the proposals, and having considered the best interests of the County and the Community, concur with such recommendations; and

WHEREAS, the County Commissioners will use, invest, and manage the proceeds of the transactions described in this LOI exclusively for public benefit purposes; and

WHEREAS, the Parties each, respectively desire to enter into this LOI, pursuant to the

terms set forth herein.

NOW, THEREFORE, in consideration for the promises, covenants, and commitments set forth herein, and other good and valuable consideration, the receipt and adequacy of which is hereby acknowledged, the Parties do hereby enter into this LOI.

<u>PART A – NON-BINDING PROVISIONS</u>

The following sections of Part A of this LOI are non-binding.

1. <u>Proposed Transaction</u>. Buyer, directly or through one or more affiliated entities, will acquire the Purchased Assets (defined below) (collectively, the "**Proposed Transaction**"). The Parties may elect to pursue another fully integrated acquisition model by mutual agreement, and, with respect to the fully integrated acquisition, agree to explore structuring efficiencies.

2. Purchased Assets; Excluded Assets; Assumed Liabilities.

- (a) Buyer will purchase all of the tangible and intangible assets, real property, rights, privileges and interests and working capital (as further defined in Schedule 3) of Sellers that are used or held for use as part of, or in conjunction with or in support of, the operations of (i) NHRMC and its affiliates, including, but not limited to, the facilities set forth on Exhibit A attached hereto (the "Hospitals"), which the Parties anticipate will include the Hospital Medicare and Medicaid provider agreements and numbers associated therewith, and (ii) the physician practices, urgent care centers, imaging centers, ambulatory surgical facilities, medical office buildings and other ancillary businesses that are used or held for use as part of, or in conjunction with or in support of, the operations of NHRMC and its affiliates, which the Parties anticipate will include the associated Hospital Medicare and Medicaid provider agreements and numbers thereof (such businesses, together with the Hospitals, the "Business"), including, but not limited to, (A) the real property listed on Exhibit B (the "Real Property") and (B) NHRMC's equity interests in or assets of the joint ventures and subsidiaries set forth on Exhibit C, all as shall be more particularly identified by the Parties in the Purchase Agreement (defined below) (collectively, the "Purchased Assets"). All Purchased Assets will be conveyed to Buyer free and clear of all liens, liabilities, encumbrances and defects in title, other than customary permitted exceptions, as agreed by the Parties.
- (b) In addition, Buyer will assume certain specific liabilities of Sellers, which shall be limited to (i) liabilities arising after the Closing under contracts that are Purchased Assets, such as employed and contracted physician agreements and leases, but only to the extent that such liabilities thereunder are required to be performed after the Closing Date, were incurred in the ordinary course of business and do not relate to any failure to perform, improper performance, warranty or other breach, default or violation by any Seller on or before the Closing, (ii) any and all obligations arising after the Closing with respect to transferred Real Property, (iv) current liabilities that are included in the agreed upon calculation of Net Working Capital, which will include, but not be limited to, accrued paid time off obligations relating to transferred employees, subject to a cap to be agreed upon by the Parties, and (v) such other liabilities, if any, as shall be mutually agreed by the Parties in the Purchase Agreement ("Assumed Liabilities").
 - (c) Notwithstanding the foregoing, the Purchased Assets shall not include any

excluded assets, which shall include, but not be limited to (i) cash, cash equivalents and investments, (ii) materials protected by the attorney-client privilege, work product doctrine or other similar privilege insofar as such materials relate to the Proposed Transaction or if the materials relate principally to Excluded Assets or Excluded Liabilities, (iii) restricted funds that are not capable of being transferred to the Buyer, (iv) third-party payor cost report settlements related to operations of the Business in or prior to September 30, 2020 and (v) such other assets as shall be mutually agreed by the Parties in the Purchase Agreement ("Excluded Assets").

- (d) The following liabilities of Sellers, to the extent such liabilities are not Assumed Liabilities, will be excluded from the Proposed Transaction: (i) all debts of, guarantees of debt by, accrued interest, or net interest rate swap liabilities of Sellers or their respective affiliates or otherwise relating to the Business, (ii) any liabilities related to any pension or supplemental retirement plan of the Business (funded or unfunded) and any unfunded other employee benefit obligations of the Business, (iii) liabilities relating to the Excluded Assets, (iv) liabilities and obligations associated with governmental programs administered in connection with COVID-19 pandemic relief, including but not be limited to (A) future repayments and/or offsets for funds received through the Medicare Advancement Payment program, (B) CARES Act HHS grants, (C) Federal Emergency Management Agency grants and (D) Federal Communications Commission funds (to the extent they are required to be refunded or repaid) and (v) such other liabilities as shall be mutually agreed by the Parties in the Purchase Agreement ("Excluded Liabilities").
- 3. <u>Purchase Price and Financial Commitments</u>. The purchase price, capital commitments and other consideration and financial commitments to be paid and made by Buyer as part of the Proposed Transaction are set forth and detailed on <u>Schedule 3</u>, attached hereto and incorporated herein by reference.
- 4. Additional Covenants and Commitments of the Parties. In addition to the other covenants and commitments of the Parties set forth herein, the Definitive Documents shall also include certain additional post-Closing covenants and commitments of the Parties, including, but not limited to, those covenants and commitments set forth below in this Section 4. The Definitive Documents shall memorialize the particulars and standards regarding each Party's performance of their respective post-Closing covenants and commitments set forth in the Definitive Documents, including those set forth in this Section 4, all of which shall be performed as promptly as practicable, and in any event, unless otherwise specifically stated herein, within not more than five years following the Closing. As applicable, some of the commitments may be subject to force majeure provisions, and the commitments shall also be subject to modification with the advance consent of the Board (defined herein).
- (a) <u>Improving Access to Care and Wellness</u>: Buyer shall improve access to care and wellness in the Business's primary and secondary service areas (presently, New Hanover, Pender, Brunswick, Columbus, Onslow, Duplin and Bladen Counties) and any other primary or secondary service areas in to which the Business expands post-Closing ("**Service Area**"), as further summarized in <u>Schedule 4(a)</u>, attached hereto and incorporated herein by reference.
- (b) Advancing the Value of Care: Buyer shall advance the value of care in the Service Area, as further summarized in Schedule 4(b), attached hereto and incorporated herein by reference.

- (c) <u>Achieving Health Equity</u>. Buyer shall promote and advance the achievement of health equity in the Service Area, as further summarized in <u>Schedule 4(c)</u>, attached hereto and incorporated herein by reference.
- (d) <u>Supporting and Maintaining Staff</u>. Buyer shall maintain and support the Business's staff, as further set forth in <u>Schedule 4(d)</u>, attached hereto and incorporated herein by reference.
- (e) <u>Partnering with Providers</u>. Buyer shall develop, implement and continue to enhance provider relationships and partnerships associated with the Business, as further set forth on Schedule 4(e), attached hereto and incorporated herein by reference.
- (f) <u>Driving Quality Care Throughout the Continuum</u>. Buyer shall drive and improve quality of care throughout the Business's care continuum in the Service Area, as further set forth in <u>Schedule 4(f)</u>, attached hereto and incorporated herein by reference.
- (g) <u>Growing the Level and Scope of Care</u>. Buyer shall grow the Business's level and scope of care in the Service Area, as further set forth in <u>Schedule 4(g)</u>, attached hereto and incorporated herein by reference.
- (h) <u>Investing to Ensure Long-Term Financial Security</u>. Buyer shall make investments to ensure the long-term financial viability and security of the Business, as further set forth in <u>Schedule 4(h)</u>, attached hereto and incorporated herein by reference.
- (i) <u>Strategic Positioning</u>. Buyer shall advance the Business's strategic position in the Service Area, as further set forth in <u>Schedule 4(i)</u>, attached hereto and incorporated herein by reference.
- (j) <u>Governance</u>. From and after the Closing, the Business, including, but not limited to, the Hospitals, shall be governed according to the terms set forth in <u>Schedule 4(j)</u>, attached hereto and incorporated herein by reference. Similar to other subsidiaries of Buyer, the intention of the Parties is that Buyer retain sufficient control over the Business so that it may consolidate for accounting purposes.
- (k) <u>Statutory Requirements</u>. Buyer shall comply in all material respects with all laws and regulations applicable to Buyer in the Proposed Transaction, including, but not limited to, the terms of NCGS 131E-13(a), as further set forth in <u>Schedule 4(k)</u>, attached hereto and incorporated herein by reference. For clarity, all references to "corporation" in NCGS 131E-13(a) shall be read to include Buyer, notwithstanding any other statutory definitions.
- (l) <u>Corporate Administration Charges, Overhead Costs, and Other System Level Expenses</u>. Prior to execution of the Definitive Documents, Buyer and Sellers shall mutually agree upon a methodology for Buyer's allocation of any administrative charges or overhead costs to the Hospitals during the integration period occurring within the first five years following the Closing. As part of this process and following the Effective Date of this LOI, Buyer shall provide Sellers with proposed estimates for the post-Closing phasing of such allocations over the five-year post-Closing integration period. Further, following the expiration of the integration period, Buyer agrees that any such allocations or charges applied to the Hospitals will be fairly apportioned and

consistent with the methodology used by Buyer for similar charges and allocations made to other operations, divisions or subsidiaries of Buyer.

(m) <u>Tail Insurance</u>. Sellers shall obtain, at Sellers' sole cost, tail insurance for any claims-made insurance policies that Sellers currently maintain.

Additionally, the Definitive Documents shall include a requirement that Buyer submit, on an annual basis, a report to the Sellers, or their designee, providing a high-level summary of progress on the post-Closing commitments undertaken by Buyer pursuant to the Definitive Documents, including, but not limited to, a summary of the projects funded by the Buyer's capital commitments; <u>provided</u>, that such reporting obligations shall only remain in effect through the first 12 years following Closing. The format of such summaries will be as agreed by the Parties from time to time.

Purchase Agreement; Definitive Documents. The first drafts of the purchase agreement ("Purchase Agreement") and documents ancillary thereto (together with the Purchase Agreement, the "Definitive Documents") shall be drafted and prepared by Sellers. The Definitive Documents will include customary terms and conditions, including, but not limited to, representations and warranties, covenants and certain indemnification obligations of the Sellers and Buyer. Buyer agrees that, except for the representations and warranties specifically set forth in the Purchase Agreement, the Purchased Assets shall be transferred on an "AS-IS" basis. Sellers' representations and warranties (other than customary fundamental representations, which shall be limited to the representations specifically addressing good standing, due authority, no conflict, title to assets, and no brokers (the "Fundamental Representations")) shall not survive Closing. Fundamental Representations shall survive the Closing for a 10-year period. On or before execution of the Definitive Documents, Buyer may at its option procure a buyer-side representation and warranty insurance policy ("R&W Policy") and, in such case, Sellers shall reasonably cooperate with such effort. Buyer and Sellers shall each be responsible for one-half of the retention amount under the R&W Policy. Under any R&W Policy, Buyer's portion of the retention shall be absorbed first and Sellers' portion shall be obtained from the Escrow Amount (as defined below)). In addition, for any portion of the retention payable by Buyer for a breach of a Fundamental Representation, such amount shall constitute a Buyer loss to be satisfied from the Escrow Account. Buyer's sole and exclusive remedy for any liability of Sellers arising from breach or inaccuracy of any representations or warranties (other than Fundamental Representations and with respect to Excluded Liabilities) in the Definitive Documents shall be the R&W Policy. For clarity, in the event Buyer elects not to procure the R&W Policy, Buyer shall have no recourse against Sellers with respect to any breach or inaccuracy of any representations or warranties of Sellers in the Definitive Documents (other than Fundamental Representations and with respect to Excluded Liabilities). At Closing, Sellers shall place One Hundred Million Dollars (\$100,000,000) ("Escrow Amount") into an escrow account ("Escrow Account") maintained by an escrow agent of national reputation mutually agreed by Sellers and Buyer. Buyer's sole remedy for any liability of Sellers arising from any (a) breach of any Fundamental Representation for which Buyer does not have recourse under the R&W Policy, if any, or (b) Excluded Liabilities (the "Excluded Matters") shall be a disbursement from the Escrow Account and only to the extent such funds remain available. The Escrow Account shall be maintained for a period of two years following Closing. There shall be no deductible or cap in respect of Buyer losses arising from Excluded Matters. The Definitive Documents shall include provisions setting forth certain mutually

agreeable remedial rights for, and accruing on behalf of, the Sellers in the event of a material breach by Buyer of the covenants set forth in the Definitive Documents; provided, however, that repatriation of the Purchased Assets to the County following appropriate cure periods and opportunities will be an available remedy for a limited number of certain material breaches similar to those set forth in N.C.G.S. 131E-13 and designated by the Parties in the Definitive Documents at a purchase price that reflects liabilities assumed and capital investments made by Buyer. Sellers shall be jointly and severally liable for any losses to Buyer arising from breach of any Definitive Document except with respect to the break fee set forth in Part A, Section 9, with respect to which the Sellers shall be severally, and not jointly, liable.

- 6. <u>Closing</u>. The Parties will use good faith, commercially reasonable efforts to finalize and execute the Definitive Documents no later than October 31, 2020. The closing of the Proposed Transaction ("Closing") shall occur, unless otherwise mutually agreed, on the month end next following the satisfaction or waiver of the last condition to closing to be satisfied or waived. The Parties will use all commercially reasonable efforts to cause the Closing to occur within 180 days following the execution of the Purchase Agreement.
- 7. <u>Closing Conditions.</u> Prior to entering into a Purchase Agreement, each Party will obtain all internal approvals required to consummate the Proposed Transaction and effect the Closing. The Purchase Agreement will provide that the Closing will occur after receipt of any required regulatory approvals set forth in the Purchase Agreement and satisfaction of any other customary closing conditions. Buyer acknowledges that closing certainty is a material consideration for Sellers to enter into any Purchase Agreement and, therefore, (a) the Purchase Agreement shall contain no financing contingency and (b) the Closing shall not be conditioned upon the receipt of third-party approvals or estoppels other than required regulatory approvals and any third-party consents or estoppels that, if not obtained, would have a materially detrimental effect on the Business taken as a whole, which such third-party consents shall be identified and agreed to by the Parties within 60 days of signing this LOI. Notwithstanding the foregoing, Sellers will use commercially reasonable efforts to obtain other material required third-party consents and estoppels.
- 8. Regulatory Review; Cooperation. Sellers and Buyer will reasonably cooperate with each other in making such filings and in connection with responding to any investigation or other regulatory inquiry concerning the transaction contemplated by this LOI. To the extent practicable under the circumstances, no Party shall agree to participate in any substantive call, meeting or conference with any governmental entity, or any member of the staff of any governmental entity, in respect of any filing, proceeding, investigation (including any settlement of the investigation), litigation, or other governmental inquiry related to the Proposed Transaction unless such Party consults with the other Parties in advance and, where permitted, allows the other Parties to participate. Each Party shall also use commercially reasonable efforts to obtain any approval or review required by the Hart-Scott-Rodino Antitrust Improvements Act of 1976. Each Party shall file any HSR filings required in conjunction with the Proposed Transaction as promptly as practicable after signing of the LOI and shall respond to any subsequent inquiries from any applicable government agency regarding such filing as quickly as practicable.
- 9. <u>Break Fees.</u> The Purchase Agreement shall contain a "break fee" equal to Twenty-Five Million Dollars (\$25,000,000.00). The break fee cannot be funded by any one Party to cover

another Party's break fee obligation, and it shall be payable (i) by Buyer to Sellers, collectively, in the event Sellers terminate the Purchase Agreement based on Buyer's material breach of the Purchase Agreement, after a commercially reasonable period of time to cure such breach, which will be mutually agreed by the Parties during negotiation of the Definitive Documents, (ii) by the County to Buyer in the event Buyer terminates the Purchase Agreement based on the County's material breach of the Purchase Agreement, after a commercially reasonable period of time to cure such breach, which will be mutually agreed by the Parties during negotiation of the Definitive Documents, or (iii) by NHRMC to Buyer in the event Buyer terminates the Purchase Agreement based on NHRMC's material breach of the Purchase Agreement, after a commercially reasonable period of time to cure such breach, which will be mutually agreed by the Parties during negotiation of the Definitive Documents. Such break fee is due, in full, within 30 days following such cure period if the breach remains uncured, and such amount is separate and apart from any and all damages resulting from such breach.

Due Diligence. Upon execution of this LOI, Buyer will commence, on a timely and expeditious basis, due diligence of the Business. In the course of this due diligence, Buyer and its employees, agents, consultants, appraisers and counsel may request certain financial and operating data, as well as other information related to the ownership and use of the Business. Such due diligence may include, but not be limited to, review and investigation of the operational, legal, financial, billing, coding, collecting, employment and other matters of the Business. Sellers will permit Buyer's employees, agents, consultants, appraisers and counsel to have reasonable access to its staff and facilities during normal working hours; provided, that all such access shall be coordinated through a designated representative of the Sellers and Buyer shall not and shall cause its representatives not to, disrupt the normal operations of Sellers or Sellers' affiliates; and provided, further, that such access may consist of virtual access in accordance with applicable state, federal, or local orders or regulations governing social distancing and related matters in light of COVID-19. The commitments set forth in this LOI assume the completion of Buyer's due diligence of the Business to Buyer's reasonable satisfaction. To the extent Buyer identifies any material concerns during the course of due diligence which could reasonably be expected to materially impact any of the commitments set forth herein (each, a "Material Concern"), Buyer shall promptly notify Sellers of such Material Concern and provide Sellers with a reasonable period to address, remedy or rectify such Material Concern. In the event Sellers are unable to address, remedy or rectify any Material Concern in such a manner that it would no longer reasonably be expected to materially impact the commitments set forth herein, the Parties acknowledge and agree that those commitments set forth herein that remain materially impacted may be modified in good faith upon mutual agreement of the Parties, subject to any and all limitations and restrictions set forth in this LOI; provided, that the Parties shall use good faith best efforts to modify any such commitments in as limited of a manner as possible in order to retain as much of the intended benefit of such commitments as is reasonably possible.

PART B – BINDING PROVISIONS

The terms set forth in this <u>Part B</u> are intended to be legally binding on the Parties with respect solely and specifically to the matters contained and set forth in this <u>Part B</u> and the matters covered thereby.

1. <u>Term.</u> Unless terminated earlier by written agreement signed by the Parties, this

LOI shall remain in effect until the earlier of (a) the execution of the Definitive Documents, or (b) October 31, 2020 ("Expiration Date"). From the date of execution of this LOI by each of the Parties until the Expiration Date, the Sellers will not, without the approval of Buyer: (i) offer for sale the Business (or any material portion thereof) or any ownership interest in any entity owning or owned by NHRMC or its affiliates, (ii) solicit offers to buy all or any material portion of the Business or any ownership interest in any entity owning or owned by NHRMC or its affiliates, (iii) hold discussions with any party (other than the Buyer) looking toward such an offer or solicitation or looking toward a merger or consolidation of any entity owning NHRMC or its affiliates, or (iv) enter into any agreement with any party (other than the Buyer) with respect to the sale, lease, or other disposition of the Business (or any material portion thereof) or any ownership interest in any entity owning NHRMC or its affiliates or with respect to any merger, consolidation, or similar transaction involving any entity owning NHRMC or its affiliates. At the expiration of the term of this LOI, all provisions and obligations hereof shall terminate, except for the Binding Provisions (defined below), which are explicitly intended to survive expiration or termination of this LOI, as further set forth below.

- 2. <u>Efforts.</u> Buyer acknowledges that Buyer's commitment to completing due diligence and negotiating and entering into Definitive Documents in good faith and in a timely manner is a material consideration for Sellers to enter into this LOI. Sellers acknowledge that Sellers' commitment to providing due diligence material on a timely basis and negotiating and entering into Definitive Documents in good faith and in a timely manner is a material consideration for Buyer to enter into this LOI. The Parties agree to work together so that Buyer may complete its due diligence review of the Business, as described in <u>Part A</u>, <u>Section 10</u> of this LOI, within approximately 90 days following the Effective Date.
- 3. <u>Confidentiality</u>. The Parties acknowledge and agree that, upon execution, this LOI shall be publicly available. The Parties further acknowledge and agree that Sellers shall make the final draft of the Purchase Agreement, as well as executed copies of the Definitive Documents, publicly available consistent with applicable law. Notwithstanding the foregoing, however, the Parties agree to keep confidential all information, communications, negotiations, draft documents and any other documents, information or materials exchanged that concern or relate in any way to, the Proposed Transaction and other actions of the Parties contemplated hereunder, all pursuant to the terms of that certain Confidentiality Agreement between Buyer and Seller, dated January 15, 2020, which shall remain in effect and shall be binding upon the Parties hereto in accordance with its terms. The provisions of this section shall survive expiration or termination of this LOI for any reason.
- 4. <u>Expenses</u>. Each Party will bear its own legal, accounting, financial advisor and other fees and expenses related to the Proposed Transaction, subject to the other terms below. Any unpaid transaction expenses of Sellers shall be Excluded Liabilities. Notwithstanding the foregoing, Buyer shall pay (a) all costs of title commitments and title policies (with endorsements), surveys and other site diligence, in each case with respect to the real property to be acquired, (b) any transfer, documentary or other taxes or assessments associated with the transfer of the real property or other assets to be acquired and (c) all filing fees under the Hart-Scott-Rodino Antitrust Improvements Act of 1976. The provisions of this section shall survive expiration or termination of this LOI for any reason.

- 5. <u>No Violation</u>. Each of Buyer, on the one hand, and Sellers, on the other, represents and warrants that: (i) such Party is duly authorized to enter into this LOI and (ii) entering into this LOI will not conflict with any of its organizational documents or any commitment or contract to which it is a party.
- 6. Non-Binding. This LOI summarizes certain terms under discussion relating to the Proposed Transaction. The terms and conditions of this LOI shall be non-binding, in all respects; provided, however, that the terms set forth in Part B of this LOI (the "Binding Provisions") shall be legally binding on all Parties with respect solely and specifically to the matters set forth therein. Except for the Binding Provisions, all other terms, including the terms set forth in the exhibits and schedules hereto, are for discussion purposes only. Each Party acknowledges that, except with respect to the Binding Provisions, neither this LOI nor any prior or subsequent course of conduct or dealing between the Parties, is intended to create or constitute any legally binding obligation, an enforceable contract or create any rights, express or implied, between any of the Parties. Except with respect to the Binding Provisions, no Party shall have any liability to any other Party based upon, arising from, relating to, or with respect to this LOI, or any term herein, unless and until such terms and provisions are included in Definitive Documents that are prepared, authorized, executed and delivered by each of the applicable Parties in their respective sole and unrestricted discretion. No Party, entity, or individual shall take any action, or refrain from taking any action, in reliance on any term set forth herein or upon any negotiation of such terms or other exchange between the Parties prior to the execution of Definitive Documents, if any. Any Party taking any action, or refraining from taking any action, in reliance upon the terms herein or any negotiation or exchange between the Parties related hereto, does so at their own risk. No subsequent oral agreement or consent of any Party (including partial performance) shall be deemed to impose any such obligation or liability.
- Miscellaneous. This LOI has been negotiated at arms-length between the Parties and shall not be construed for or against any Party by virtue of draftsmanship. This LOI and all matters arising out of, or related in any way to, the terms or scope of this LOI shall be governed by and subject to the laws of the State of North Carolina, without application of any conflicts of laws principles. With respect to any and all claims, controversies, disputes or conflicts of any type and of any manner among the Parties regarding or relating to this LOI (each, an "Action") the Parties agree to waive a jury trial. If a Party initiates an Action, it must be designated as a complex business case to be assigned to a special superior court judge of the North Carolina Business Court case to the fullest extent permitted by N.C. Gen. Stat. § 7A-45.4, Rules of General Practice 2.1 and 2.2 and the North Carolina Business Court Rules. This LOI may not be assigned by any Party without the prior written consent of the other Parties. This LOI may be executed in separate counterparts, including through the exchange of electronic signature or PDF copies, each of which, when taken together, shall constitute one instrument. The provisions of this section shall survive expiration or termination of this LOI for any reason.

Exhibit D

Use of Net Transaction Proceeds

As will be further set forth in the Definitive Documents, upon Closing, out of the aggregate net proceeds otherwise accruing to the County as a result of the Proposed Transaction, the Sellers will first allocate and distribute funds for the purposes and in the general amounts set forth in <u>Attachment D-1</u>, attached hereto (the "**Initial Allocations**").

Following the Initial Allocations, the Sellers shall grant the entirety of the remaining net proceeds from the Proposed Transaction, which remaining amount is currently estimated to be approximately \$1.25 Billion (subject to adjustments) ("Fund Assets"), to a newly established public-benefit community foundation, which shall be organized as an independent tax-exempt, non-member, non-stock, nonprofit corporation ("Foundation"). The County will form and establish the Foundation prior to the Closing.

- 1. <u>Purpose</u>. The Foundation shall manage the assets and consider as such sacred and protected for the community in perpetuity. The Foundation will provide financial support to benefit the residents of New Hanover County ("**Defined Beneficiaries**"). The Foundation will establish an Endowment (as defined below), and the Endowment shall be designated to provide financial support in the following areas in furtherance of the mission and initiatives of the County: (i) public primary, secondary, and post-secondary education, (ii) health and social equity, (iii) community development, and (iv) community safety. Except for those monies required for the administration of the Foundation, all other Fund Assets shall be allocated to the Endowment.
- 2. Foundation Board of Directors. The Foundation will be governed by an 11-member Board of Directors ("Foundation Board"). The County Commissioners shall appoint five of the Directors, and the local Hospital Board (defined in Schedule 4(j)) shall appoint six of the Directors. All Foundation Board members shall be subject to satisfaction of applicable governance best practices, core competencies, and diversity considerations. No member of the Foundation Board may simultaneously hold an elected office. Routine actions of the Foundation Board shall require the vote of a majority of the Foundation Board. The adoption or modification of policies and procedures regarding the investment or distribution of Fund Assets (defined below), and the retention or termination of the Investment Manager (defined below) shall each require supermajority approval of the Foundation Board, which shall be defined as not less than 75% of the Foundation Board ("Supermajority Vote"). Further, the governing documents of the Foundation shall provide that the establishment or modification of the Endowment, or the amendment or modification of any governing or charter documents applicable to the Endowment, shall require a Supermajority Vote of the Foundation Board, as well as the affirmative vote of the County Commissioners. The Foundation shall not assign, transfer or otherwise convey any Foundation assets except as defined herein.
- 3. <u>Administration and Fund Management</u>. The daily operations of the Foundation shall be overseen by the Foundation Board. The Fund Assets shall be invested under the supervision and management of an experienced institutional investment manager ("**Investment**

Manager") chosen by the Foundation Board, which Investment Manager role may, but does not have to be, contracted through a third-party firm.

4. <u>Endowment</u>. In conjunction with its formation, the Foundation will establish a single endowment ("**Endowment**") consisting initially of the Fund Assets. In addition to the Fund Assets contributed by the Sellers, the Foundation may also accept donations. The Endowment will make annual Unitrust payments not to exceed Four Percent (4%) of the fair market value of the Endowment, based upon a rolling five (5) year average of the fair market value as of December 31 for the prior five (5) years, or until 2025, for as many prior years as the Endowment has existed. Distributions may be paid quarterly or monthly, as the Board may decide. Fund Distributions shall only be paid pursuant to the strictly prescribed purposes and rules to be a part of the Endowment charter and governing documents ("**Fund Distributions**").

Fund Distributions shall take the form of grants and other financial support for projects and initiatives of non-profit, governmental, or community organizations that are specifically focused on, and shall use such funds exclusively in furtherance of, the explicit purposes of the Endowment. For the avoidance of doubt, 100% of all Fund Distributions shall be used exclusively for purposes benefiting the Defined Beneficiaries. The specific purposes of the Endowment shall be to make available Fund Distributions to support community wellbeing and other public purposes that are consistent with the then-current New Hanover County Strategic Plan and for the benefit of the Defined Beneficiaries. Notwithstanding the broad purposes described in this Section 4, it is intended that Fund Distributions shall be made only to supplement existing governmental programs that are primarily funded by a governmental agency, Fund Distributions shall not be used to replace governmental support of projects, and this limitation shall be incorporated into the Foundation's governing documents. By way of further illustration, and subject to adjustment based on the then-current New Hanover County Strategic Plan, the initial Endowment shall support and promote the following focus areas:

- a. *Public Primary, Secondary and Post-Secondary Education*. The following are illustrations of possible initiatives:
 - i. High quality universal pre-kindergarten with wrap-around services
 - ii. Comprehensive, no-cost broadband connectively county-wide
 - iii. Comprehensive access to modern technology for all learners
 - iv. NHC Teacher Fellows program for traditional and charter school graduates committed to returning to local public schools
 - v. Access to scholarships for post-secondary education attainment
 - vi. School facilities designed for mid-21st Century education delivery
- b. *Health and Social Equity*. The following are illustrations of possible initiatives:
 - i. Eradicate food deserts across the county
 - ii. Expand access to high quality, fair cost physical and mental health clinics for county residents
 - iii. Funding support to eliminate disparities in health outcomes focused initially on diabetes and obesity
 - iv. On-demand, cost effective transit system for dependent and choice riders

- v. Funding for new senior resource centers and other support for senior citizens based on the county's strategic master plan for aging adults
- c. *Community Development*. The following are illustrations of possible initiatives:
 - i. Workforce housing trust fund
 - ii. Small business micro-loan program
 - iii. Minority and Women Owned Business support programs
 - iv. Open space and public water access preservation
- d. *Community Safety* The following are illustrations of possible initiatives:
 - i. Next generation 911 services developed and deployed
 - ii. Rapid response fire rescue and emergency medical services
 - iii. Support and resources for community-led restorative justice programs
 - iv. Modern development and training of law enforcement, to include cultural competency and implicit bias
 - v. Comprehensive flood, storm surge and wind mitigation investments

5. Miscellaneous.

- a. In the event of dissolution of the Foundation, all net assets of the Foundation shall accrue solely to the benefit of the County.
- b. The Foundation shall provide the County with an annual report summarizing the Foundation's activities and grants in the prior year.
- c. With the exception of the appointment authority for Directors and the limited approval requirements explicitly set forth in <u>Section 2</u>, the Hospital shall not, nor shall any other third-party, have any reserved powers or governance rights or benefits associated with the Foundation. For clarity, notwithstanding the Hospital's appointment authority for Directors, the Foundation shall not be considered an affiliate, unit or division of the Hospital, and the Hospital shall not be permitted to consolidate.
- d. The Fund Assets held in the Endowment shall never be used as collateral nor be pledged as any form of security for any type of loan or guarantee.
- e. All Fund Distributions must be made pursuant to and accompanied by a plan of accountability to ensure that Fund Distribution is used in full for the designated purposes (the "Plan of Accountability" or "POA"). The POA shall be accepted, agreed to and signed by the individual at the recipient organization who will be responsible for the use of the funds and for accounting for the funds. The POA shall require that the individual provide an acceptable and complete accounting to the Foundation, submitted and signed under penalty of perjury. Further, the misuse of the funds by any person, or the failure of the responsible person to provide a complete accounting within six (6) months after the end of the year in which the Fund Distribution occurred, may result in both civil and criminal penalties.

- f. The Officers and Directors of the Foundation shall be subject to a Conflicts of Interest Policy and each such person will be required to sign the Policy annually to confirm his or her understanding and acceptance of the Policy's requirements.
- g. The Foundation's Articles of Organization shall provide for the broadest indemnification and reimbursement provisions for the actions of the Officers and Directors made in good faith and allowed under NC law.

Attachment D-1

Initial Allocations

Out of the aggregate net proceeds accruing from the Proposed Transaction, the Sellers shall make Initial Allocations at Closing as follows:

- 1. <u>NHRMC Transition Stabilization Escrow</u>. Funds in the aggregate estimated amount of approximately \$300 Million shall be deposited into an escrow account or reserve fund established and controlled by NHRMC to address transition stabilization initiatives associated with post-Closing matters, including, but not limited to:
 - a. A Team Investment and Resiliency Fund providing funds necessary to (i) administer NHRMC's existing pension plan following its transfer to the County, (ii) provide for certain payments to be made, over time, to affected NHRMC employees to mitigate adverse impacts associated with such employees' transition from NHRMC's existing pension plan to Buyer's retirement benefits plan, (iii) provide stabilization payments for NHRMC employees to facilitate the transition of the Business from Sellers to Buyer, and (iv) address the staff and provider resiliency funding needs of the organization; and
 - b. Payments for tail insurance associated with terminated NHRMC policies; and
 - c. The \$100 Million Escrow Amount required to be deposited in the Escrow Account, as further described in <u>Part A</u>, <u>Section 5</u> of the LOI, with any escrowed amounts remaining at the end of the escrow period transferring at such time to the NHRMC Foundation and the community Foundation defined in Exhibit D each Foundation shall receive 50 percent of any remaining escrowed amounts; and
 - d. Funding for certain support administrative services necessary to facilitate the winddown of NHRMC, as well as other miscellaneous costs and expenses associated with the transition and wind-down.
- 2. <u>County Revenue Stabilization Fund</u>. Funds in the aggregate amount of \$300 Million shall be deposited into a reserve fund or escrow account established and controlled by the County for revenue stabilization purposes. Any initiative would require a supermajority vote, i.e., four out of 5 minimum, of the county commission.
 - a. The revenue stabilization initiatives may include:
 - i. Retirement of voter and non-voter approved debt;
 - ii. Establish pay-as-you-go financing for certain capital assets and projects;
 - iii. Reserve for unexpected emergency spending needs (e.g.,., natural disasters, pandemics);
 - iv. Reserve funds to address budget shortfalls during economic downturns; and
 - v. Minimize tax and fee increases in future years.
 - b. Distributions from the Revenue Stabilization Fund shall be made from interest earned on such funds, and draw-downs from the principal of the Revenue

- Stabilization Fund shall only be for specifically defined purposes and shall be made only on the affirmative vote of the County Commissioners.
- 3. <u>Mental and Behavioral Health Fund</u>. Funds in the amount of \$50 Million shall be earmarked and allocated to the following mental and behavioral health initiatives:
 - a. Capital funding for long-term, residential substance abuse treatment programs;
 - b. Sustained grant funding commitments to support evidence-based programs, e.g., Tides, Inc.; and
 - c. Expanding access to mental health services independent of state assistance.

Schedule 3

Purchase Price and Other Financial Consideration

In consideration for Buyer's purchase of the Purchased Assets and assumption of the Assumed Liabilities, Buyer agrees to pay to Sellers the Purchase Price and make those certain other funding and capital commitments as further set forth in this <u>Schedule 3</u>.

- a. <u>Purchase Price</u>: The purchase price for the Purchased Assets will be One Billion Five Hundred Million Dollars (\$1,500,000,000.00) (the "**Purchase Price**"), which amount the Parties acknowledge and agree is intended to be consistent with fair market value and subject to the adjustments set forth in <u>Section 2</u> below. The Purchase Price shall be payable at the Closing by wire transfer of immediately available funds to an account(s) designated by Sellers. Other than as set forth in this LOI, no portion of the Purchase Price shall be withheld, offset against, or placed in escrow.
- b. Adjustments: The Purchase Price will be adjusted at Closing as follows (the "Purchase **Price Adjustment**"): (a) a reduction for the amount of any Excluded Liability that is assumed or paid by Buyer (which shall include any costs and expenses associated with the assumption or payment of any Excluded Liability), if any, (b) a reduction for the amount of any Seller transaction expenses associated with the Proposed Transaction that are assumed by Buyer, paid by Buyer, or unpaid by Sellers and (c) an increase (or reduction) to the extent Net Working Capital as of Closing exceeds (or is less than) a target amount to be mutually agreed upon in the Definitive Documents. For purposes of this Section, "Net Working Capital" means an amount equal to the difference between those current assets of Sellers to be purchased by Buyer as of the Closing (including patients account receivables, less allowance for bad debts, other receivables, usable inventories, assumable and useable prepaid expenses) and those current liabilities of Sellers to be assumed by Buyer as of the Closing (including accounts payable and other liabilities, accrued salaries and wages, including accrued paid time off obligations, subject to a cap to be agreed upon by the Parties, and other non-interest-bearing current liabilities to be mutually agreed by the Parties). Attachment A contains an exemplar calculation of Net Working Capital based on the Business's September 30, 2019 audited financial statements. In the Definitive Documents, the Parties will negotiate a mutually agreeable escrow, to be used solely for purposes of the Net Working Capital adjustment process and to be held until completion of the Purchase Price Adjustment process memorialized in the Definitive Documents.
- c. Additional Contributions to be made by Buyer.
 - i. <u>One-Time Contribution to New Hanover Regional Medical Center Foundation</u>. At the time of Closing, Buyer shall contribute a one-time, lump-sum payment in the total amount of Fifty Million Dollars (\$50,000,000.00) to the New Hanover Regional Medical Center Foundation ("Foundation").

- ii. Contribution of Novant Health Brunswick Medical Center. As soon as practicable following the Closing, and assuming approved by applicable regulatory authorities, Buyer shall contribute all, or substantially all, of the assets and operations of Novant Health Brunswick Medical Center ("NHBMC") to the operations of the Business, and Buyer shall cause NHBMC to be operated as a component hospital and division of the Business following the Closing. Following the closing, NHBMC shall be governed by the Board (as defined in Schedule 4(j)). The Parties acknowledge that NHBMC will have some level of representation on the Board.
- d. <u>Additional Funding Commitments</u>. In addition to payment of the Purchase Price and the other commitments set forth in this <u>Schedule 3</u>, Buyer shall make the following Capital Expenditures to the Business from and after the Closing:
 - i. Routine Capital Commitment. Buyer agrees to make a commitment to spend no less than Six Hundred Million Dollars (\$600,000,000.00) during the 10-year period immediately following the date of Closing to fund routine Capital Expenditures of the Business (the "Routine Capital Commitment") but, in all cases, such routine Capital Expenditures must be commercially reasonable; provided, further, that in the event the full amount of such Routine Capital Commitment cannot be expended within such 10-year period due to the lack of commercially reasonable routine Capital Expenditures, such Routine Capital Commitment period shall automatically extend for an additional five-year period.
 - ii. Strategic Capital Commitment. In addition to the Routine Capital Commitment, Buyer agrees to make a commitment to spend no less than Two Billion Five Hundred Million Dollars (\$2,500,000,000.00) in Capital Expenditures following the Closing to implement (i) the strategic projects set forth in, and in a manner materially consistent with the timeline established in, NHRMC's Strategic Master Plan dated as of April 23, 2019 as further reflected in the PAG's February 20, 2020 presentation (collectively, the "Strategic Plan"), (ii) such other capital-intensive projects similar to those in the Strategic Plan as may be approved by the Board from time to time, as well as (iii) any other strategic capital projects as may be agreed upon and set forth in the Definitive Documents. In conjunction with implementing the foregoing, the Parties agree to discuss opportunities to optimize the overall capital plan taking into consideration the contribution of NHBMC.
- e. <u>Definition of Capital Expenditures</u>. "Capital Expenditures" shall be defined in the Purchase Agreement to mean expenditures made in the Business or in the Service Area that are limited to: (i) those capitalized in accordance with generally accepted accounting principles, (ii) reasonable incremental operating losses associated with ambulatory growth strategies (including, physician practices), subject to certain limits to be defined in the Purchase Agreement, (iii) reasonable costs arising from information technology, data analytics and digital strategy integration, implementation and/or improvement, (iv) reasonable expenses for right-of-use assets related to NHRMC's Strategic Master Plan, (v) reasonable expenses related to medical education in excess of those incurred by Sellers in the last full fiscal year prior to Closing, (vi) reasonable costs arising from deployment of value-based care arrangements and (vii) merger and acquisition and joint venture activity

entered into for the benefit of the Business. Notwithstanding the foregoing, Capital Expenditures: (A) shall not include routine day-to-day operating losses not associated with investment in the Business; (B) may include funding for operating losses solely to the extent such operating losses arise out of commercially reasonable working capital and operating expenses incurred in connection with implementing the capital projects described in subsections (ii)-(vi) of this Section 5 for the corresponding reasonable start-up period; and (C) shall be for the specific benefit of the Business and shall not include any allocation of corporate or system-wide capital expenses or overhead that is not incurred for the specific benefit of the Business.

f. <u>Capital Commitments</u>. For purposes of this LOI, the obligations set forth in <u>Sections 3 and 4</u> of this <u>Schedule 3</u> shall be known as the "**Capital Commitments**".

Attachment A to Schedule 3

Sample Net Working Capital Calculation

[To Be Attached]

Schedule 4(a)

Improving Access to Care and Wellness

- 1. <u>Continuation of Services</u>. For a period of not less than 10 years following the Closing, Buyer shall use commercially reasonable efforts to ensure that the Business continues to expand and enhance the scope, level and areas of services, including, but not limited to, inpatient and outpatient Hospital services, as are offered by the Hospitals and Business as of the Closing. Further, Buyer shall commit not to perform any action set forth on <u>Schedule 4(j)</u>, <u>Section 3(a)</u> at any time following the Closing without the prior written agreement of the Board. As of the Closing, Buyer shall implement a "hub-and-hub" model under which the Business shall retain primary responsibility for patient care within its Service Area and region, and Buyer shall make commercially reasonable efforts to make available specialty medical services and patient care support by consultation or otherwise in furtherance of such model.
- 2. <u>Service Line Commitments</u>. Buyer shall use commercially reasonable efforts to further develop, upgrade and expand the Business's clinical service lines, which such expansion and development shall include, but not be limited to, the development and expansion of clinical service lines to fill needs identified in the Strategic Plan and the Business's most recent provider needs assessment, upgrades to the Hospital campuses and expanding the Hospitals' tertiary and quaternary capabilities.
- 3. Investment in Pender Memorial Hospital. Unless Pender (defined below) is sooner more fully-integrated into the Business, or NHRMC and Pender County otherwise agree to another structure with respect to Pender (subject to Buyer's approval), for a period of not less than three years following the Closing, Buyer shall use commercially reasonable efforts to ensure the continued maintenance and further development of the existing arrangement with Pender Memorial Hospital ("Pender"), including, at a minimum, Buyer assumption of that certain Management Services Agreement between NHRMC and Pender ("Pender MSA") and its corresponding contractual commitments regarding an investment of resources and capital into Pender operations, which such Pender MSA shall be assumed by Buyer at Closing. Following the Closing, Pender shall continue as part of the Business consistent with NHRMC's and Pender County's commitments, unless Pender County and NHRMC agree to a fuller integration of Pender or another appropriate structure (subject to Buyer's approval).
- 4. <u>Integration with Regional Hospitals</u>. Buyer shall use commercially reasonable efforts to integrate the Hospitals into Buyer's existing network of health facilities and hospitals within the region to improve patient access to care. Buyer shall further enhance and expand the Hospitals' existing ambulatory network in accordance with the objectives and timelines identified in the Strategic Plan.
- 5. <u>Consumer-Centric Platform Implementation</u>. Within not more than 18 months following the Closing, Buyer shall deploy or otherwise provide the Hospitals and the Business access

- to Buyer's or Buyer's affiliates' suite of electronic consumer-facing tools and shall cause and facilitate the Business's implementation of such tools.
- 6. <u>Telemedicine Platform Implementation and Infrastructure</u>. Within not more than 18 months following the Closing, Buyer shall use commercially reasonable efforts to implement Buyer's or Buyer's affiliates' existing telemedicine platform at the Hospitals and the Business. Buyer shall provide ongoing support and expertise to the Hospitals relating to such telemedicine program, which shall include, without limitation, the following: (i) technology infrastructure and support; (ii) coding, billing, reimbursement expertise and support; (iii) clinical workflows and protocols; and (iv) access to clinicians, providers and legislative leadership.
- 7. Telemedicine Reimbursement Support. With respect to telehealth services, Buyer shall use commercially reasonable efforts to integrate into the Business's existing contracted payer relationships coverage for on-demand and scheduled virtual visits and office visit parity for synchronous video visits. For patients without coverage, Buyer shall support the Business's development and implementation of an out-of-pocket payment solution. Buyer shall continue to work with legislators at the state and national levels in support of telehealth coverage, including expanded broadband access in rural communities within the Service Area. Buyer shall, through its physicians and leadership team, provide education on the benefits of telehealth to payer partners and work with the Hospitals' internal standing committees to ensure revenue cycle and compliance best practices with respect to telemedicine.
- 8. Regional Headquarters Development. Within not more than 18 months following the Closing, Buyer shall, in collaboration with the Board, develop and implement a plan establishing the Hospitals as a regional headquarters in the Service Area to service the Business. Buyer further agrees to share, develop and implement at the Business best practices, existing capabilities and innovative tools and dashboards during the development and implementation of the headquarters.
- 9. <u>Price Transparency Tools</u>. Buyer shall use commercially reasonable efforts to provide to the Business and cause and facilitate the Business's implementation of, the Buyer's and Buyer's affiliates' existing price transparency tools, including, without limitation, patient cost and point of care price estimation platforms and shall further collaborate with the Hospitals to develop and implement enhanced price transparency tools based on the needs within the Service Area.
- 10. <u>Omni-Channel Consumer Experience</u>. Buyer shall use commercially reasonable efforts to implement an omni-channel digital consumer platform at the Business, which is scalable and customizable based on consumer needs and shall include, at a minimum, online provider and location directories, virtual triage services, online patient scheduling, online bill payment and secure portals for sharing of information with patients.
- 11. <u>Partnerships with Local Employers</u>. Buyer shall use commercially reasonable efforts to develop and implement corporate health and wellness programs customized to meet the

- various needs of local employers, including, but not limited to, the development and implementation of effective systematic approaches to bring employer services to market.
- 12. <u>Post-Acute Development</u>. Buyer shall use commercially reasonable efforts to create and enhance Buyer's existing partnerships in the region for post-acute care and optimize the current capabilities and practices of Pender and New Hanover Regional Medical Center Rehabilitation Hospital.
- 13. <u>Use of Purchase Price</u>. The Purchase Price shall be used by Sellers as set forth in <u>Exhibit</u> D.

Schedule 4(b)

Advancing the Value of Care

- 1. <u>Infrastructure to Enhance the Value of Care</u>. Buyer shall provide access to and shall use reasonable best efforts to integrate into the Business, shared infrastructure, value-based capabilities and corporate services, including, but not limited to, patient access solutions, care management, behavioral health and primary care integration, telepsychiatry, documentation excellence, clinical solutions and analytics.
- 2. <u>Value-Based Contracting and Access to System-Owned/Invested Health Plans</u>. Buyer shall use commercially reasonable efforts to apply Buyer's health plan and value-based contracting experience to advance NHRMC's strategy regarding value-based care options. To the extent applicable, Buyer shall use commercially reasonable efforts to provide the Business with access to health plans that are owned by Buyer or health plans in which Buyer has a material ownership interest and facilitate the Business's use of such plans.
- 3. <u>Expansion and Partnership Network Offering</u>. Buyer shall use commercially reasonable efforts to expand its partnership network offering within the Service Area.
- 4. <u>NHRMC Medicare Advantage Plan</u>. Buyer shall assume and use commercially reasonable efforts to further develop NHRMC's existing Medicare Advantage plan and continue to operate the Business in accordance with NHRMC's Medicare Advantage strategy.
- 5. <u>Inclusion in Enterprise ACO/CIN Infrastructure</u>. To the extent applicable, Buyer shall include and use commercially reasonable efforts to fully-integrate appropriate segments of the Business, including the Business's existing ACO, within Buyer's accountable care organization and clinically integrated network structures or through a new legal entity.
- 6. Patient Satisfaction Programs. Within not more than 18 months following the Closing, Buyer shall use commercially reasonable efforts to (i) provide the Business with full access to all of Buyer's and Buyer's affiliates' patient satisfaction programs and resources and (ii) upon the request of NHRMC, fully-integrate the Hospitals and Business, or applicable parts thereof, into Buyer's and Buyer's affiliates' existing patient satisfaction initiatives. Buyer shall use reasonable best efforts to position and maintain NHRMC in the top 10% nationally in patient satisfaction.

Schedule 4(c)

Promoting Health Equity

- 1. <u>Charity Care Policies</u>. Subject to changes in applicable law, Buyer shall use reasonable best efforts to expand, and in any event shall maintain, the Business's current policy on charity and indigent care and shall continue to increase and expand the scope and level of care provided to indigent and low-income patients beyond the scope and level historically provided by the Business, consistent with Buyer's policies on charity care.
- 2. <u>Prohibit the Use of Liens and Wage Garnishment</u>. Buyer shall not, with respect to any patients of the Business, engage in any extraordinary debt collection practices, including, without limitation, placing a lien on an individual's primary residence or real property, seizing of bank accounts or other personal property, bringing civil action against an individual or garnishing of wages.
- 3. Teams and Infrastructure Focused on Expanding Health Equity. Buyer shall use reasonable best efforts to fully develop and expand the Business's existing partnerships and to establish new partnerships focused on expanding health equity in the Service Area. Buyer shall use commercially reasonable efforts to collaborate with identified key stakeholders to determine optimal community benefit for local residents and to place social workers, case managers, or other care management professionals within clinics of the Business in accordance with demonstrated need for increased patient support. Buyer shall use commercially reasonable efforts to collaborate with identified key stakeholders to expand existing community outreach programs and social services partnerships in the region.
- 4. <u>Community Outreach Programs and Partnerships with Social Services Organizations.</u>
 Buyer shall expand and enhance the Business's community outreach efforts and engagement beyond historical levels and scope. Buyer shall continue to expand and enhance the Business's existing community benefit programs and partnerships, including, but not limited to those related to financial assistance and health education. The adoption, termination, or amendment of policies and procedures regarding community outreach programs, social services partnerships and other similar programs shall be subject to the approval of the Board for five years following the Closing.
- 5. <u>Anti-Discrimination and Diversity Programs</u>. Buyer shall continue and fully-fund and support, the Business's inclusion, anti-discrimination and diversity programs, or shall replace the Business's programs with Buyer's programs which shall be comparable or better in all material respects.
- 6. <u>Social Determinants of Health</u>. Buyer shall expand and enhance the Business's efforts to identify social determinants of health and the impacts thereof, in the Service Area. Buyer shall further develop and implement comprehensive strategies to address and mitigate the impacts of such social determinates of health, which shall include, but not be limited to, development and implementation of a data analytics platform and related solutions designed to facilitate the implementation, monitoring and improvement of such strategies.

Schedule 4(d)

Supporting and Maintaining Staff

- 1. <u>Employee Retention</u>. Buyer will offer employment to all employees of the Business, whether in active or leave of absence status, at their then-current salaries, job title, reporting structure and responsibilities, subject to compliance with Buyer's policies and procedures, including standard background and compliance checks. Other than with the consent of the Board, Buyer shall retain all such employees for a minimum of 24 months following the Closing, subject to Buyer's ability to terminate any such employee for cause, including, but not limited to, conviction of a felony, exclusion from participating in a federal health care program, loss of medical staff privileges (if applicable), or failure to comply with Buyer's policies and procedures.
- 2. <u>Enhance Compensation and Benefits</u>. For a minimum of three years following the Closing, Buyer shall (i) provide a comprehensive and competitive wage and benefits package that is, in the aggregate, at least comparable in all material respects to the wage and benefits package currently being provided by NHRMC to all such employees for each such employee's applicable job category, (ii) to the extent permitted under the applicable plan, recognize such employees' length of service for the purpose of benefits vesting in Buyer's benefit plans and (iii) accept assignment of, or otherwise honor the material terms of, employment, severance, or other contracts for those employees who have such agreements.
- 3. <u>Diversity Hiring Resources</u>. Buyer shall continue and further develop the Business's current policies and programs regarding diversity, inclusion and antidiscrimination. Buyer further agrees to expand the Business's efforts regarding diverse hiring, including but not limited to, access to Buyer's diversity related trainings, resources, programming and best practices.
- 4. <u>Nursing Education and Training</u>. Buyer shall at a minimum, for a period of not less than three years following the Closing, maintain all existing nursing education programs at the Hospitals and thereafter shall use commercially reasonable efforts to enhance and expand such programs. Within 18 months following the Closing, Buyer shall use reasonable best efforts to cause and facilitate the Hospitals' implementation of the Buyer's nursing education and training programs, including those through local partnerships or distance education and shall, as applicable, use its nursing education platform to enhance and expand the current training programs at the Hospitals.
- 5. <u>Nursing Staff Recruitment and Retention</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's resources and tools focused on nursing staff recruitment and retention and continuing and enhancing a shared governance approach.
- 6. <u>General Recruiting Infrastructure</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's resources and tools focused on staff recruitment and retention, including, as applicable and without limitation,

- Buyer's career development programs, predictive hiring models, talent acquisition services and recruitment staff.
- 7. <u>Leadership Recruiting Infrastructure</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's resources and tools focused on staff recruitment and retention.
- 8. <u>Leadership Education and Professional Development Programs</u>. Buyer shall ensure that all hired employees are eligible to participate in career and leadership development programs offered by Buyer and Buyer's affiliates to the same extent as any other similarly situated employees of Buyer or Buyer's affiliates.
- 9. <u>Shared Services Located in Wilmington</u>. On a timely basis and in any event within not more than three years following the Closing, Buyer shall, in collaboration with NHRMC, establish a shared services center and corporate department in the Service Area, which shall provide the Hospitals and Business with access to all of Buyer's enterprise shared services, technological capabilities, specialized knowledge and operational performance expertise.
- 10. <u>Tuition Reimbursement Expansion</u>. Buyer shall, for a three-year period, continue and enhance NHRMC's existing tuition reimbursement programs and thereafter shall, to the extent they offer advantages above and beyond NHRMC's current programs, extend Buyer's existing tuition reimbursement programs to any eligible employees of the Hospitals. Buyer shall not restrict or otherwise limit the ability of any active employee or medical staff member to participate in state and federal tuition forgiveness programs. To the extent practicable, Buyer shall reasonably support the efforts by employees or medical staff members to participate in such tuition reimbursement programs.
- 11. <u>Retention Programs</u>. Within not more than 12 months following the Closing, Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's existing recruitment, retention, career development, health and wellness and leadership training programs and shall make all such programs available to all employees of the Business.

Schedule 4(e)

Partnering with Providers

- 1. <u>Medical Group Management</u>. Buyer shall provide comprehensive administrative and management services for the medical groups and practices associated with the Business. Buyer shall use commercially reasonable efforts to provide such services with minimal disruption to such medical groups and practices. The Parties agree to negotiate and enter into an appropriate written agreement(s) with a third-party for such management and support services to the extent required, including, but not limited to, as necessary to transition existing medical group management services from a third-party to Buyer.
- 2. <u>APP Recruiting and Care Model Development</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's APP recruitment and retention resources, including, but not limited to, APP recruitment and retention programs and the deployment of team-based care practices emphasizing practice at the top of license for all APPs.
- 3. Provider Needs Assessment. Upon Closing, Buyer shall cause and facilitate the Business's adoption and implementation of Buyer's recruitment infrastructure in order to recruit physicians to fill positions identified in NHRMC's most recent provider needs assessment. Within not more than three years following the Closing, Buyer shall use commercially reasonable efforts to ensure the recruitment of physicians to fill at least 75% percent of the positions identified in NHRMC's most recent provider needs assessment.
- 4. Graduate Medical Education. From and after the Closing, Buyer shall (i) assume and maintain an academic affiliation with the University of North Carolina School of Medicine on behalf of the Hospitals pursuant to and consistent with that Term Sheet for Proposed Academic and Clinical Affiliation for the New Hanover Region between Novant Health, UNC Health, and UNC School of Medicine, dated June 23, 2020; (ii) continue to operate a Graduate Medical Education program ("GME Program") at the Hospitals, which GME Program shall be, at a minimum, commensurate in quality, size and scope with the Hospitals' current GME Program; and (iii) expand or otherwise make additions to the GME Program, as reasonably requested by NHRMC. Buyer shall further develop, implement and expand a comprehensive medical resident and fellow recruitment program, including, but not limited to, the establishment of appropriate fellowship programs at the Hospitals.
- 5. <u>APP Graduate Medical Education Expansion</u>. Buyer shall develop, implement and expand upon the Hospitals' existing APP graduate medical education program in accordance with the needs identified by NHRMC regarding the same.
- 6. <u>Virtual Health Staff Augmentation</u>. Within not more than 12 months following the Closing, Buyer shall provide and facilitate access to the Business Buyer's specialty physicians for electronic consultation on an as-needed basis and in accordance with applicable Business policies and procedures.

- 7. <u>Process Improvements.</u> Buyer shall cause and facilitate the Business's adoption and implementation of Buyer's process improvement policies, procedures and initiatives, including, but not limited to, by implementation of electronic health record system enhancements, clinical workflow management, clinician availability and room utilization and other clinical and administrative tools that operationalize new growth and drive quality.
- 8. Medical Staff. To ensure continuity of care in the Service Area, Buyer shall ensure that the Hospitals' medical staffs will be substantially unchanged as a result of the Proposed Transaction, subject to Buyer policies and procedures. The medical staff of the Hospitals shall remain an open medical staff and the Proposed Transaction shall not affect or materially change the medical staff privileges held by members of the medical staffs of the Hospitals as of the Closing; the medical staff bylaws, rules and regulations, or credentialing procedures of the Hospitals as of the Closing; or any agreements with members of the medical staffs, so long as all such relationships are in compliance with applicable state and federal laws.
- 9. <u>Provider Leadership Development Programs</u>. Buyer shall use commercially reasonable efforts to provide all eligible employees and medical staff members of the Hospitals with access to its provider and executive leadership development programs and shall facilitate such providers' utilization of such programs.
- Maintenance of Provider Arrangements. Buyer shall, subject to compliance with 10. applicable state and federal law and Buyer's compliance standards,: (i) assume all employment agreements for Sellers' directly-employed physicians and mid-level providers per existing terms and cause each such agreement to remain in place for a period of not less than three years following Closing and (ii) enter into new agreements, with initial terms of not less than three years, with those providers engaged by the Hospitals through agreements with third-parties on terms substantially similar to those terms included such providers' agreements with such third-parties. Further, Buyer shall not propose any material amendment to any such practitioner agreement, except for such amendments as are necessary to comply with applicable law or as are otherwise agreed to in writing by the applicable practitioner. Subject to compliance with applicable state and federal law and Buyer's compliance standards, Buyer shall, to the extent agreed to by the applicable thirdparty, assume, maintain, and enhance, all existing arrangements between the Hospitals and community providers, including (A) contracts with independent providers, for a period of not less than three years, and (B) joint venture arrangements for so long as such joint venture arrangements reasonably remain a net benefit to the Business.
- 11. Extension of ACO/CIN Participation to Independent Providers. Within not more than 12 months following the Closing and subject to reasonable due diligence, Buyer shall use commercially reasonable efforts to extend and facilitate, as applicable, the opportunity to participate in Buyer's accountable care organization or clinically integrated network to all independent providers who maintain an active arrangement with the Hospitals.
- 12. <u>Support Infrastructure for Independent Providers</u>. Subject to compliance with applicable state and federal law and Buyer's compliance standards, Buyer shall use commercially Schedule 4(e)-2

reasonable efforts to cause and facilitate the Business's adoption and implementation of the Buyer's physician alignment models, including by making available to community providers in the Service Area opportunities for shared investments and co-management arrangements.

13. <u>EMR Support to Independent Providers</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's electronic health record support services and connectivity capabilities, including but not limited to electronic health records connectivity, referral management connectivity, technical consulting and analytics to independent community providers in the Service Area.

Schedule 4(f)

Driving Quality Care Throughout the Continuum

- 1. <u>Accreditation</u>. Buyer shall cause the Hospitals to continue to be accredited by DNV GL Healthcare following the Closing.
- 2. <u>Care Coordination and Management</u>. From and after the Closing, Buyer shall use commercially reasonable efforts to deploy, cause and facilitate the Business's implementation of Buyer's care management coordination programs, capabilities and resources in accordance with a mutually agreed-upon work plan between the Parties.
- 3. <u>Clinical Transformation Guidelines and Programs</u>. Buyer shall, in coordination with the Board, use commercially reasonable efforts to assume and further develop and expand any existing quality improvement initiatives and best practices identified for continuation by NHRMC. Buyer shall, in addition to the foregoing, cause and facilitate the Business's adoption and implementation of the following: (i) Buyer's clinical transformation guidelines, including, but not limited to, preventive guidelines, evidence-based protocols and safety initiatives; (ii) Buyer's quality improvement infrastructure and resources, including, but not limited to, care redesign teams and quality analytics and scorecard; and (iii) other identified quality initiatives.
- 4. <u>Access to Emerging Technologies</u>. Buyer shall cause and facilitate the Business's adoption and implementation of available emerging technologies regarding the quality and safety of care.
- Quality Metrics. Buyer shall use reasonable best efforts to cause the Hospitals to satisfy appropriate quality metrics, consistent with Buyer's system-wide quality and safety metrics, which shall include, but not be limited to, measures relating to patient safety, clinical effectiveness, patient-centeredness, timeliness, efficiency and equity as may be implemented in consultation with the Board from time to time. The Parties agree to discuss and memorialize in the Purchase Agreement approval for implementation of Buyer's system-wide quality and safety metrics to the extent such metrics materially differ from those currently in place at the Hospitals. Buyer further shall adopt and implement appropriate protocols for measuring and monitoring such measures and shall further implement appropriate technology infrastructure to facilitate such measurement and monitoring, which shall include providing a quality connection to its electronic medical records system to the Business and independent community physicians in the Service Area. Buyer shall use reasonable best efforts to position and maintain the Business in the top 10% nationally with respect to each such quality metric implemented for the Business.

Schedule 4(g)

Growing the Level and Scope of Care

- 1. Access to Advanced Specialty Care and Transfer Infrastructure. Buyer shall use commercially reasonable efforts to facilitate the Business's access to and adoption and implementation of, appropriate resources and infrastructure, including, but not limited to, a fully-staffed call center, to facilitate the transfer of patients among providers and to coordinate expedited transfers. Buyer shall ensure such resources and infrastructure are available to the Business consistent with Buyer's current operating hours.
- 2. <u>Innovating Care Solutions and Technologies</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of any existing and emerging innovative care solutions and technologies, subject to further definition in the Definitive Documents and shall further facilitate the Business's adoption and implementation of Buyer's current innovation infrastructure.
- 3. <u>Clinical Research Capabilities</u>. Except as otherwise set forth in the Definitive Documents, Buyer shall use commercially reasonable efforts to further develop and expand the Business's current clinical research capabilities and shall continue and further develop any existing clinical research efforts of the Business. In addition to the foregoing, Buyer shall facilitate the Business's access to and utilization of, Buyer's expertise, resources and infrastructure related to clinical trials and research. Buyer shall use commercially reasonable efforts to educate and inform providers within the Service Area of clinical trials in which Buyer is participating and, to the extent permitted by law, shall make available such clinical trials to patients of the Business. As appropriate, Buyer shall use commercially reasonable efforts to provide the Business the opportunity to participate as a clinical trial site in ongoing clinical trials to facilitate local access to treatments.
- 4. <u>Grant Funding Capabilities</u>. Buyer shall use commercially reasonable efforts to cause and facilitate the Business's adoption and implementation of Buyer's clinical research and grant-funding capabilities, including, without limitation, pre-award and post-award support for local investigators.

Schedule 4(h)

Investing to Ensure Long-Term Financial Security

- 1. <u>Scalable Shared Services</u>. Buyer shall cause and facilitate the Business's adoption and implementation of certain corporate services and economies of scale, to be further defined in the Definitive Documents, but to include, at a minimum, supply chain and access to group purchasing organizations.
- 2. <u>Treatment of GME Expenses</u>. For a period of no less than five years following the Closing, Buyer agrees that it shall not allocate to the Business any overhead expenses related to the maintenance and operation of Buyer's graduate or undergraduate medical education programs outside the Service Area, including any programs maintained through Buyer's partnership with an accredited medical school.

Schedule 4(i)

Strategic Positioning

- 1. <u>Integrated Health System</u>. Upon Closing and except as otherwise provided in the Definitive Documents, Buyer shall use commercially reasonable efforts to fully integrate the Business into Buyer's existing integrated health care system.
- 2. <u>Partnership with Regional Hospitals</u>. In furtherance of supporting the availability of quality care in the region and to position the Hospitals as a regional referral center, Buyer shall use commercially reasonable efforts to cause the Hospitals to develop and enter into appropriate and desirable clinical affiliations, partnerships and arrangements with unaffiliated hospitals, health systems and other facilities and providers in the region.
- 3. <u>Brand Enhancement</u>. Buyer shall not alter, modify or otherwise change the branding associated with the Hospitals or the Business without the prior consent and approval of the Board, except that Sellers acknowledge and anticipate that over time the Parties will brand the Business consistent with Buyer's current brand. Buyer shall work in collaboration with NHRMC to align branding strategies and marketing initiatives.

Schedule 4(j)

Governance

- 1. <u>Local Governance</u>. From and after Closing, the Business shall be governed by a local community-based, board of trustees (the "Board"). The Board shall be comprised of 15 trustees. No fewer than 12 trustees appointed to such Board shall be community residents of the Service Area. Of those 12, no fewer than three members of the Board shall be physicians with active privileges on the Hospital's medical staff. The initial members of the Board shall be set forth in the Definitive Documents. All Board members shall be subject to satisfaction of applicable governance best practices, core competencies, and diversity considerations and ratification (not to be unreasonably withheld) by the Buyer's Board of Trustees ("Novant Board"). Subject to the foregoing sentence, the Board shall retain sole power and authority to nominate and appoint all subsequent trustees to the Board. The Parties agree to amend or modify the governing documents of the Business, including, but not limited to the articles of incorporation and bylaws, as necessary to effectuate the covenants contained in this Section.
- 2. <u>Appointment of Trustees to Buyer's Governing Board</u>. Within not more than 90 days after Closing, the Board shall nominate and Buyer shall appoint, subject to approval by the Buyer's governing board, two of the Board's then-current trustees to serve as trustees on Buyer's parent governing board. Buyer agrees to amend or modify its governing documents, including, but not limited to its articles of incorporation and bylaws, as necessary to effectuate the covenants contained in this Section.
- 3. <u>Appointment of Physician to Novant Health System Physician Leadership Council</u>. Within not more than 90 days after the Closing, the Board shall nominate and Buyer shall appoint, one of the Board's then-current physician members to serve on the Novant Health system physician leadership council or other similar system-level physician leadership body. Buyer agrees to amend or modify the governing documents and charter of such council as necessary to effectuate the covenants contained in this Section.
- 4. <u>Board Powers</u>. Subject to the terms and conditions of the Definitive Documents, following the Closing, the Board shall retain certain rights and powers associated with the Business ("**Reserved Powers**") to include, at a minimum, the following:
 - (a) Approval of the elimination of core clinical service lines, which will be agreed upon in the Definitive Documents, and development and recommendation of (i) elimination of non-core clinical service lines, (ii) establishment of new clinical service lines or (iii) expansion of existing clinical service lines;
 - (b) Development and recommendation of major operational plans;
 - (c) Approval of the Business's initial CEO immediately following the Closing, as well as (i) ongoing participation in the evaluation, as well as recommending employment and termination, of the CEO, and (ii) participation in the evaluation of candidates

- and making recommendations for any CEO appointment subsequent to the initial CEO immediately following the Closing;
- (d) Oversight and recommendation of management accountability, evaluation, and succession;
- (e) Approval of any material workforce reduction that would qualify as a "plant closing" as defined in 29 U.S.C. § 2101;
- (f) Development and approval of annual operating and capital budgets, which budgets shall also be subject to the ratification and approval of Buyer;
- (g) Oversight and approval of medical staff matters, including credentialing, adverse actions, and adoption and amendment of medical staff bylaws and policies;
- (h) Development and recommendation of policies for physician compensation;
- (i) Development and recommendation of physician organization strategies, development, and recruitment;
- (j) Oversight of political and community interaction;
- (k) Selection and engagement of hospital-based physicians;
- (l) Approval and development of the Strategic Plan or any other strategic or development plans of the Business, including approval of any modifications thereto;
- (m) Approving modifications to the Business's charity care and indigent care programs in consultation with Buyer;
- (n) Approving the termination or amendment (other than with respect to extension of the term) of the Pender MSA or any successor agreement thereto;
- (o) Approving the adoption, termination, or amendment of policies or procedures regarding community outreach programs, social services partnerships, and other similar programs in consultation with Buyer;
- (p) Oversight and approval of quality and accreditation matters in consultation with Buyer;
- (q) Approving any direct or indirect sale, transfer, or conveyance of all, or substantially all, of the assets then associated with, or the control of, the Business to a for-profit system or, for a 10-year period after Closing, to a buyer other than a for-profit system; <u>provided</u>, <u>however</u>, that approval of the Board shall not be required for any system-level change of control of Buyer;

- (r) Approving any modifications to any post-Closing commitments set forth in the Definitive Documents;
- (s) Approving any alterations or modifications to the branding associated with the Business or any component thereof in consultation with Buyer; and
- (t) Oversight of the Business's compliance program.
- 2. <u>County Right of First Refusal</u>. Following Closing, in the event Buyer at any time receives a bona fide offer to sell, transfer or assign all or substantially all of the assets or the control of the Business to a third-party purchaser, and wishes to effect such a sale or transfer, the County shall have a right of first refusal to purchase such assets or controlling interest of the Business, including the Purchased Assets and any improvements or additions made by Buyer thereto, upon the same terms and conditions as are offered by the third-party purchaser, subject to any additional terms set forth in the Definitive Documents regarding the same. For the avoidance of doubt, the foregoing shall not apply to any potential transaction involving a system-level change in control of Buyer.

Schedule 4(k)

Statutory Requirements

A municipality or hospital authority as defined in G.S. 131E-16(14), may lease, sell, or convey any hospital facility, or part, to a corporation, foreign or domestic, authorized to do business in North Carolina, subject to these conditions, which shall be included in the lease, agreement of sale, or agreement of conveyance:

- 1. The corporation shall continue to provide the same or similar clinical hospital services to its patients in medical-surgery, obstetrics, pediatrics, outpatient and emergency treatment, including emergency services for the indigent, that the hospital facility provided prior to the lease, sale, or conveyance. These services may be terminated only as prescribed by Certificate of Need Law prescribed in Article 9 of Chapter 131E of the General Statutes, or, if Certificate of Need Law is inapplicable, by review procedure designed to guarantee public participation pursuant to rules adopted by the Secretary of the Department of Health and Human Services.
- 2. The corporation shall ensure that indigent care is available to the population of the municipality or area served by the hospital authority at levels related to need, as previously demonstrated and determined mutually by the municipality or hospital authority and the corporation.
- 3. The corporation shall not enact financial admission policies that have the effect of denying essential medical services or treatment solely because of a patient's immediate inability to pay for the services or treatment.
- 4. The corporation shall ensure that admission to and services of the facility are available to beneficiaries of governmental reimbursement programs (Medicaid/Medicare) without discrimination or preference because they are beneficiaries of those programs.
- 5. The corporation shall prepare an annual report that shows compliance with the requirements of the lease, sale, or conveyance. The corporation shall further agree that if it fails to substantially comply with these conditions, or if it fails to operate the facility as a community general hospital open to the general public and free of discrimination based on race, creed, color, sex, or national origin unless relieved of this responsibility by operation of law, or if the corporation dissolves without a successor corporation to carry out the terms and conditions of the lease, agreement of sale, or agreement of conveyance, all ownership or other rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital; provided that any building, land, or equipment associated with the hospital facility that the corporation has constructed or acquired since the sale may revert only upon payment to the corporation of a sum equal to the cost less depreciation of the building, land, or equipment.

This section shall not apply to leases, sales, or conveyances of nonmedical services or commercial

activities, including the gift shop, cafeteria, the flower shop, or to surplus hospital property that is not required in the delivery of necessary hospital services at the time of the lease, sale, or conveyance.

BYLAWS

<u>OF</u>

NEW HANOVER REGIONAL MEDICAL CENTER FOUNDATION, INC.

ARTICLE I - NAME

The name of this corporation is New Hanover Regional Medical Center Foundation, Inc.

ARTICLE II - OFFICE

The principal office and place of business of said corporation shall be located at 2259 South 17th Street, Wilmington, North Carolina. The corporation may relocate the location of its principal office at such other places within New Hanover County, North Carolina, as the Board of Directors may from time to time determine.

ARTICLE III - PURPOSES

The objects and purposes for which the corporation is organized are as follows:

As a preliminary step, we have consulted our tax advisors and they have offered that we consider adding language to these documents to broaden the definition of entities that the Foundation can support. Appropriate terminology may include "affiliated hospitals, as well as their subsidiaries, affiliates, or equity partners within NHRMC's ownership structure".

(a) To operate exclusively for the benefit of, to perform the functions of, or to carry out the purposes of New Hanover Regional Medical Center (hereinafter referred to as "the supported organization") and its component units within New Hanover Regional Medical Center's obligated unit, provided that New Hanover Regional Medical Center shall be an exempt organization under the provisions of §501(c) (3) and 170(c) (2) of the Internal Revenue Code of 1986 ("the Code") or the corresponding provisions of any future United States Internal Revenue

law, and provided further that New Hanover Regional Medical Center shall be a publicly supported organization as described in §509(a) (1) of the Code, or the corresponding provisions of any future United States Internal Revenue law. Notwithstanding anything to the contrary hereinbefore set forth, the purposes of this corporation shall be expressly limited to one or more of the purposes set forth in §509(a) (3) (A) of the Code, or the corresponding provisions of any future United States Internal Revenue law.

(b) No part of the net earnings of the corporation shall inure to the benefit of, or be distributed to its Directors, officers, or any other private person, except that the corporation shall be authorized and empowered to pay reasonable compensation for services rendered and to make payments and distributions in furtherance of the purposes set forth in Paragraph 5 of these Articles. No substantial part of the activities of the corporation shall be devoted to the carrying on of propaganda, or otherwise attempting to influence legislation, and the corporation shall not participate in, or intervene in (including the publishing or distribution of statements) any political campaign on behalf of any candidate for public office. Notwithstanding any other provisions of these Articles to the contrary, the corporation shall not carry on any activities which are prohibited for: (a) a corporation exempt from federal income tax under §501(c) (3) of the Code (or the corresponding provisions of any future United States Internal Revenue law); (b) a corporation, contributions to which are deductible under §170(c) (2) of the Code (or the corresponding provisions of any future United States Internal Revenue law); or (c) a corporation complying with the requirements of §509(a) (3) (A) of the Code (or the corresponding provisions of any future United \$tate Internal Revenue law).

ARTICLE IV - BOARD OF DIRECTORS

Section 1. General Powers. The business and affairs of the corporation shall be managed by its Board of Directors, which shall have responsibility for the control and management of the property, funds, and operations. Its Board of Directors shall have responsibility for the control and management of the property, funds, and operations of the corporation and shall manage the business affairs of the corporation. The Board of Directors shall have full power and authority to do and to perform any and all acts and functions, consistent with the laws governing the operations of the corporation and the Article of Incorporation of the corporation, which are necessary and appropriate for the operation of the corporation.

Section 2. Number. The number of Directors constituting the Board of Directors shall be at least three (3) and no more than twenty-four (24). The initial Board of Directors shall consist of five (5) members. Up to four of the Board of Directors of the corporation may be members of the Board of Trustees of New Hanover Regional Medical Center. The President of New Hanover Regional Medical Center Regional Medical Center Auxiliary and the Chief of Staff-Elect, shall be members of the Board of Directors of the corporation, and they shall serve as Directors so long as they hold their respective offices.

Section 3. Term. Except as herein otherwise provided, the term of office of each Director appointed to the Board of Directors shall be three (3) years. The three initial Directors, other than the President of New Hanover Regional Medical Center and the Chief of Staff-Elect shall be appointed to serve initial terms of one year, two years, and three years, respectively in order to establish an annual rotation procedure for each class of Directors. Except as herein otherwise provided, a Director's term of office shall commence at the beginning of the fiscal year of the Corporation in the year of the appointment of said Director, and shall continue until

the at the conclusion of the meeting of the fiscal year of the Director's term, or if his successor has not then been appointed, until such time as the Director's successor is appointed. Except for the President of New Hanover Regional Medical Center and the Chief of Staff-Elect from the Medical Staff of New Hanover Regional Medical Center, a Director shall be eligible for reappointment for two additional three-year terms. Appointments to fill vacancies on the Board of Directors by reason of death, resignation, incapacity, or other cause, shall be for the unexpired term of the office so vacated.

Section 4. Appointment and Reappointment Procedure. All members of the Board of Directors of the corporation shall be appointed by the Board of Trustees of New Hanover Regional Medical Center. At least thirty (30) days before the last meeting of the fiscal year of the corporation, the Chairman of the Board of Trustees of New Hanover Regional Medical Center shall notify the Board of Directors of the corporation of the number of Trustees of New Hanover Regional Medical Center who will be appointed to the new class of Directors. At least thirty (30) days before the annual meeting of the corporation, the Board of Directors of the corporation shall submit to the Board of Trustees of New Hanover Regional Medical Center a list of candidates for appointment as Directors to fill the remaining positions on the new class of directors. The Chairman of the Board of Directors of the corporation may submit more than one name for each of the remaining positions, and the Board of Trustees of New Hanover Regional Medical Center shall appoint Directors to fill the remaining positions in the new class from the list submitted by the Board of Directors of the corporation. The Board of Trustees of New Hanover Regional Medical Center may request that the Board of Directors of the corporation submit additional names for consideration.

If the terms of a member of the Board of Directors of the corporation is prematurely terminated by reason of death, resignation, incapacity, or any other cause, then, in such event, the unexpired term of any Director who was a Trustee of New Hanover Regional Medical Center shall be filled by appointment of another Trustee of New Hanover Regional Medical Center by the Board of Trustees of New Hanover Regional Medical Center, and the unexpired term of any Director who was not a Trustee of New Hanover Regional Medical Center shall be filled by appointment by the Board of Trustees of New Hanover Regional Medical Center from a list of names submitted by the Board of Directors of the corporation.

Section 5. Expansion - Classes. The Board of Directors of the corporation may increase or decrease the size of the Board of Directors; may divide the Board into additional classes; and may increase or decrease the length of the term of office of Directors; provided, however, any such action by the Board of Directors of the corporation must be reviewed and approved by the Board of Trustees of New Hanover Regional Medical Center before such action shall become effective.

Section 6. Removal. Upon recommendation of the Board of Directors, the Board of Trustees of New Hanover Regional Medical Center may remove from office any Director who, because of mental or physical incapacity, is unable to fulfill the duties of a Director, or who is absent for more than fifty percent (50%) of the meetings of the Board of Directors during any fiscal year of the corporation, or who is guilty of gross misconduct in connection with his duties as a Director.

Section 7. <u>Honorary Directors</u>. The Board of Trustees of New Hanover Regional Medical Center, upon recommendation of the Board of Directors of the Corporation or upon its

own motion, may appoint honorary members of the Board of Directors of the Corporation who will serve without voting rights and who shall not be eligible to hold office.

ARTICLE V - MEETINGS

Section 1. <u>Regular Meetings</u>. The Board of Directors shall hold at least four (4) meetings per year. One such meeting shall be the annual meeting of the corporation.

Section 2. <u>Special Meetings</u>. Special meetings may be called at anytime by the Chairman, or in his absence, by the Vice Chairman, or at the request of any two Directors. Notice of special meetings of the Board, setting forth the purpose of this meeting, shall be sent to each member so as to be received as least 48 hours before such meeting.

Section 3. Quorum. A quorum shall consist of a majority of the Directors. The act of a majority of Directors present at a meeting at which a quorum is present shall be the act of the Board of Directors. Once a quorum is present at the meetings of all Directors, the subsequent withdrawal from the meeting of any Director prior to adjournment or the refusal of any Director to vote shall not affect the presence of a quorum at the meeting.

Section 4. Rules. The Board of Directors may adopt rules governing the conduct of its meetings, not inconsistent with these bylaws, and such rules of conduct may be amended or modified by the Board of Directors at any meeting without advance notice. In the absence of the adoption of such rules, the current edition of Robert's Rules of Order, Newly Revised, will govern the conduct of the meetings of the Board in those instances where the bylaws provide no guidance.

ARTICLE VI - OFFICERS

Section 1. General. At the last annual meeting of the fiscal year of the corporation, the Board of Directors shall elect a Chair and a Vice Chair, a Secretary, a Treasurer, and such other officers as the Board may from time to time deem advisable. Each officer shall hold office until his successor shall have been duly elected and qualified, or until his death, resignation, or removal in the manner herein provided, whichever occurs first.

Section 2. <u>Duties</u>. The Chairman of the Board shall preside at all meetings of the Board of Directors. Subject to the foregoing, the officers of the corporation shall have such powers and duties as usually pertain to their respective offices and such additional powers and duties specifically conferred by law, by the Articles of Incorporation, by these bylaws, or as may be assigned to them from time to time by the Board of Directors.

Section 3. <u>Removal</u>. Any officer may be removed from office at anytime, with or without cause, on the affirmative vote of a majority of the Board of Directors whenever, in its judgment, the best interests of the corporation will be served thereby.

Section 4. <u>Vacancies</u>. Vacancies in office, however occasioned, may be filled at anytime by election by the Board of Directors for the unexpired term of such offices.

Section 5. <u>Appointment of Officers</u>: The Nominating Committee shall be responsible for submitting a slate of officers for the Board's annual approval.

ARTICLE VII - COMMITTEES

Section 1. <u>General</u>. The Board of Directors may, by resolution passed by a majority of the Board of Directors, establish such committees, both standing and special, as the Board shall from time to time determine. Committees may have such functions and may exercise such power as the Board of Directors shall from time to time determine.

Section 2. Appointment. The Chairman of the Board shall make all appointments to committees and shall appoint all committee chairmen. The Chairman of the Board may, with or without cause, revoke any such appointments at anytime and make new appointments. Unless sooner terminated as herein provided, the terms of appointment of committee members and of committee chairmen shall be from the date of appointment until the next annual meeting of the Board of Directors.

Section 3. Meetings. The committee chairman will call the committee meetings as frequently as necessary to conduct the business of and to carry out the responsibilities of the committees. Committees shall report to the Board of Directors concerning the committees' actions and activities. Committee meetings may be called by the Chairman of the Board; the Chairman of the Committee; the Co-Chairman of the Committee, if any, or at the request of any two members of the committee.

Section 4. Quorum. At all meetings of the committees of the Board, a majority of members of the committee shall constitute a quorum for the transaction of business. Refer to Article V, Meeting, Section 3, Quorum for reference.

ARTICLE VIII - ADMINISTRATION

The Board of Directors may, in its discretion, select and employ competent, experienced persons to administer the operation of the corporation and to carry out the directives and policies of the Board of Directors.

ARTICLE IX - BOOKS, RECORDS AND REPORTS

The corporation shall keep correct and complete minutes of the proceedings of its Board of Directors and committees, and shall keep correct and complete books and records of accounts.

ARTICLE XI -INDEMNIFICATION OF OFFICERS, DIRECTORS AND EMPLOYEES

Every Director, officer, employee or agent of the corporation, past, present or future, shall be entitled to indemnification by the corporation, to the fullest extent permitted by the law of North Carolina for all reasonable expenses, including attorney's fees, and for any liability that he may incur for reason by being a party, or being threatened to be made a party, to any threatened, pending or completed action, suit or proceedings, whether civil, criminal, administrative or investigative, arising out of the fact that he is or was serving as a Director, officer, employee or agent of the corporation.

ARTICLE X -GENERAL POLICY

Foundation commitments of unrestricted gifts will in all cases be for projects designated as having high priority by the New Hanover Regional Medical Center's Strategic Plan.

ARTICLE XII-CONFLICT OF INTEREST

Every Director shall sign a Conflict of Interest Disclosure Statement annually which complies with the Corporations policy.

ARTICLE XIII - AMENDMENTS TO BYLAWS AND TO ARTICLES OF INCORPORATION

These bylaws and the Articles of Incorporation of the corporation may be altered, amended or repealed and new bylaws and Articles of Incorporation may be adopted by, the Board of Directors at any meeting, subject to final approval by the Board of Trustees of New Hanover Regional Medical Center. Written notice of such meeting, containing a statement outlining the substance of any proposed amendment to the bylaws, or to the Articles of Incorporation of the corporation, shall be sent to each member of the Board of Directors so as to be received at least five (5) days prior to

the meeting wherein the proposed amendment will be considered. The bylaws and the Articles of Incorporation of the corporation may also be amended without advance notice if the amendment is approved by all of the Directors then in office. Any proposed alteration, amendment, repeal, or other action concerning these bylaws, or the Articles of Incorporation of the corporation, shall be a recommendation to the Board of Trustees of New Hanover Regional Medical Center, and such recommendation shall not become final or effective unless and until it is approved by the Board of Trustees of New Hanover Regional Medical Center.

Revised Bylaws July 2016
